

Partners in Education

The Calvert County Public School System is committed to meeting the educational needs of all students and preparing them to meet the challenges of the future. Developing strong partnerships among families, businesses, and community groups will help us accomplish our goals. We need your help!

Partnerships Impact student success:

- Improved attendance rates, academic performance, test scores, or drop-out rates
- Improved student conduct or enthusiasm for learning
- Improved student ability to perform tasks required to attain employment
- Students pursuing or furthering education outside of school
- Parent and teacher feedback that the business involvement is making a difference

How can your business help students succeed?

- Provide incentives for students who have improved in performance, attendance, academics, behavior, attitude, citizenship, etc.
- Provide seminars for students, parents, and staff
- Provide tours of the worksite
- Assist with school fundraising activities
- Participate in school events
- Provide recognition for teachers
- Sponsor contests in art, writing, math, reading, etc.
- Offer services unique to your organization
- Sponsor scholarships
- Sponsor special programs or school clubs
- Provide release time for employees to tutor, mentor, motivate, or read to students
- Provide part-time employment for students
- Provide “career shadowing” opportunities for students.
- Donate used equipment or surplus materials
- Serve as judges for various school events
- Sponsor field trips
- Assist with school publications
- Provide display space for student artwork
- Serve as guest speakers on career awareness topics or special interests
- Recognize students who enroll in honors or advanced placement classes
- Provide educational or curriculum support materials
