Staff

Dr. Olson and Mrs. O'Connell reported on the Preliminary Parent/Staff Survey Results. The purpose of the survey was to gather feedback from parents and staff on their first seven weeks of school. The survey focused on information gathering regarding people's expectations, rather than a gauge on satisfaction. It also sought to understand areas where we could improve over hybrid model and practices. The survey topics included:

- Synchronous Learning
- Social-Emotional Well-Being
- Technology
- Communication
- Professional Development
- Safety
- Areas for Improvement

There were 782 responses (60%) from the parents. Parent key takeaways include:

- This school year has been in line with their expectations or better
- Their child's social-emotional well-being is in line with their expectations, and less than 15% of parents indicated a high level of stress related to remote learning.

There were 115 responses (80%) from the teachers. Key teacher takeaways include:

- A reasonable level of comfort with synchronous instruction
- Three-quarters of the teachers indicated the amount of planning time required for synchronous instruction is overwhelming and contributed to high stress levels.
- The teachers also feel well supported, but ongoing support by parents and administration will continue to be needed throughout the year.
- The teachers also have concerns about safety as positivity rates increase.

There were 43 responses (52%) from the support staff. Key support staff takeaways include:

- They feel comfortable supporting synchronous instruction and feel supported by the administration.
- They feel their stress level is manageable and like teachers, have concerns about their safety.

The Administration is submitting a waiver to add four WFS (Full Day School Improvement) days for staff. They will continue to evaluate the data, review the comments, identify sub-themes and determine possible action plans moving forward.

Dr. Kroeze provided the Board of Education with an update on the Cook County, Northfield Township, and surrounding area COVID-19 metrics. Dr. Kroeze reported that the mitigation measures in District 27 schools continue to work well. Although statewide cases continue to increase, Northfield Township is not yet in a moderate or substantial level of transmission. Dr. Kroeze advised he will continue to monitor the metrics in conjunction with surrounding superintendents and the Cook County Department of Public Health.

Consent Agenda

None

Unfinished Business

None

New Business

Second Read of the 2021-2022 School Calendar

Dr. Kroeze stated that the Administration met with the Faculty Association regarding the calendar. The parent/teacher conferences have been moved down a week to October 20th and 21st. October 11th will remain on the calendar as a holiday as it is a federal holiday.
