At this point, you will be asked to enter your 14-digit library barcode to gain access.

Additionally, you can also access Films on Demand through BiblioCommons, our online catalog. This example features a *keyword* search for “ken burns.”

Make sure to “Filter your results by... Fisher College Library” and to select “Streaming Video” under “Movies & TV” on the left-hand side of the screen.

The streaming collection is available both on campus and remotely with your library barcode number. When you decide on a film, select the link that reads, “Fisher College students and faculty only. Click here for streaming video,” and you will connect directly to Films on Demand.

After selecting a title and entering your library barcode, you will be able to watch the program in its entirety or view segments from the film. Many of the films include closed captioning and the ability to generate a citation.
