

# Reception Term 3 - Overview

## Writing

We will be focussing mostly on Super-tato throughout this term. In their writing the children will be using and applying our ever growing sound knowledge. The children will be writing short captions based around specific characters and start to include some descriptive language. The children will also be putting themselves in the shoes of different characters and create speech bubbles to recreate roles from the stories.

## Understanding of the World—Technology

This term the children will be taught how to use purple mash effectively. They will enjoy creating algorithms to direct and create instructions on 2go and they will create their own super veggies or super fruit on 2paint.

## Understanding of the World

We will be exploring different vegetables and fruit in our topic this term. The Supertato story is set in the supermarket, we will be discussing how fruit and vegetables are grown, and which ones are our favourite and why. We will also be exploring the properties of ice and carrying out our own experiments. Children will make predictions about which materials would be best to melt the ice the quickest.

## Reading

The children will continue to learn new sounds within phonics. Children will be using and applying their sound knowledge when decoding words and short sentences.

Children will also be encouraged to recognise some common words by sight. Children will be discussing events from the book and talking about what has happened, what might happen next and think more in depth about the characters and their actions.

## Superheroes and Villains.

## Physical Development

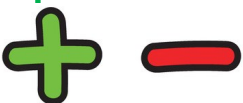

This term the children will be exploring a range of different movements to develop their Superhero physical skills!

The children will also be developing their team work skills to find ways to support others and work together to achieve a de-

## Maths

The children will be consolidating their number skills this term and will continue to work up to 20. Children will have a main focus on addition and subtraction this term where they will be able to use and apply their number skills. Alongside this, the children will begin to look more into length. The children will be helping Super-tato to measure a range of different things to help him solve crimes in the Supermarket.

## Personal, Social and Emotional Development

Children will be developing their independence by showing more responsibility within their classroom by undertaking a range tasks. Children will be developing their friendships by showing a better understanding of using questioning to further their knowledge of other peoples likes and interests. Children will also focus on adapting to changes in routine and understanding why these changes might occur.

## Expressive Arts and Design

This term the children will be focusing on developing their scissor skills and using them with control. They will be encouraged to follow lines to cut out different shapes needed to create their various superhero creative activities.

Children will also continue to plan their ideas and use these plans to get creative. They will think about what materials might be best to use and how they can manipulate these materials to improve their superhero de-
