

GULF SHORES

HIGH SCHOOL

Seniors:

Academic Seals of Excellence are awarded in three areas: Career and Technical Education, Fine Arts, and STEAM. The Seals of Excellence are awarded to those students who excel in one or more of the three areas. These students will complete the GSHS graduation requirements in addition to the specialty area requirements, including the capstone project and review.

If you are seeking a Seal of Excellence in one or more of the three areas and have completed the required capstone project in the area, please fill out and submit this application by the deadline of March 24, 2021, to be considered for the Seal of Excellence in your chosen area/s. If you are applying for multiple Seals, you will need to complete this form AGAIN to be considered for each Seal.

If you have not completed a capstone project in the area by the deadline, you will not be considered for the Seal of Excellence in the area.

Please contact Coach Sampley with any questions:

jsampley@gsboe.org
