

GULF SHORES

HIGH SCHOOL

Current Sophomores and Parents of Sophomores:
Academic Seals of Excellence are awarded in three areas: Career and Technical Education, Fine Arts, and STEAM. The Seals of Excellence are awarded to those students who excel in one or more of the three areas. These students will complete the GSHS graduation requirements in addition to the specialty area requirements, including the capstone project and review.

If you are seeking a Seal of Excellence in one or more of the three areas and plan to complete the required capstone project in the area, please complete this intent form by the deadline of March 31, 2021, to acknowledge that you intend to pursue the Seal of Excellence in your chosen area/s and will complete the required capstone project.

All Seals require a capstone project: complete during junior year (STEAM and CTE); complete during senior year (Fine Arts).
