

How to Clear Browser Cache for Google Chrome

To clear the browser cache for [Google Chrome](#), get started by clicking the **Three Dots** icon in the top right of your browser window. Then, find the **More Tools** option and select **Clear browsing data...** from the submenu:

Google Chrome clear browsing data menu

Alternatively, you can also use the hotkey combination: **CTRL + SHIFT + DEL**. Chrome will open up a new tab with a popup window titled **Clear Browsing Data**. Make sure that **only** the **Cached images and files** box is checked. Otherwise, you might accidentally clear your browsing history, saved passwords, cookies, and more:

You can also change the timeframe at the top, though usually the default of 4 weeks is perfectly fine. Then, click the **Clear browsing data** button to clear your cache. **And that's it – your Chrome browser cache is now empty.**

How to Clear Browser Cache for Mozilla Firefox

To clear the browser cache for [Mozilla Firefox](#), get started by clicking the **Hamburger** icon in the top right and selecting **History**:

Then, in the menu that appears next, select **Clear Recent History...**

You can also access the menu by using the shortcut: **CTRL + SHIFT + DEL**. Firefox will then open a popup. In the **Time range to clear:** drop-down, select **Everything**. Then, make sure to **only** check the **Cache** box to avoid clearing important browsing data. Then, click **Clear Now** to clear your cache:

How to Clear Browser Cache for Internet Explorer

To clear the browser cache for [Internet Explorer](#), get started by clicking the **Gear** icon in the top right to access the **Tools** menu. Then, find **Safety** and select **Delete Browsing History...** from the submenu:

You can also access the menu by using the shortcut: **CTRL + SHIFT + DEL**. Internet Explorer will open a popup. Make sure to **only** select the **Temporary Internet files and website files** box to avoid clearing important information. Then, click the **Delete** button at the bottom:

How to Clear Browser Cache for Microsoft Edge
