15:20-15:40			English (Language & Literature)	Ms Scotland	Mathematics	Mr Alami-Chaouni	Science (Combined & Triple)	Dr Nandhra			Turing	Mr Shotter	Einstein & Curie	Mr Bullock

The intention is that students in each tutor group have designated time slots in which they can, if they wish, attend academic Q & A sessions with each Subject Leader and ask questions about the course or listen to key information about the course which will complement the presentations already uploaded to the website. At a separate time to this block of academic Q & A sessions will be open sessions with their Form Tutor, Head of Year or Mr Bullock, providing them with the opportunity, if they wish to use it, to meet with all key staff members involved. Where a student wishes to attend two sessions which are being broadcast simultaneously, they may attempt to visit more than one, or they may choose one and contact the other staff by email with their questions or requesting a call back to clarify their query.
