RE: *Gov. Wolf Press Release*
Updated Travel & COVID Information

<https://www.governor.pa.gov/newsroom/gov-wolf-revises-mitigation-order-on-gatherings-and-lifts-out-of-state-travel-restrictions/>

The revised mitigations restrictions announced today include:

- **Revised maximum occupancy limits for indoor events to allow for 15% of maximum occupancy, regardless of venue size.** Core public health measures such as face covering (mask-wearing), social distancing, and hand hygiene still must be enforced. The 15% of maximum occupancy is permitted only if attendees and workers are able to comply with the 6-foot physical distancing requirement.
- **Revised maximum occupancy limits for outdoor events to allow for 20% of maximum occupancy, regardless of venue size.** Core public health measures such as face covering (mask-wearing), social distancing, and hand hygiene still must be enforced. The 20% of maximum occupancy is permitted only if attendees and workers are able to comply with the 6-foot physical distancing requirement.
- **Eliminate out-of-state travel restrictions.** In November, the Department of Health provided an [updated travel order](#) requiring anyone over the age of 11 who visits from another state to provide evidence of a negative COVID-19 test or place themselves in a travel quarantine for 14 days upon entering Pennsylvania. ***Today, this order was rescinded.*** The current downward trend of cases nationwide and implementation of testing requirements and universal face covering on public transportation and transportation hubs are reducing the risk that interstate travel is a vector of disease transmission.

Students and staff that are sick, ill or unwell, must stay home from school.
