ABOUT THE NATIONAL DEFENSE TRANSPORTATION ASSOCIATION:

The NDTA (National Defense Transportation Association) is an International non-political, non-profit educational association of government, military and industry professionals dedicated to fostering a strong and efficient global transportation and logistics system in support of national defense. NDTA promotes exchange on current matters of transportation, travel, distribution, logistics and security, allowing for knowledge sharing in a non-partisan, fair, and objective environment. NDTA also focuses on assistance in the transportation education of those who plan to pursue a career in transportation/logistics related fields through scholarship and mentoring programs. NDTA represents a spirit of patriotic and cooperative goodwill, cooperative endeavor and mutual understanding among its members, industrial entities, components of the transportation industry, the Armed Forces and government agencies concerned with transportation.

ABOUT THE SAN JOAQUIN VALLEY CHAPTER

The NDTA San Joaquin Valley Chapter is comprised of members who are involved in the transportation and logistics arena, both military and civilian. Current membership includes all modes of commercial carriers, government and Internet based suppliers, plus military and civil service presence from Defense Distribution Depot San Joaquin, GSA, AAFES and other associated defense related facilities in the area. Additionally, local government representatives, Commander/DDJC, CEO's, CFO's, Company Presidents and Senior Account Representatives are among our membership. Meetings or events are held monthly. The chapter is noted for its strong participation in local and national transportation logistics activities, continuing support of emergency planning locally and statewide, and support of transportation logistics continuing education through our extensive scholarship program.

ABOUT SAN JOAQUIN VALLEY CHAPTER SCHOLARSHIPS:

These scholarships are open to San Joaquin Valley residents who are graduating high school students, enrolled college students, vocational students, accredited on-line institution students, adults continuing their under, upper, or post graduate studies, military personnel and/or dependents of parents residing in the San Joaquin Valley. The applicant must be enrolled in an accredited institution. Preference is given to those in transportation and/or logistics related fields.

THE SCHOLARSHIPS

SAN JOAQUIN VALLEY CHAPTER MEMORIAL SCHOLARSHIP:

This scholarship is in remembrance of past members, family and friends who are no longer with us.

GENERAL CHAPTER SCHOLARSHIP(S): Applicants not in another category.

NDTA AFFILIATED CHAPTER SCHOLARSHIP(S): This scholarship will be awarded to a San Joaquin Valley Chapter NDTA member or an immediate family member who is an NDTA member.

MILITARY AFFILIATION SCHOLARSHIP(S):

This scholarship will be awarded to an immediate family member or person that will be serving, is serving, or has served either in the US Military, National Guard or Coast Guard. Documentation of this affiliation must be provided.

VOCATIONAL SCHOLARSHIPS:

These scholarships will be awarded to applicants who are enrolled or planning to enroll in a vocational or accredited training institution in transportation and/or logistics related vocations.

IMPORTANT!!

Scholarships will be awarded pursuant to our NDTA chapter's fundraising events. Recipients may not be awarded in two consecutive years. Recipients may only apply every other year. The NDTA Scholarship funds can only be disbursed to U.S. academic or vocational institutions on behalf of the scholarship awardees. The applicant must submit documentation showing enrollment in an institution before disbursements can be made. There will be no exceptions.

The National Defense Transportation Association, San Joaquin Valley Chapter, is awarding scholarships for the next academic year. Preference is given to those involved in or aspiring to be involved in “transportation/logistics related fields”.

Examples of Transportation/Logistics & Related Fields:

1. Transportation involves the modes of transport: air, sea, motor and rail, plus all supporting the activities.
2. Think of the logistics required - locally, nationally, or globally, that's needed to move it.
3. Imagine the jobs involved in high tech communications for transportation/logistics
4. Inform people on available services: Marketing, sales, advertising, communications
5. Jobs to keep a business in business; Management, accounting, finance, data entry, receptionists, computer technicians, insurance, employee benefits, health care, security, etc.
6. Jobs to keep the modes of transportation operational; mechanics, technicians, & specialists. Plus those who design and build the trucks, planes, ships, & trains.
7. Who moves freight? Logisticians, dispatchers, warehouse persons, load planners, drivers, pilots (air and maritime), seamen, and rail personnel.
8. People who create/monitor the space needed to travel: civil engineers, air traffic controllers, shipping channels, & road or railroad construction/maintenance
9. Teachers/educators that train all these people.....
10. Finally, don't forget that these fields are present both in the civilian & military world.

Now, hopefully you think of transportation and logistics fields in a whole new way! We hope you apply for our scholarships, and help us move transportation and logistics into the future!
