

# SUNLAKE ACADEMY OF MATH AND SCIENCE

Dear Parents or Guardians:

All educators in Florida are monitored to ensure they meet certification and training requirements as mandated by Florida Statute. According to Florida Statute 1012.42, we must notify parents of students who are being taught by out of field teachers.

A teacher is out-of-field until the coverage/endorsement for a class that he or she is teaching is issued by the State of Florida. Individuals who are teaching out-of-field are certified in a least one area and are qualified to teach but are required to take additional course work or testing to add a coverage/endorsement to their certificate.

The following teachers have agreed to teach out-of-field while completing coursework and/or testing:
