Contribution to Routine Repair & Maintenance

At the time of the Adopted Budget the district had not received any Proposition 51 funds and was not required to increase the Routine Repair & Maintenance (RRM) contribution to 3% of total General Fund expenditures until 2020-21. However, by First Interim reporting, with the receipt of \$3 million in CTE grant facilities funding for Twelve Bridges High School, the district is now subject to the 3% contribution requirement to RRM in the current year. Based on PCOE's recommendation, the budgeted 3% RRM contribution is based on total 2018-19 expenditures. At year end the final 2019-20 RRM contribution will be recalculated using 3% of total 2019-20 Unaudited Actual expenditures out when the books are closed this next summer.

Local Control Funding Formula (LCFF)

- The 2019-20 statutory COLA remains at 3.26%, as do the projected 2020-21 and 2021-22 COLAs (3.0% and 2.8%, respectively).
- As of First Interim Reporting the State Legislative Analyst Office has revised the estimated 2020-21 statutory COLA down to 1.79% (3.0% at State Budget adoption).
 - This reduction would equate to approximately \$800,000 in on-going reduced LCFF funding for 2020-21.
- The LAO has suggested to the Legislature that they may want to consider funding a higher COLA than is statutorily required as significant changes in this key component of the multi-year budgeting can have a significant impact on local education institutions.
- In January, the Governor will propose his 2020-21 Governor's State Budget and we will assess what financial impact the proposed COLA will have in the District's 2020-21 budget.

Enrollment and ADA

For the 2018-19 school year, the District CALPADS enrollment increased by 121 students, an increase of 50 students over projection and an overall 1.7% increase. In the past few years, the District has ended the year with actual P-2 enrollment greater than projected, and accordingly at First Interim we have adjusted our enrollment growth percentage to 1.7% vs. 1.0% at Adopted Budget. Based on the updated growth percentage we project an enrollment increase of 128 students (57 students and 48 ADA higher than at Adopted Budget). This increase carries forward into the 2020-21 and 2021-22 budget years but enrollment growth remains projected at 1% in future years.

Enrollment and attendance information for the 2018-19 Unaudited Actuals, the current 2019-20 budget year and the next two budget years are listed below:

	18/19 Unaudited Actuals	19/20 First Interim	20/21 Projection	21/22 Projection

In the 2020-21 budget year the District will be opening the new Scott M. Leaman Elementary School (LES) as well as John Adams Academy (JAA) charter will be building a new school site and expanding grades at their charter. Any enrollment increase from LES or decrease from JAA in the 2020-21 budget year has not been included in the budget at this time. As we move closer to these events we will assess any possible enrollment changes.

Multiple Year Projections - 1st Interim

Expenditures for New Elementary and High School

Included in the 2020-21 and 2021-22 budget years are expenditures related to the startup and ongoing operational costs of the two new schools, Scott M. Leaman Elementary (opening Fall 2020) and Twelve Bridges High School (opening Fall 2021). We have included ongoing expenses for administration, office/clerical, custodial, grounds and cafeteria staffing along with any additional certificated support staffing as part of the operations of the school in the appropriate years.

We have not included any increase in teacher staffing in the two budget years due to the opening of the two new schools because any potential revenue from to enrollment growth is also not included in the budget years. As we move closer to the opening of each school we will continue to adjust the budget for the appropriate operations of the elementary school and high school.
