## ECFE Building Blocks:

For Families with children age 0-5 (not in Kindergarten)

ECFE classes are for parent and child to attend together. During class, parents and children can explore, create, and spend time together without distractions and interruption. Circle time includes music, stories, and more. ECFE recognizes that parents are their child's first and most important teachers. ECFE offers support, education, and resources to parents. ECFE works to strengthen families.
