

TEMPLE CITY UNIFIED SCHOOL DISTRICT PERSONNEL COMMISSION

Merit System Overview

Rules and Functions of The Board of Education & Personnel Commission

By Juris Burgos

A LITTLE HISTORY OF THE MERIT SYSTEM

- In the 1800's, the "spoils" system was a well established method of filling government jobs. Most public sector jobs were filled by "patronage" whereby a politician would win office and fill government jobs with friends, relatives and campaign contributors.
- Reacting to these abuses, the Federal Congress passed the Federal Civil Service Act in 1883.
- In 1935, the California Legislature amended the Education Code to make a Merit System structure available to its school districts following a public outrage at the firing of over 700 classified employees in the Los Angeles Unified School District to provide jobs for friends of newly elected Board members.
- Today, the authority of the Personnel Commission emanates from Education Code Sections 45240 to 45320 and 88060 to 88139. The Personnel Commission is charged with developing and maintaining a MERIT SYSTEM for classified employees of the school District.
