

Catlin Gabel School EAGLES Community Agreement

CGS EAGLES

Cover your face with a mask

Give yourself and others space

Stay home if experiencing symptoms

EVERYONE'S
ACTIONS
GUARD
LIVES AND
ENCOURAGE
SAFETY

As students return to in-person instruction, we recognize that our family's actions, decisions, and behaviors have the potential to positively or negatively impact the wellbeing of the entire Catlin Gabel community.

We agree that **Everyone's Actions Guard Lives and Encourage Safety (EAGLES)**. In addition to following the protocols outlined in the school's Pandemic Management Plan, our parent/guardian signature on this **Community Agreement** indicates our family's commitment to help mitigate COVID-19 transmission risk for all community members in the following ways:

- Wearing masks when outside of our immediate household
- Keeping physical distancing when outside of our immediate household
- Minimizing interactions with groups of people outside of our household
- Limiting non-essential travel and activities (in and out of the state) that put us in close contact with others
- Taking my child's temperature and submitting the Magnus screening form every day before coming to campus
- Keeping my child home at the sign of any illness and following medical guidance, including quarantining
- Keeping my child home upon learning of any possible exposure and informing the school of such possible exposures
- Transitioning my child to remote learning (CG@Home) in the case that my child cannot consistently adhere to on-campus protocols
- Partnering and communicating honestly with the school in all aspects related to community health and safety.

Our family has read, discussed, and agrees to the **CGS EAGLES Community Agreement** in the spirit of the school's values of kindness, inclusion, and integrity.
