Athletic Protocols for Spectators

Harpeth Hall has implemented safety precautions in compliance with the guidelines set forth by the CDC, the Metro Public Health Department, the TSSAA, and our advisory committee. Please review the information below and we appreciate your cooperation in following these guidelines to help keep one another safe at our home sporting events.

ATTENDANCE & SEATING

Please do not arrive on campus more than <u>30 minutes</u> prior to the start of the competition. Gatherings will not be permitted before or after any competition. Following a contest, we ask that you exit campus promptly to avoid any gathering.

To allow for appropriate physical distancing in accordance with state guidelines, attendance will be limited in our venues to 1/3 capacity. Spectators must follow physical distancing guidelines at all times. Until further notice, all spectators must be a parent/guardian, grandparent, or immediate household member of a player or coach on the roster. Currently we are not allowing general admission to students from any school.

FACE COVERINGS & SCREENING PROCEDURES

Everyone in attendance, with the exception of children under two, will be required to wear a face mask at all times, answer the COVID-19 screening questions, and complete a temperature check. Fans will not be allowed to enter the athletic facilities with a temperature above 100.4, if they have had COVID-19 related symptoms within the last 7 days, or have been in close contact with someone who has tested positive for COVID-19 in the last 14 days or 24 days if that person lives in your household. Please have your face mask on before getting out of your vehicle.

CONCESSIONS & RESTROOMS

We are unable to offer concessions at this time and our water fountains are closed. Please bring your own water bottle to events. Restrooms will also have limited capacity.

LIVE STREAMING

For spectators not able to attend our games in person, they will be able to view them via live stream. Please visit HarpethHall.Live to view the games.
