February 2021

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2019-20 educational progress for Parkview Elementary. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mrs. Laura Carino, Principal for assistance. The AER is available for you to review electronically by visiting the following web site ([MI School Data website](#)), or you may review a copy in the main office at your child's school.

For the 2019-20 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was identified as a "HAS NOT BEEN GIVEN ONE OF THESE LABELS" school.

Despite being very proud of our achievements at Parkview, we collectively continue to closely monitor the progress of each of our students. We have identified achievement gaps between our students with and without disabilities, which we will continue to focus on closing. Additionally, our English Language Learners will continue to receive additional intervention and support with the goal of increasing their proficiency, with the intention of also closing the achievement gap in those targeted areas. Additionally, ongoing professional development and dialogue focusing on analyzing iReady diagnostic results and identifying strategies to help our most struggling learners will continue. We will concentrate our efforts in an ongoing analysis of formative assessments to determine the needs of all students, while also providing targeted learning interventions to students in need.

State law requires that we also report additional information.
