COURSE DESCRIPTIONS BY GRADES:

5th and 6th Grade Offerings:

Study Skills:

This course will cover techniques for becoming a more successful student. Topics covered will include goal setting, time management, organizational skills, research gathering, and the Cornell note taking method.

Writing Lab:

Students refine and build upon previously learned knowledge and skills in increasingly complex multiple-paragraph essays. Essays will contain formal introductions, supporting evidence, and conclusions.

Marvelous Math:

This course is designed to help students gain confidence in their mathematics ability by providing practice in the computation of whole numbers, decimals, and fractions.

Fitness Fun:

La Reina athletics introduces a comprehensive physical education enrichment class. The class will include indoor and outdoor soccer, basketball, volleyball, and tennis.

Art:

This course allows students to create many different forms of art to help them expand their individual talents. No prior art experience needed.

Please note: La Reina's ability to offer the courses listed above depends on sufficient enrollment. Courses which do not have enough student enrolled will be cancelled and the student will be informed by email. Students enrolled in cancelled courses will be given a full refund of the course fee or credit towards another course.

7th and 8th Grade Offerings:

Writing Lab:

This course will focus on the structural foundation needed to write strong, analytical paragraphs. Students entering la Reina for the seventh or eighth grades will have an opportunity to become familiar with the La Reina writing program.

Pre- Algebra:

As a preliminary course to the study of algebra, this course is a review of basic arithmetic, the real number system and its applications in solving and graphing equations and inequalities. Other topics include polynomials and rational and irrational numbers.

Study Skills:

This course will cover techniques for becoming a more successful student. Topics covered will include goal setting, time management, organizational skills, research gathering, and the Cornell note taking method.

Graphic Design:

This course teaches the art of visual communication using words and images using the latest software. Students learn about advertisement and logo design, how to manipulate images, paint digitally, design geo-filters and manage social media.

Fitness Fun:

La Reina athletics introduces a comprehensive physical education enrichment class. The class will include indoor and outdoor soccer, basketball, volleyball, and tennis.

Please note: La Reina's ability to offer the courses listed above depends on sufficient enrollment. Courses which do not have enough student enrolled will be cancelled and the student will be informed by email. Students enrolled in cancelled courses will be given a full refund of the course fee or credit towards another course.

9th and 10th Offerings

Writing Lab:

This course will focus on the structural foundation needed to write strong, analytical paragraphs. Students entering la Reina for the ninth or tenth grades will have an opportunity to become familiar with the La Reina writing program.

Algebra 1 Review:

This is a review course of Algebra I for students in grades 9-10, who have already completed Algebra I, but who need reinforcement of basic Algebra skills. This course is also a great review of algebraic concepts before taking Algebra II/Trigonometry.

French Language and Culture:

Discover the fun of the French language. This course is designed as an introduction to the French language and culture. Students will learn about basic structures and pronunciation of French in the context of short stories, drama play, songs, games, and more. We will explore a variety of beginner topics including school life, food, family and friends, in a fun and interactive way.

Spanish 1:

This class is for student who have completed Spanish I. This course focuses on a review of key grammar structures, vocabulary, and pronunciation and will help with listening, speaking, reading and writing proficiency.

Study and Success Skills:

This course will cover techniques for becoming a more successful student. Topics covered will include goal setting, time management, organizational skills, research gathering, and the Cornell note taking method.

Graphic Design:

This course teaches the art of visual communication using words and images using the latest software. Students learn about advertisement and logo design, how to manipulate images, paint digitally, design geo-filters and manage social media.

Please note: La Reina's ability to offer the courses listed above depends on sufficient enrollment. Courses which do not have enough student enrolled will be cancelled and the student will be informed by email. Students enrolled in cancelled courses will be given a full refund of the course fee or credit towards another course.

Extended Day - Afternoon Programming, 1:00 – 3:00 pm:**Pick one of the courses below.**

Price: \$425 or add to suite of 5 classes for \$375.

Speech and Debate: All grade levels.

Speech teaches basic skills and techniques that help students become more effective communicators both as listeners and as presenters. Debate will focus on the basic principles of interscholastic competitive policy (team) debate while developing effective basic communication skills and argumentation strategies.

Theatre Workshop: All grade levels.

Musical Theatre Experience is dedicated to nurturing the performing artist. Beginners gain a strong foundation and more advanced students are challenged at their own level. The class features a showcase and parents will be invited to attend on the last day of class.

Robotics: Grades 5-8

This is a hands-on exploration of building a robot. Students study robotic sensors, such as ultrasonic and gyroscopic sensors that provide the robot with movement, sight, and other functions. Come and see the robots in action on the final day of the class!

Please note: La Reina's ability to offer the courses listed above depends on sufficient enrollment. Courses which do not have enough student enrolled will be cancelled and the student will be informed by email. Students enrolled in cancelled courses will be given a full refund of the course fee or credit towards another course.

Courses for Rising Seniors

Writing the College Essay:

June 7th – 11th: 8:00 a.m. – 12:00 p.m.

***Price: \$475**

Want to get a jump on the college application process? This weeklong seminar focuses on both the personal statement and supplemental essay writing – core components of the college application. Students will work on style, voice, and content in developing the college application portfolio.

College Application Boot Camp
