3. SPECIAL ORDER OF BUSINESS

Carlin C. Coppin Elementary School Featured

Mr. Leaman shared on his early years at Carlin C. Coppin. He then introduced Principal, John Bliss. Mr. Bliss welcomed everyone, and shared he feels he has the greatest school around, best parents, students, staff and great programs. Mr. Bliss introduced Ginger Cosh, SBLT president, and Jennifer Bowden, Library Tech.

Ginger Cosh, SBLT's President reported that SBLT's focus is on helping and providing the tools necessary to help the students with their academics. In doing that, they are assisting and supporting students in accelerated reading, star math and reading program, accelerated math, along with several other computer math programs. There is also assistance for various support groups available to students that may or may not need it. Provide materials for Bilingual aids, Title I teachers and other materials for intervention. Other items provided were updated books for

the library, as well as updating the tech lab with brand new computers, and mini labs setup in individual classrooms for the students to work in. They purchased a program called the "Study Island" program, which can also be used at home. This program helps the teachers as a tool to master state standards, and prepare them for state testing and yet still exciting and fun for the students. She thanked the board for taking the financial responsibility for the OARS program (The Online Assessment Recording System).

Library Tech, Jennifer Bowden has worked at Carlin Coppin for three years. She sees 400 students each week, one of the goals are to teach students to become productive learners with ideas, and learning about parts of the book. Some of the things they do are library lingo bingo, they don't realize their learning, while their playing games. They learn to find their own books. These are life long goals for learning. If a student reads six hours for fun, they earn a ticket to Six Flags Theme Park. During winter months we read about quilts, and made paper quilts, it was a great project and lot of fun. In spring, the 4th and 5th graders read books as well. The last goal is to support educational program, which includes the accelerated reader program. Students participated in Read Across America, they had several visitors that read for them, as well as students from Lincoln High. The Golden Reader Program was sponsored by PCOE for grades 3-8 and promoted trough the Library, it was a fantastic project to be involved in. Students participated in writing stories and used writing skills that were taught by their teachers. She introduced the two winners who participated in the Golden Reader Program.

Mr. Leaman and Mr. Carras presented award certificates to the following students:

- David Cosh – 1st Place Accelerated Reader, 1st Trimester

5. COMMUNICATION FROM THE PUBLIC

There was no communication from the public.

6. REPORTS & COMMUNICATION

6.1 Lincoln High School, Student Advisory – Joanna Loya – The new school officers attended Student Convention. Thursday is the last school Rally. May play day will be held on May 30th. This is the first year the Yearbook is coming out all in color. Mrs. Byron was nominated teacher of the month.

6.2 Western Placer Teacher's Association – Mike Agrippino read the following: Good Evening. Tonight I believe the board intends to take action on the proposed budget cuts for the 2008-2009 school year. I know this has been a frustrating process for us all. While I compliment Scott for putting the budget committee together and seeking collaboration with employee groups, I have some concerns about the process since the budget committee concluded its work. Specifically, I'm concerned that the board has not given an adequate amount of time for public comment on the proposed cuts. The first draft was released at the last board meeting and the final draft is being presented to you tonight for approval. I have heard the assertion that the cuts have been posted on the district "web page", but not every interested person is aware of this fact or even has access to the internet. Further, I have yet to be informed of the plan or system to reinstate items on the list if and when an improved state budget is completed. Perhaps we will hear a plan tonight. With all of this in mind, I still am compelled to comment on some of the proposed budget cuts. I sincerely urge you to consider my and any other concerns that may be

4.1.4

voiced this evening. It is an accepted fact that the first few years of school are critical to a student's success. Therefore, I think it is unfair and unwise to eliminate kindergarten aides and give teaches a greatly increased load of non-academic responsibilities. With ever increasing pressures of testing and accountability, kindergarten teachers need time to prepare successful lessons for their students. Eliminating of aides will not only impact student learning in the near term, but could very well have lingering effects for years to come. There are several middle school issues for which the association has concerns. Eliminating transportation for middle schools are relatively close together, our middle schools are significantly further away from many of the schools in the league. Perhaps a compromise can be reached. Sports transportation can be provided, for a fee, to the schools that are further away and drivers can be found for the closer schools. And, on the issue of transportation, we appreciate the district working with us on the issue of the Woodleaf trip. However, the cost of the trip for students has risen along with everything else. We need to work to find ways to transport the students to Woodleaf without increasing the cost to a point where it becomes unaffordable. The association strongly supports outdoor programs such as the high school farm, and we hope the district supports them also. Finally, raising the teacher-student ratio to 25:1 endangers scheduling at the middle schools. The middle schools may be forced to abandon block scheduling, which has proven over the years to be a benefit to student learning and a tool to stay in closer contact with parents about student progress. Phoenix High School and Sheridan each need and deserve their own full time principal for a variety of reasons. The staffs at both schools strongly support their administrators, and the association encourages you to revisit this decision. The association brings these issues to your attention tonight. It is our hope that you will consider these and all budget reductions carefully. If these cuts are enacted this evening, then when the budget mess at the state level is finally resolved, we are hopeful that many of these cut will not be necessary.

6.3 Western Placer Classified Employee Association – Chris Hawley expressed she shared the same concerns as WPTA shared.

6.4 Superintendent, Scott Leaman reported on the following:

6.5.2 Terri Ryland was not present.

6.5.3 Bob Noyes had no report.

Looking into a warehouse facility building, the size of 32,000 square feet, this has been discussed to be used as a central location for Maintenance, and Facilities and several other departments. 7.1 (I/DA) 2008-09 BUDGET REDUCTIONS – Leaman/Ryland *(07-08 G & O Component IV-V)*

•Final budget reduction recommendations are being forwarded to the Board at this time. After the work of a district-wide budget committee, meetings with site principals, evaluation by the management team, and consideration of board discussion, the superintendent is recommending adoption of the attached reductions.

Scott shared some information today, that the governor released the May revised budget, and presented some changes for flexibility which would not cost the state, and the district can move money to free it up. We normally have a reserve of 3% the governor said we may be able to put in a reserve of 1.5%. We would be working on assumptions that would be an area of flexibility. Second thing is COLA, at this point we don't have a lot of reserves to rely on, and we would still be in the hole about 100,000. We would still have some issues. Scott feels we still need to move forward with the reductions and cuts so we can finalize the budget. Woodleaf will be handled the same way. He met with the technology director, trying to determine how we could staff tech department with one

4.1.6

less person, so the tech came off the list. There were three main issues, one staff Lincoln high school, the staff in Home Economics has been restored; the farm has been looked at, and one staff member will be left to restored; resending the notice for the last person at the high school. The staffing for Sheridan we found difficult and that reduction did have to remain. We are really going to need additional cuts this evening. There will be cuts to clerks at elementary schools. He plans on meeting with Sheridan staff on how to have one administrator to serve two sites. This process will take time to process. Mr. Carras reported these cuts need to be made, and asked for those who wanted to speak on the issues.

Regina Henninkamp expressed her concerns to the Board of Trustees. Has been employed with the district since 1994 and has worked with hundred of students and their parents. She currently has a class of 28 students, and relies on her teaching partner and instructional aide. Without the help she would not be able work with the students, the assessments are a one by one for each student, her partner and aide help with assessments and they are valuable to her. She expressed how valuable and helpful her partner and aide are to her. As a parent of a special needs student, she knows how much time is required. She invited the Board of Trustees to visit her classroom.

Stephanie Maul also a Kindergarten teacher, expressed her understanding to the board members for having to make cuts, but does not feel that Kindergarten is where the cuts should be made. She also works with special need students, and could not make it without her aide. It's my job to make sure the student has a positive experience. The aide often steps in and helps where it's needed. Some of the students have special needs. She expressed it would be a great benefit for the Board of Trustees to see aides in action.

Heather Willoughby has been employed at Sheridan for seven years, and asked to talk about the administration at Sheridan. She talked about the leadership, and what the leadership has brought to the school. She shared that their after school is second to none, with special programs for the kids, has received funding for snacks and also shopped for the snacks. The park and recreation have come out and worked with our kids. Mr. Knutson recently introduced dissecting to the 4th and 5th grade students of the after school program. There is a "Positive Behavior" program for the after school program where the students run a lemonade stand from the food kitchen and he has provided funding all year long for this program. He shops for supplies needed for the different program run by the after school Care program which also includes the birthday science. Under his leadership the school has received a new computer lab, new playground equipment, truck load of

garden equip, with flowers and vegetables. The students will continue the garden during the summer. She felt she had to share the support Mr. Knutson has given to both her and the students of Sheridan.
Paul Carras asked the board to look at the list presented before them.
James McLeod shared this is a tremendous task and thinks it's important to achieve a balanced budget. He feels the need to develop some kind of reinstatement plan. He would like to look at the Kindergarten aids in the classroom, and some sort of middle school transportation program.
Ana Stevenson shared she would like to see Kindergarten aids, last meeting commented on parents participating in the classroom. Shared her concern on un answered positions and would prefer to look at the cuts in sections.
Paul Long reported with Sheridan and classroom aides that is a large amount of money.
Brian Hailey expressed his knowledge about having aides and knows that Kris does a wonderful job at Sheridan and hopes to restore the administrator position. He commended our Superintendent for doing a wonderful job. Feels the Board needs to pass what we have in front of us.
James McLeod reported the budget is being reduced 3 million dollars with no programs being cut.
Paul Carras thanked the committee that worked on reductions.

After much discussion surrounding the budget reductions there was a motion by Mr. Haley, seconded by Mr. Long and passed, with a no vote from Mrs. Stevenson.

7.2 (A) **APPROVE TENTATIVE AGREEMENT BETWEEN WPUSD AND WPTA – Noyes** *(07-08 G & O Component IV - V)*

•A tentative agreement has been reached between WPUSD and WPTA on Article XV, Work Year, Section D. (1 through 5) and Article X, Assignment/Reassignment/Transfers, Section F (7).

Bob Noyes explained the tentative agreement between WPUSD and WPTA being brought before the Board of Trustees. Motion by McLeod, seconded by Mrs. Stevenson, and passed by unanimous vote to approve the tentative agreement.

7.3 (I/D/A) **ADOPTION OF AMENDED RECOMMENDATIONS - Leaman** *(07-08 G & O Component IV - V)*

Mrs. Stevenson thanked the student at Carlin Coppin and Mr. Bliss, and commented on all the good learning going on at Carlin Coppin. She expressed the budget cycle and what we're going through is a very difficult time all around. She expressed her no vote was because Paul didn't allow her to have a line item vote. She will look forward to budget revisions.

The district is currently working with the law judge. Recommending to adopt the decision with the following understand: that the decisions is based on the proposition that the first date of paid service for teachers that are new to the district in 2008 was August 17th and in accordance with our current collective bargaining agreement in at such teachers were required to attend that day. There were approximately 40 teachers required to be in attendance that day. It was further recommended that he was directed to send out final termination notices for the teachers prior to May 15th as required by law once this decision has been made. The district is working together with the Teachers Association to extend the timeline on this particular item so it could further then May 15th by mutual agreement with the representatives from Western Placer Teachers Association. Just wanted to update the board, the district is still in discussion on how to implementation the paragraph, however we would like to adopt the recommendations by the administrative law judge based on the preposition what was described without the implementations from a districts point of view. 5.2 Western Placer Teacher's Association – Mike Agrippino had no report.

5.3 Western Placer Classified Employee Association – Chris Hawley had no report.

5.4 Superintendent, Scott Leaman

6.4.1 *Response to Public Comment if any:*

Scott responded on the request for a crosswalk by Creekside Oaks, there was also another request for one in front of Lincoln Crossing. The City is doing studies on crosswalks, and there is a process the district will need to following. The city is the one to contact about crosswalks. Discussion around the budget meeting, there were questions regarding demographics at First Street and those will be changing next year, based on boundary changes.

Scott reported on the following:

- He reported on an overview meeting the district held with Sierra College regarding academic needs and how we can work together to offer programs.
- The Joint board meeting with the City was very productive, and they discussed looking into new pyridines of things that could happen on the campus. Jerry Johnson was present along with our new city Manger Jim Estep who was also present.
- Meet with the Chief of Police, talked about working on pyridines the district needs to work on, and will be working with site administrators on safety plans and training for campus emergencies.

5.5 Assistant Superintendent(s)

5.5.1 Mary Boyle had no report.

5.5.2 Terri Ryland reviewed and explained the process of the Actuarial Study of the District's Retiree Health Liabilities. In order to comply with Governmental Accounting Standards Board (GASB) Statement 45, beginning with its 2008-09 year-end financial statements, the district must recognize its liability for the projected cost of future retiree health benefits. She explained the post employment benefits, they are part of compensation to employees that they earn it while there employed, but we pay after they retiree, we're in phase II. This will take place next year, so we need to set money aside, and show the net obligation. Current unused liability is 2.4 million that we have not set aside yet, this is funding the unfunded liability. Our goal is to make sure we were

4.1.14

on track to address the unfunded liability. The district is currently paying retiree benefits of over 65, there are a few that are life benefits. Next year we need to look into this issue.

5.5.3 Bob Noyes reported the district will be honoring nine retirees to date at McBean Park on May 29th at 4:00 p.m. Invitations will be going out this week.

5.5.4 Cathy Allen – Heather on behalf of Cathy. She reported on the update of level one and level 2 justification studies. She explained the 30 day public comment will begin on May 15th. There will be an increase in commercial fees of .47 cents per square foot. August 18th will be the start date to collect on the new increase. There will be a $4.56 cents per square foot on residential, and the district can start collecting the next day. This will be justified again next year. She reported fees collected for the month of April 2008 residential $7,995.00, commercial $2,711.10.

6.1 (I/D) 2008-09 BUDGET REDUCTIONS - Ryland *(07-08 G & O Component IV-V)*

•The attached letter was sent to all staff when the district became aware of the current state budget situation and its effect on our district. As described in the letter, a budget reduction committee was formed using the attached guidelines. The committee started their process on February 14, 2008 and ended with f final input session on April 14, 2008.

Items on the attached sheets include their rubric score (the higher the number, the more negative impact on the district), the number of "votes" by the committee for the item to remain on the list, the recommended action, and comments. All items on these sheets received at least five "votes" out of fifteen from the committee.

Scott reviewed budget reductions, As of January this year the governor's budget showing the district would have a short fall of 2.4 million dollars. A budget committee was put together to gather information and review ideas that could be used in putting together a budget for next year. Meanwhile layoff notices to employees. The district currently has a qualified budget at this time. During this process we have come to a 2.6 million dollar deficit. At this time the district won't have actual figures on the budget cuts until August. He reviewed each reduction item by item on the budget reduction recommendations list:

Certificated Staffing: Looking at cutting staff from Lincoln High, along with transfers, the school farm, and cutting programs.

4.1.15

Administration: Cutting the current principal from Sheridan, looking at a shared position with Phoenix High School.
Classified Staffing: Looking at reducing office staffing in elementary only; custodial services; maybe clean classrooms every other day; and no overtime policy; reduce technology services; limit night time custodial substitutes.
Food Services: Reduce labor hours; increase breakfast prices; raise lunch fees; Reduce overtime in cafeterias.
Transportation: Increase high school sports fees; Eliminate middle school athletic transportation; Increase home to school transportation fees; Increase fees for elective transportation; Limit field trips to three per class; Eliminate outside agencies using our buses.
Other: Capture unspent MAA money; Raise facility use fees; Ban electric heaters and refrigerators in classrooms; eliminate woodleaf trip; reduce district office discretionary budgets; Decrease site discretionary funds by 10%.
Managerial: Reduce Worker's comp rate reduction; Eliminate classified substitutes; Eliminate district's contribution to the city's watering of parks.

Public Comments:
Tim Unruh addressed the board as a parent of Sheridan. He thanked the Board for taking Sheridan off the list of cuts, but asked to address another concern he had in losing the school principal, he said that is as hard as losing the school. He shared that the school and community is very important part of the community and the loss of the principal would have a negative impact on the loss to the school and the community. The school and the community are very bound together, it's a small community but very vibrant. Mr. Knutson has done a great deal to improve the school, and the school is known for excellence. He feels losing Mr. Knutson would have very negative impact on the school and the community, he urged the board to reconsider and change in the discussion to remove the principal.
Patty Francis thanked the Board of Trustees for taking Sheridan off the list of cuts, she shared the school is saddened for the loss of the principal and all he has done for the school and students. She invited the board out to Sheridan for the "Cultural Event" on Friday, May 9th, to show the board how much the school means to the community.
Kris Knutson thanked the board for removing Sheridan School from the list of cuts. He shared that the community of Sheridan deserves what they have, and has enjoyed his four years at Sheridan School and hopes he has shortened the distance between

4.1.16

Lincoln and Sheridan. It's important that school stays, I thank you and the community thanks you.

Barbara Muskat a Kindergarten teacher at Twelve Bridges Elementary spoke on behalf of the Twelve Bridges Kindergarten teachers. She shared her concern with the possible cuts of instructional aides in our district. She has 25 wonderful kindergarten students, and shared her experience of what it was like to be without an aide. Feels 5 and 6 year olds can not always work independently, aides are important to the balance of the classroom, if they are cut the during the budget crisis the quality of care in the class will be jeopardized. Fought two years ago to not have more then 25 in the classroom without an aide. Hope you keep the classes at 25 which are only manageable with an aide. Please do not cut the aides from our classes, if you doubt the concern please visit a classroom.

Jeff Duer – I would like the board to please consider the Lincoln High School, feel the high school has been gutted. Feels the programs have been severely impacted by the reduction of teachers and programs. Asked the board to please come out and look at the programs that are going to be impacted added. Feels we will find the high school will not be able to function properly without those programs. Come summer these teachers being released will move on and will not come back that are quality teachers, and feels we need to retain those teachers. Please don't gut Lincoln high school or the identity of Lincoln high the teachers bring to the high school.

BOARD COMMENTS:

Paul Long feels we really need to understand, concerned the cuts that will affect the Perkins Grant, due to layoff. He reviewed his concern on the programs at Lincoln High offered and students will be limited due to cuts, there are so many wonderful programs, the school farm and the loss of the one teacher. Feels we need to take a close look at these cuts, and possibly find another way to do this so we're not hurting our students. He identified the idesign program, and feels we need to recognize these students.

Mr. McLeod – Talked about 5 years ago making it possible to keep a principal out at Sheridan, we made it happen, and wish we could make it happen. He would like to see that position be put back on the table as soon as we can.

Mrs. Stevenson – felt Mr. Unruh said it quite well saying Sheridan Elementary is an intrical part of that community, and feels it has a lot to do with what Mr. Knutson has done and has given his heart and soul to that school, and put in a lot of work and helped the community. Feels the principal position is one of the first things to consider adding back in. She shared her attendance of the open house at the Farm. She was able to see what is going on at the high

4.1.17

school through the Farm, and being an advisor at US Davis, seeing all the programs it has to offer translating into college degrees, she has a concern about cutting programs to the farm since it is what makes Lincoln so unique. She would rather see possible cuts to transportation and classroom aids. She discussed having parents participate in the Kindergarten classes to help out as aides, this could be an option.

Mr. Haley was glad Sheridan is off the cut list, has two granddaughters attending Sheridan School, sorry for the loss of the principal, but feels the reason Sheridan has made such strides is because of leadership and that will be hard for a part-time principal, and would like to see this as just a suspension and would like to see this position reinstated as soon as possible. He shared on his visit to the farm and was very impressed what was out there, and feels this is Lincoln's heritage.

Mr. McLeod feels elimination of overtime should be put on the table right away.

TRANSPORTATION:

Mr. Long talked about the cost of transportation and what it's costing the district with a minimal amount of money being taken in.

Mrs. Stevenson asked how many busses we have. The district has 25 buses. She feels we need to utilize the busses better.

OTHER:

Mr. McLeod thinks taking funds MAA from is a good position to take, and also feels the Woodleaf program is so important to keep and feels something can be worked out to put back in place.

Mrs. Stevenson discussed the item on the list about increasing the co payment on the Kaiser plan, feels this needs to be presented to the unions for consideration.

Mr. Carras feels implement a hiring freezing, except in the health and safety areas.

Scott discussed the timeline, we're looking at these items to come before the board at the next board meeting, and working on a final recommendation for the board, these are huge cuts and we hope to go into next year having a positive budget. The actual cuts will be adopted on May 20th. During the summer things may change.

Mrs. Stevenson asked how the cuts will be done. Paul Carras explained there is a certain level to get to. There is a list that will go to the board and it will be approved or not.

Mr. Carras called a short recess at 8:55, and asked to reconvene at 9:00 p.m.

6.2 (A) **SINGLE PLAN FOR STUDENT ACHIEVEMENT – Boyle**
(07-08 G & O Component V)

4.1.18

•Each school site annually updates its Single Plan for Student Achievement (SPSA). We presented the SPSA's for First Street School and Phoenix High School a bit early in April because of our CPM audit. The SPSA's for our remaining nine schools are now complete. The administration, teachers and School Based Leadership Teams (site councils) on each site have carefully studied their students' achievement data, have discussed and set goals for student achievement improvement, and have aligned categorical funding to support the goals. Single Plans for Student Achievement are available for review at each school site.

There was a motion by Mr. Long, seconded by Mr. Haley, and passed by unanimous vote to approve the remaining site plans for student achievement.

6.3 (I) **STAR TESTING AND AYP/API – Boyle** *(07-08 G & O Component I, IV-V)*

•WPUSD schools re currently completing STAR testing for the 2007 – 2008 school year. The STAR (Standardized Testing and Reporting) program includes the California Standards Tests (CST's), the California Achievement Test 6 (CAT/6), the California Modified Assessment (CMA), the CAPA, Standards Tests in Spanish (STS), the Aprenda 3, and the Early Advanced Placement (EAP). STAR testing results are used to determine whether schools and districts meet their API (Academic Performance Index – state requirement) and their AYP (Annual Yearly Progress – federal requirement). Three schools and the district are watching their data closely this year: First Street School is hoping to exit Program Improvement status, based on Hispanic, Socio-Economically Disadvantaged and English Learner subgroups; Carlin C. Coppin, and Creekside Oaks Elementary Schools and the district as a whole are hoping to avoid Program Improvement status, based on their Students with Disabilities subgroups.

Mary reported on the completion of STAR testing this week, and explained the process of meeting AYP criteria. There are four requirements that needed by the high school, and three by the elementary level. It is important to make our API. She explained students with disabilities can not make a district go into program improvement, but that is the only group, all other groups can. The district can make the criteria, and can use the district as a whole to place for students with disabilities. There was some discussion regarding program improvement and notify parents prior to the school year, which makes it difficult since the district doesn't find out until July or August.

6.7 (D/A) APPROVE RESOLUTION 07/08.19 OF THE BOARD OF TRUSTEES OF WESTERN PLACER UNIFIED SCHOOL DISTRICT AUTHORIZING THE ISSUANCE OF 2008 TAX AND REVENUE ANTICIPATION NOTES FOR SAID DISTRICT AND REQUESTING THE BOARD OF SUPERVISORS OF PLACER COUNTY TO ISSUE SAID NOTES, AND APPROVE THE FORM OF THE CONTRACT OF PURCHASE AND THE FORM OF CONTINUING DISCLOSURE CERTIFICATE RELATED THERETO – Ryland *(07-08 G & O Component IV-V)*

•Tax and Revenue Notes (TRANS) are a short-term borrowing strategy used to finance and eliminate cash flow deficits or potential deficits in the General Fund. It is not unusual for school districts to experience cash flow deficits in the months just prior to the receipt of property tax revenues.

Since 1990, the District has borrowed between $1.2 and $7.0 million a year to cover its operating costs.

Terri discussed the process of authorizing the issuance of 2008 tax and revenue anticipation notes. After further discussion there was a motion by Mrs. Stevenson, seconded by Mr. McLeod, and passed by a unanimous roll call vote to approve Resolution 07/08.19. This process is also being done with other districts in Placer County.

During the 2007 – 08 school year, Western Placer Unified School District renewed its commitment to addressing the needs of all learners. With the current state emphasis on helping students rise to the requirements of California Standards proficiency in core content areas, the needs of our highest achieving learners can be overlooked. WPUSD embarked on an ambitious journey this year in the area of GATE (Gifted and Talented Education) by providing a GATE Certification Workshop series to teachers, developing teacher leadership and student program participation in Odyssey of the Mind and Science Olympiad, increasing elementary band offerings, providing a summer differentiation workshop for teachers, covering costs for Advanced Placement course training for teachers, hosting a summer enrichment program for students, planning expansion to the Elementary GATE Academy at First Street School, and expanding our Advanced Placement (AP) offerings at Lincoln High School .

BACKGROUND:

We are honored to introduce Beth Oliver, of Compassionate Friends, and Linda Menge, Glen Edwards Middle School Teacher. Linda nominated Western Placer Unified School District for national recognition by the Compassionate Friends, in response to the outpouring of love and support that the teachers and staff of WPUSD provided to Linda and her family during her daughter Eva's illness. The Compassionate Friends recognizes organizations that "go above and beyond customary workplace policies and practices in meeting the needs of grieving employees". The Compassionate Friends will be awarding a plaque to the district that accompanies this honor.
