SUBJECT:
Ratification of Article IV (Employee Benefits) and Article VI (Salaries) In Classified Collective Bargaining Agreement

AGENDA ITEM AREA:
Information/Discussion/Action

REQUESTED BY:
Bob Noyes
Director, Human Services

ENCLOSURES:
(1)

MEETING DATE:
January 3, 2006

BACKGROUND:

The Western Placer Unified School District and the California School Employees' Association Chapter #741 tentatively agreed on Article IV (Employee Benefits) and Article VI (Salaries). The Tentative Agreement is included in the attached materials. Once ratified the Tentative Agreement will become a part of the current collective bargaining agreement.

SUPERINTENDENT'S RECOMMENDATION:

Administration recommends the Board of Trustees ratify the Tentative Agreement between the Western Placer Unified School District and the California School Employee's Association Chapter #741.

TENTATIVE AGREEMENT

Tentative agreement has been reached between the Western Placer Unified School District (WPUSD) and the California School Employees' Association Chapter #741 on the following attached proposal:

FY 2005-06:

2.00% (two percent) salary increase applied to the 2004-05 classified salary schedule retroactive to July 1, 2005.

The health and welfare cap will remain at the amount equal to Kaiser employee plus children, dental, and vision premium.

FY 2006-07:

The 2005-06 classified salary schedule will be increased by the State adopted FY 2006-07 funded cost-of-living-allowance (COLA) increase per average daily attendance (ADA). Increase the vision premium from subscriber only (Plan C - $10 deductible) to composite (Plan C - $10 deductible). The health and welfare cap will remain at the amount equal to Kaiser employee plus children, dental, and vision premium.

This shall be a full and final settlement of all salary, benefit and other compensation matters for the 2005-06 and 2006-07 school year unless another bargaining unit in the District (certificated, confidential, or classified management) is provided with a total compensation package (salary schedule improvement, benefit cap increase, one-time payment, or other financial consideration) which exceeds that which has been negotiated in this agreement. Should this occur either party has the right to reopen negotiations to determine what additional compensation shall be provided to the bargaining unit.

The compounding effects of a multiyear agreement have been assumed, and the second year of the agreement is tied to the District's funded COLA. In addition, the District's MYP assumes a 15% increase in health and welfare benefits

Complaints Concerning the Schools

The Governing Board believes that the quality of the educational program can improve when the district listens to complaints, considers differences of opinion, and resolves disagreements through an established, objective process.

The Board encourages complainants to resolve problems early and informally whenever possible. If a problem remains unresolved, the individual should submit a formal complaint as early as possible in accordance with appropriate district procedures. District procedures shall be readily accessible to the public.

Individual Board members do not have authority to resolve complaints. If approached directly with a complaint, however, Board members should listen to the complaint and show their concern by referring the complainant to the Superintendent or designee so that the problem may receive proper consideration.

Complaints Concerning Instructional Materials

Complaints concerning instructional materials will be accepted only from staff, district residents, or the parents/guardians of children enrolled in a district school.

Complaints must be presented in writing to the principal. Complaints regarding printed material must name the author, title and publisher, and identify the objection by page and item numbers. In the case of non-printed material, written information specifying the precise nature of the objection shall be given. The statement must be signed and identified in such a way that a proper reply will be possible.

Individual students may be excused from using challenged materials after the parent/guardian has presented a written complaint. The teacher will then assign the student alternate materials of equal merit. Use of the materials by a class, school or the district, however, shall not be restricted until so directed by the Superintendent or designee.

Upon receiving a complaint, the principal will acknowledge its receipt and answer any questions regarding procedure. The principal will then notify the Superintendent or designee and the teacher(s) involved of the complaint. The Superintendent or designee will determine whether the complaint should be considered on an individual basis or whether a review committee should be convened.

The use of challenged materials by class, school or district shall not be restricted until final disposition has been made by the appropriate review committee.

A review committee may be formed under the direction of the Superintendent or designee. It shall be composed of the principal and five or more staff members selected by the Superintendent or designee from relevant administrative and instructional areas directly related to the subject of the complaint.

In deliberating challenged materials, the review committee shall consider the educational philosophy of the district; the professional opinions of other teachers of the subject and of other competent authorities; reviews of the materials by reputable bodies; the teacher's stated objectives in using the materials; and the objections of the complainant.

The review committee shall determine the extent to which the challenged material supports the curriculum, the educational appropriateness of the material, and its suitability for the age level of the student.

Within 30 days of being convened, the review committee shall summarize its findings in a written report and submit it to the Superintendent or designee for final action. The Superintendent or designee shall notify the complainant of his/her decision no later than 60 days after the complaint was filed.

The report of the review committee together with the Superintendent or designee's recommendation may be brought to the Governing Board for consideration and final decision.

When any challenged instructional material is reviewed by the district, it shall not be subject to any additional reconsideration for 12 months.

County or State-Adopted Material

If the challenged material has been adopted by the County Board of Education, the Superintendent or designee may forward the complaint, without action, to the office of the County Superintendent of Schools for reevaluation and decision.

If the questioned material has been adopted by the State of California, the Superintendent or designee may forward the complaint, without action, to the California Department of Education for reevaluation and decision.

Ms. Boyle, Principal
Mr. Kerrigan, Teacher (8th grade)
Glen Edwards Middle School
Lincoln CA 95648

Dear Ms. Boyle and Mr. Kerrigan,

Thank you both for returning my calls last week. I appreciated the conversations we had regarding the movies planned for viewing in Mr. Kerrigan's 8th grade history class during the coming school year.

I reviewed one of them, Glory, this past weekend and I definitely think it is not only inappropriate for our son Tony, but also inappropriate for the class as a whole. Please excuse Tony from the viewing of Glory and Remember the Titans.

Mr. Kerrigan, the version of Glory you intend to play for the students says it is "edited for educational uses". However, the edits had very little impact on the content of Glory, which gave the movie its "*R*" rating. For example:

- The repeated use of the "n" word
- The shooting murder of a black soldier from another regimen, by his leader for handling an hysterical southern white woman who was grabbing and hitting him after he'd been ordered to ransack her house
- Gruesome war scenes with bloody body parts and bayonet killings
- Racist conversations and acts of aggression
- Demeaning, derogatory and crude statements against African Americans
- Many other situations of violence and overt racism

Glory, edited or not, was never intended for 8th graders to see. The story of the Civil War and of the brave 54th Regimen needs to be told and to be included in our students' Civil War studies but not via a poorly edited, intensely inappropriate version of an *R* movie.

Mr. Kerrigan, I would appreciate it if you would lend me the following movies from your list for previewing: ***The Crossing, Two for Texas, Uncle Tom's Cabin, Brother Future or Night John, Remember the Titans (PG- it should have been PG13 or R for racist language), the Civil War series by Ken Burns), as well as Segments of Gettysburg. I promise to review them quickly and return them to you promptly.***

Ms. Boyle and Mr. Kerrigan, as I mentioned to you each last week, we are very proud that our son attends Glen Edwards and we think that the teachers and administration at the school possess a deep and lasting commitment to their students. However, despite our respect for each of your positions, my husband and I feel it is very important for us,

7.25

on the behalf of all students in the WPUSD, to make every effort to bring about a change within our school district.

The change we pursue is to have WPUSD revise their current policy regarding videos. We want the district to prohibit all PG, PG-13 or R-rated movies from use in *all grade levels* throughout the district. There is currently a policy that PG movies require written permission from parents for students to view them. However, since most PG movies so often contain adult language or subject matter, and/or racially derogatory statements, we also want the district to include PG movies as part of the restriction on classroom videos. *Therefore, we are also sending a copy of this letter to Scott Leaman, the Assistant Superintendent, Educational Services, to inform him that our ultimate effort concerns revising our school district policy concerning videos as instructional material.*

After reading some of the California Education Codes I noted that items 60044, 60045, 60046 & 60047 describe the kinds of instructional materials that shall be allowed (adopted) in the schools. I understand it is up to each school district to comply with the codes, which serve as guidelines for local district policies to be determined. The items in the California Education Codes, which relate to our complaints, are:

60044. No instructional materials shall be adopted by any governing board for use in the schools which, in its determination, contains:

(a) **Any matter reflecting adversely upon persons because of their race, color, creed, national origin, ancestry, sex, handicap, or occupations.**

(b) Any sectarian or denominational doctrine or propaganda contrary to law

60045. (a) All instructional materials adopted by any governing board for use in the schools shall be, to the satisfaction of the governing board, accurate, objective, and current and **suited to the needs and comprehension of pupils at their respective grade levels.**

In order to make changes to our local school district policy, we think we must first comply with the WPUSD policies and procedures regarding complaints about instructional materials. This process is described in (BP 1312.2 and AR 1312.2 *a*) of the WPUSD policies. Therefore, we are sending this letter to our principal, Ms. Boyle, describing our reasons for objecting to the inclusion of Glory and Remember the Titans as instructional materials. (After we are able to view the other videos on Mr. Kerrigan's list we may add more objections in order to have Tony removed from class at the time of their viewing.) The items in the policy referenced above are quickly summarized in my own words, below.

BP 1312.2 refers to the Governing Board and the criteria used to permit proper consideration of any complaints against the use of any instructional materials and equipment.

AR 1312.2 (a) refers to the procedures persons must follow in order to register a complaint.

Additionally, there is WPUSD AR 6161.11. It refers to audio-visual materials and requires a variety of restrictions including but not limited to K-8 schools needing written permission from parents for students to view anything other than G-rated movies. Also, if PG rated material is to be used, it must be written into the lesson plan with a rationale on file with the principal one week prior to the showing of the film. This all brings us back to this letter, which is our first step towards an effort to effect a change in the WPUSD policy regarding the use of videos.

(Ms. Boyle, we assume that your next steps will be to discuss all of this with Mr. Kerrigan and then to notify the Superintendent (Scott Leaman) or designee. After this, Mr. Leaman will set up a review committee composed of the principal and five or more staff members selected by the Superintendent. Then, within 30 days of the review committee being convened, they will write a summary, for final action, which will be given to the Scott Leaman. He will then notify us no later than 60 days after the complaint was filed about the outcome of the decision to be made. If we are dissatisfied with the decision, we can then schedule time to go before the School Board.)

Ms. Boyle and Mr. Kerrigan, we believe that both of you would agree that a classroom environment should be a safe haven where the emotional and intellectual safety of young minds are protected while each student is guided by his or her instructor through the learning of new information and subjects. If the new information is highly controversial or offensive then the knowledgeable instructor (as the teacher of facts and new information) will be challenged with decisions on how to present the information in a sensitive but informative way. He or she must choose their words and examples carefully in order to maintain their commitment to protecting the safe haven their students deserve while at the same time educating the students.

The safe haven is significantly disrupted when an R-rated movie like Glory is brought into the classroom. Suddenly, families must analyze their viewpoint about whether or not their child would benefit from sitting amongst their classmates and peers while they watch violent racists speak and act aggressively with their language and actions, to demean, demoralize, dehumanize and ultimately murder human beings because of the color of their skin. Should something be intentionally brought into the classroom that threatens to embarrass, humiliate, hurt, deeply offend and/or traumatize the students in the room? We don't think so and hence, this long letter to notify you of our plans and the reasons for them. We hope to prevent future students and families from being put in the situation in which we find ourselves today.

Instructional materials in school should not put us in the position of needing to ask that you excuse our son from a classroom full of his fellow students so he can avoid sitting amongst them as they all watch full blown racism and listen to the repeated use of the "n" word referring to people from his own racial heritage (or any other similar racist words describing any other racial/ethnic/religious group). He should not then, after being excused from the viewing, have to return to his class to listen to discussions of the same

movie. In our opinion, his and our feelings of trust in the teacher to educate in sensitive and wise ways will have been compromised.

Whether students remain to view the movie or are excused, all concerned will have experienced a serious threat to the dignified learning experience they deserve to share together. It should not be assumed that the only students who would feel frustrated and/or traumatized by watching Glory are people of color. Glory is about hard-core racism and war. It is a horribly tragic and deeply sad story for any human being who values humanity. It is a great Civil War movie intended for adults only.

Ms. Boyle and Mr. Kerrigan, we look forward to supporting your administration and instruction during the coming year and to working with you regarding the above described issues.

Thank you for your patience and understanding of our efforts in this regard.

Sincerely,

Norma Williams

October 10, 2005

Dear Mr. and Ms. Williams,

The district is in receipt of your letter dated August 23, 2005, concerning the use of the movies Glory and Remember the Titans in an eighth grade classroom at Glen Edwards Middle School. You challenged the use of the materials and requested Board Policy (BP) and Administrative Regulation (AR) 1312.2 be utilized concerning their use. The process outlined in regulation has been completed and the committee has delivered the results to my office for a decision. As allowed in Board Policy, I am acting as the Superintendent's designee on this matter.

A committee was formed at the school site as outlined in AR 1312.2 and was charged with analysis of the materials using the parameters in AR 1312.2 (a) which include, "the extent to which the challenged material supports the curriculum, the educational appropriateness of the material, and its suitability for the age level of the student." Using your letter, the materials you submitted, and other research obtained by the committee, their findings are attached.

Based on the committee's work, I am supporting the use of the materials in the classroom. BP 1312.2 states, "The Board believes the Superintendent and staff are well qualified to consider complaints concerning instructional materials. Complainants are advised to consider and accept the Superintendent or designee's decision as final. However, he/she may request that the matter be placed on the agenda of a regular Board meeting." If you would like to be placed on a Board agenda after looking through the committee's response, please contact me and I will schedule it for an appropriate meeting in the near future.

Sincerely,

Scott Leaman

(cf. 6161 - Selection and Evaluation of Instructional Materials)

The Superintendent or designee shall establish procedures which will permit proper consideration of any complaints against the use of any instructional materials, including textbooks, supplementary textbooks, library books, and other instructional materials and equipment.

The Board believes the Superintendent and staff are well qualified to consider complaints concerning instructional materials. Complainants are advised to consider and accept the Superintendent or designee's decision as final. However, if the complainant finds the decision of the Superintendent or designee unsatisfactory, he/she may request that the matter be placed on the agenda of a regular Board meeting.

The Board's decision in any such case will be based on educational suitability and will not be influenced by a desire to suppress information or deny students access to ideas with which the Board disagrees. *(cf. 6144 - Controversial Issues)*

RE: Curriculum Review Committee Summary Relative to Complaint Regarding Instructional Materials

DATE: September 30, 2005

This committee was convened to consider a formal written complaint with regard to two specific movies being utilized in an eighth grade social studies class at Glen Edwards Middle School. Norma and Tony Williams filed the complaint with Mary Boyle, Principal, with copies to Scott Leaman, Assistant Superintendent, and to Rob Kerrigan, teacher, dated August 23, 2005. In that complaint, Mr. and Mrs. Williams cite specific concerns with each of two movies, "Remember the Titans" and "Glory", expressing concern regarding their appropriateness for the eighth grade audience with which they were being used, and stating that the ultimate goal was to eliminate PG, PG-13 and R-rated movies from the Western Placer Unified School District curriculum. Per Administrative Regulations 1312.2 (a), the complaint was acknowledged in a phone conversation on August 24 between Mary Boyle, principal at Glen Edwards Middle School and Norma Williams. During that conversation, Mrs. Williams expressed full understanding of the complaint procedure, which is cited in the complaint. Mrs. Boyle telephoned Mrs. Williams on September 9 to let her know that Mr. Leaman was considering convening a committee shortly to review the complaint.

AR 1312.2 (a) states that *"a review committee may be formed under the direction of the Superintendent or designee. It shall be composed of the principal and five or more staff members selected by the Superintendent or designee from relevant administrative and instructional areas directly related to the subject of the complaint."* The regulation goes on to state that the review committee *"shall consider the educational philosophy of the district; the professional opinions of other teachers of the subject and of other competent*

authorities; reviews of the materials by reputable bodies; the teacher's stated objectives in using the materials; and the objections of the complainant." The charge of the committee is to *"determine the extent to which the challenged material supports the curriculum, the educational appropriateness of the material, and its suitability for the age level of the student."*

In convening this committee to consider the complaint, care was given to include teachers with an understanding of both the California content standards for eighth grade and the social/emotional needs of eighth grade students. All teachers on the committee teach eighth grade social studies, language arts or both. In considering Mr. and Mrs. Williams' complaint, all committee members read the complaint itself, AR 1312.2 (a) and AR1312.2 (b) regarding Complaints Concerning Instructional Materials, and AR6161.11 regarding Audio-Visual Materials. All committee members viewed both movies in question – "Glory" and "Remember the Titans" in advance of their meeting on September 21 to consider the complaint and to complete the committee's charge.

During the course of the meeting, the committee seriously considered the objections voiced by Mr. and Mrs. Williams, specifically ".... to the inclusion of "Glory" and "Remember the Titans" as instructional materials", specifically objecting in "Glory" to "....repeated use of the 'n' word; ...racist conversations and acts of aggression; demeaning, derogatory and crude statements against African Americans; many other situations of violence and overt racism..." The committee also considered the Williams' additional concerns regarding the appropriateness of these materials for eighth grade students.

In considering this complaint, it is important to note that the version of "Glory" that is used in the classroom is the educationally edited version, not the R-rated version. "Remember the Titans" is rated PG.

The following summarizes the committee's findings.

1. <u>Extent to which the challenged material supports the curriculum.</u>

   The California Content Standards for eighth grade are based on the History-Social Science Framework for California Public Schools, copyright 2001. That Framework calls for 17 distinguishing characteristics, including #8: "...incorporates a multicultural perspective throughout the history-social science curriculum.....reflect the experiences of men and women and of different racial, religious and ethnic groups....." (page 5); #13: "....encourages teachers to present controversial issues honestly and accurately within their historical or contemporary context.....students should try to see historical controversies through the different perspectives of participants...." (page 7); and #16: "...supports a variety of content-appropriate teaching methods that engage students actively in the learning process...video resources...can provide invaluable resources for the teaching of history...." (page 8)

7.2.12

The Framework goes on to suggest that as part of the goal of developing students' democratic understanding and civic values, they should "recognize the status of minorities and women in different times in American history. Students should be aware of the history of prejudice and discrimination against minorities and women as well as efforts to establish equality and freedom. Students should understand how different minorities were treated historically and should see historical events through a variety of perspectives." (page 21).

The History-Social Science Content Standards for California Public Schools for eighth grade (pages 33 – 39) include Standard 8.9 – Students analyze the early and steady attempts to abolish slavery and to realize the ideals of the Declaration of Independence, and 8.10.5 – Students analyze the multiple causes, key events and complex consequences of the Civil War and study the views and lives of leaders and soldiers on both sides of the war, including those of black soldiers and regiments.

The educationally edited version of the film, "Glory", chronicles the lives of a young white captain and two black soldiers, one young, one older, fighting for the Union in the Civil War. The film documents the bravery of the Black 54th Massachusetts Infantry in the Civil War as it deals with race, discrimination and coming to terms with racial prejudice. It chronicles the journey of white soldiers facing their racial prejudice and black soldiers dealing with their anger. Included in the film are serious battle scenes, such as that of the Battle of Antietam, references to the Emancipation Proclamation and historical figures such as Frederick Douglas who states, "We will offer pride and dignity to those who have known only degradation." Also included in the film are derogatory statements of white soldiers to black soldiers, of black soldiers to white soldiers, and of soldiers of the same race to one another. Several powerful moments in the film illustrate the impact of racial prejudice on one's character, including the older black soldier played by Morgan Freeman challenging his younger black counterpart (Denzel Washington) on his use of the "n" word to describe his fellow black soldiers and a brigade of white soldiers who had previously disparaged the black 54th cheering them as they left camp for the assault on Fort Wagner. The movie ends with the bodies of the white captain (Matthew Broderick) and the young black soldier (Denzel Washington) lying side by side, having died for a common cause and the note that over 180,000 men of color then volunteered for the Union Army as word of the 54th Infantry spread, and an order was given to allow blacks to join.

In the movie, "Remember the Titans," an African American coach is called to integrate a public high school in the South in 1972, displacing his very successful white coaching predecessor. As the coaches and the players at the school struggle with and resolve the racial tensions, they set the example of acceptance and character for the remaining teachers, students and citizens of their community. The movie includes a training run to the Gettysburg Cemetery, where the African American coach explains that "50,000 soldiers died fighting the same fight we're still fighting today...." The movie includes racial slurs on the parts of both the white students and

the African American students. It also portrays prejudice toward a long-haired young man from the west coast.

Both films, "Glory" and "Remember the Titans," support the curriculum by presenting stories of racial prejudice and discrimination, allowing students to "reflect on the experiences of men...of different racial, religious and ethnic groups", "see historical controversies through the different perspectives of participants" and becoming "aware of the history of prejudice and discrimination....understanding how different minorities were treated."

2. Educational appropriateness of the material.

Both "Remember the Titans" and "Glory" are stories of conquering prejudice, presented in film. Visual representations can cement information in students' minds in a way that print sometimes cannot. The films allow a visual depiction of historical events, presenting information visually as well as auditorally. Both videos are shown after a study and discussion of events leading up to the Civil War, and are accompanied by stops in the showing to discuss various scenes, note-taking and post-film writing and discussion. The 54th Massachusetts Regiment is included in our district-adopted textbook, Call to Freedom (pages 591 – 592). The implications of racially prejudicial terms are discussed in the class.

"The NAACP Image Awards is the nation's premier event celebrating the outstanding achievements and performances of people of color in the arts as well as those individual or groups who promote social justice." (Image Awards website) Denzel Washington was presented with the Image Awards Outstanding Supporting Actor in a Motion Picture in 1992 for his portrayal in "Glory," clearly noting the exceptional quality of the film.

3. Suitability for the age level of the student.

Students in the eighth grade are generally thirteen to fourteen years of age. At this age developmentally, students are questioning their world, looking for meaning and sometimes trying on new identities. It is not uncommon for middle school students to engage in behavior that excludes others in order to promote themselves. It is a time when teasing can become particularly problematic and discussions of character can be taken seriously.

The Christian Answers Spotlight website (9/20/05) reviewed "Remember the Titans," noting its PG rating, awarding it a moral rating of "good," with a primary audience being "age 8 to adult." It states, "There are some real character building lessons in the movie." One viewer, age 44, reviewed the movie, stating "This movie really touches many aspects of racial relationships. The communication is excellent and

7.2.14

actually references the times/moods/attitudes of people during that time in America in Virginia. It is absolutely encouraging to see the hardness of the coaches break down and unify. To see the team develop into a unit that pulls together....is tremendous....the movie is an OUTSTANDING discussion film ..."

Western Placer Unified School District requires positive parental permission (AR6161.11) before students are allowed to view films with anything other than a "G" rating. Parents with concerns about the movies in question may exempt their children from viewing those films, with alternative assignments provided. (See attachments).

Conclusions:

It is the conclusion of this committee that both the educationally edited version of "Glory" and the standard version of "Remember the Titans" (PG) are excellent films that support the curriculum, are educationally appropriate and are suitable for eighth grade students. We endorse the continued use of these films to augment the eighth grade social studies curriculum, with positive parental permission for student viewing, as a way to encourage students to think about and discuss difficult societal issues, thereby encouraging students in their development of character and a sense of humanity, synthesizing historical past and present experiences.

Original Complaint
Memo to Curriculum Committee

b. (cf 6161; 2nd paragraph; The Board believes that the Superintendent, designee and staff are "well qualified" to consider complaints concerning instructional materials.) Being a qualified teacher, principal, or vice principal does not also mean that they are unbiased in their opinions regarding the materials, or, that they have nothing to fear or lose by agreeing with the complaint.

c. If a Board Policy, by its definition, permits reviewing committees to be created that have the potential to be 100% biased in judging the issues that the committee is presented with, then the Board Policy *and* the procedure simultaneously support the strong likelihood that biased decisions will be made by the committee.

d. (cf. 6161; 3rd paragraph) – The Board cannot make an informed and unbiased decision regarding the "educational suitability" of the objected to instructional materials *if* the original procedure to analyze the materials permitted it to be reviewed by a potentially 100% biased committee; *and,* if the Board must rely on the resulting analysis of a biased committee to understand and review the issues being raised by the appeal.

As we mentioned above, please schedule our appeal to the WPUSD school board on the soonest possible future agenda. Thank you.

Sincerely,

Norma & Tony Williams

Mr. Scott Leaman
WPUSD

Dear Mr. Leaman,

We received the WPUSD response to our complaints regarding the use of PG, PG-13 and R-rated movies in our local classrooms. In particular the response addresses the use of the movies Glory and Remember the Titans. The committee you brought together has decided that the movies will remain part of the 8th grade curriculum. We have asked you to put our appeal of this decision on the agenda of the WPUSD (on the soonest possible date).

We are appealing the decision of the review committee for the following reasons:

1. The committee members were not an unbiased group. The following information supports this statement:

a. The committee was made up (100%) of current Glen Edwards Middle School employees -- GEMS' 8th grade teachers, the principal and the vice principal – all of whom have supported the use of the movies in question for many years. *This means they decided previously that the movies are acceptable and appropriate in their opinions.*

b. Because the committee is currently employed by the WPUSD, their understandable *fears concerning personal job security and teaching/leadership reputations* within the school and school district (as well as concerns about negative repercussions from their peer teachers, from the school administration, from the school district and from parents) more than likely influenced their thinking, discussions and conclusions.

Question: Why would we choose people who are *using* the material to judge whether or not they are doing the right thing by using the material?

2. The Board Policy 1312.2 (COMMUNITY RELATIONS, Complaints Concerning Instructional Materials) *should be revised for the following reasons:*

a. (cf. 6161; 1st paragraph – Selection and Evaluation of Instructional Materials). This policy gives the Superintendent or designee the power to establish a procedure that may result in an improper (biased) consideration of complaints against instructional materials.
