5. REPORTS & COMMUNICATION

5.1 Lincoln High, Student Advisory – Andrea Ayala – Not present

5.2 Western Placer Teacher's Association – Mike Agrippino – No report

5.3 Western Placer Classified Employee Association – Joe Ross – Not present

5.4 Superintendent - *End-of-Year Report* – Mr. Yohe reported on the "End of Year Report", and highlighted a few areas of the report. He included examples on what the sites have done for goal #1, in regards to testing. Next goal reviewed was #6, there are 50 examples of the things that are being offered to the parents to keep involved and connected in our district. Mr. Yohe informed the board that Kelly Castillo, the new Foskett Ranch principal had planned on attending tonight's meeting, but may have not made it due to a conflict with the Placer County Fair. Mr. Yohe also reported on working with NTD/EDGE on the construction of our facilities. Foskett will be completed by July 15th. The Middle School will be coming out of the ground sometime in July. NTD is working on the construction of Lincoln Crossing Middle/Elementary Schools. Williams

and Paddon, are the architects handling the planning for the new district office/city hall building. There have been no salary or benefit settlements between Certificated/Classified Associations. In early fall, we will begin negations with the different associations. He informed the board of trustees about his trip to Atlanta, to represent the City of Lincoln in the participation of the All America City. Lincoln was nominated as one of the finalist, there are 30 within the United States.

5.5 Assistant Superintendent(s)

5.5.1 Jay M. Stewart

a. Budget & Facilities Update: Reported he will be planning a meeting in July, around the 12th, to put together a master plan, with projected facilities and where the funds will come from. This report will be brought to one of the August meetings. Foskett Ranch is continuing as scheduled, Joiner Parkway will be paved by end of June, curb and gutter should be completed by the end of the week. The completion date for Foskett Ranch is July 15th. Mrs. Eustice asked about putting the completion of the school on the August agenda. Mr. Yohe assured her the school would be completed by the start of school. Looking at the possibility of having the first board meeting in August at Foskett Ranch, this will be considered. Mr. Stewart reported our district is really hitting the State Department pretty hard for funding on the new facilities. We have received 15 million dollars to date from the state. Mr. Sonnenburg thanked Mr. Stewart for all his hard work, and diligence.

5.5.2 Scott Leaman

a. Program Focus Area: *2004-05 Staff Development Buy-out Program Participation* – Reviewed the chart included in the board packet showing most attended workshops. Teachers are being reimbursed for attending workshops at the district, which came to a total of 2,000 hours of staff development. We had 160 teachers that completed the full 18 hours, this all takes place after a regular work day. He reported summer school is up and running, with grades K-12th, and an attendance of 300 students. The district is in the process of adopting a new student information system AERIES, which will be replace our current system SASI, this system will allow us to draw upon more capabilities. STAR test scores come out sometime in July, and students test scores will be mailed to parents during the summer. The district will purchase a new English language series for K-5.

5.5.3 Bob Noyes, Personnel Director – Reported we have hired 22 teachers to date, 20 of them are eligible for BTSA. He also informed them that things could change as student numbers

come in, and we may have to hire more staff if needed. We have also increased our classified staff, and may need additional staff.

6. PUBLIC HEARING

6.1 ADOPTION OF THE FY 2005-06 BUDGET

This public hearing provides the community the opportunity to ask questions and provide comments regarding the adoption of the District's FY 2004-05 Budget.

Mr. Sonnenburg opened the meeting to call for a public hearing, and asked for any questions. Receiving no questions, the hearing was closed.

7. ♦ACTION ♦DISCUSSION ♦INFORMATION

CODE: (A) = Action (D) = Discussion (I) = Information

7.1 (D/A) ADOPT DECLARATION OF NEED FOR FULLY QUALIFIED EDUCATORS – Noyes *(04/05 G & O Components I-IV)*

Each year the District must declare that there are an insufficient number of certificated persons who meet the district's employment criteria for the positions listed on the attached form. The declaration shall remain in force until June 30, 2006.

Mr. Noyes gave a brief description of this adoption, he explained it's like an insurance policy. The district is able to place someone who is not fully credentialed for the position. A motion by Mr. Mentze, seconded by Mrs. Eustice, and passed by a unanimous vote.

7.2 (D/A) APPROVAL RESOLUTION 04/05.40 ACCEPTING A GRANT DEED FOR THE TWELVE BRIDGES HIGH SCHOOL SITE FROM PLACER HOLDINGS, INC. – Stewart *(04-05 G & O Components V)*

The attached resolution authorizes the Western Placer Unified School District to accept title for the Twelve Bridges High School site from Placer Holdings, Inc.

A motion by Mr. McLeod, seconded by Mrs. Eustice, and passed by unanimous roll call vote to approve resolution 04/05.40 accepting a grant deed for the Twelve Bridges High School site.

7.3 (D/A) ADOPTION OF THE FY 2005-06 DISTRICT BUDGET AND THE APPROVAL OF THE STATE FINANCIAL REPORTS – Stewart *(04-05 G & O Components V)*

The FY 2005-06 District budget and State financial report will be presented to the Board of Trustees for review and discussion.

Mr. Stewart informed the board of trustees of a correction on page 7.3.4 to read ($102,792). There was a lengthy discussion on different issues that need to be addressed, depending on how we close out the books this year, this will make a difference for next year's budget. He reported the district continues to be conservative on personnel, and only hiring where we need. This budget is a good conservative budget, which does not include salary and benefits. A growth of 251 is expected for the 05-06 school year. Mr. Stewart explained the system that is determined for class size reduction depending on amount of students at the specific site.

He reviewed the budget criteria and assumptions. Earl brought up the question about Special Education costs, in reference to the charges from Placer County Office of Education. Mr. Stewart explained, he and Mr. Leaman are working on bringing some of the programs back to our district, to help minimize the cost of special education services provided to our students. Mrs. Eustice questioned the reason for such a large increase in the amount. Mr. Stewart reported this is a high priority for our district to look into, and we will be looking for answers from Placer County Office of Education. Another service the district is looking at taking back is our special education transportation. This is one of the largest charges to our district. We don't have many services available within our district, so our district is looking at opening a special education center within our district, but this will be long range consideration. Mr. Stewart is hoping to meet with the Placer County business department on special education charges, and indirect charges. Roger indicated this is a hot topic within the superintendent's of Placer County. Mr. Sonnenburg felt that special education is a topic that needs to be addressed, it is out of control.

After much discussion a motion by Mr. McLeod, seconded by Mrs. Eustice, and passed by a unanimous vote to adopt the budget for the 2005-06 year.

8. COMMENTS - BOARD OF TRUSTEES

8.1 FUTURE AGENDA ITEMS

The following are a number of agenda items that the Board of Trustees has been monitoring. They are NOT action items for tonight's meeting, but are noted here for continuing purposes and to ensure that when there are

changes or new information they will be called up as Action/Discussion/Information.

- Relationship with Sierra Community College
- Carlin C. Coppin Elementary School Land Plan/Gladding Parkway
- Budget Suspensions for the 2004/05 School Year.

8.2 BOARD MEMBER REPORTS/COMMENTS

Melanie Eustice – Wished everyone a Happy 4th of July, and expressed her thankfulness for her freedom. She shared a quote from Thomas Jefferson.
Earl Mentze - Reported this was another good year and we're doing well.
James McLeod – Working on funds for "Safe Routes to School" grant. Reported there will be work done on "L" street between GEMS and LHS, there will be curb and sidewalks around all the schools. Feels they will not be able to fund the whole program, but will fund what they can. Mr. McLeod will bring information on the "Safe Routes to School" program to the first board meeting in August, he also handed out information on traffic controls for school areas. This is an exercise that takes place between the City, Police department and the school district.
Dennis Sonnenburg – Reported on the Education Foundation meetings regarding the OLE property, who meet once a month. The acreage is being developed by West Park, any funding coming in will be used for a nature center, and trails. He also sits in on the advisory meetings to the planning committee. At the last meeting they discussed City boundaries, they moved the suggested boundaries to include the farm acreage, which will one day be a high school. Another item discussed was to set up a special meeting to evaluate the Superintendent. After some discussion, a meeting was scheduled for July 7th at 5:30 p.m. at Mr. Sonnenburg's home.

4. COMMUNICATION FROM THE PUBLIC

Mrs. Karen Roberts reported on the joint library with Sierra College, the ground breaking will be in September, and the completion is looking closer to November 2006. There was discussion of cost savings on hardware. The City is in the process of scheduling interviews for Library Director. The next meeting will be July 18th in the Staff Development Room. Mrs. Roberts also reported on the Aires training that took place for attendance and staff. Another item presented concerned Lincoln High School graduation, including an idea for getting the older folks to their seats so they don't have to walk so far to the stadium bleachers. Someone could contact Sun City to see if they would be willing to help out next year during graduation.

5. REPORTS & COMMUNICATION

5.1 Lincoln High, Student Advisory – Andrea Ayala – Not present

5.2 Western Placer Teacher's Association – Mike Agrippino – Introduced Daniela Thompson, sixth grade language arts teacher at Glen Edwards, as the Western Placer Teachers Association's new first vice president. And is looking forward to working with her. He read a statement, "The Representative Council has asked me to clarify a couple of items from the last school board meeting at Carlin Coppin. Regarding the calendar for the next school year, the teachers association does not determine the start and stop dates of any school year unilaterally. They are negotiated with the district. Both parties agree to these dates each year. The placement of zero days, vacations, and minimum days are decided by the district. Regarding salary negotiations, while it is true the association has agreed to suspend negotiating until the start of the next school year, we have made a salary proposal to the district. Hopefully, the school board has had an opportunity to review it." He also sent out condolences to the family and friends of Sue Ueltzen.

5.3 Western Placer Classified Employee Association – Joe Ross – Not present

5.4 Superintendent – Superintendent's Evaluation – (Mr. Leaman spoke on behalf of Mr. Yohe) He handed out booklets to the board of trustees concerning the Superintendents Evaluation. Mr. Sonnenburg informed the board about a meeting in regards to the superintendent's evaluation, this will be scheduled during the June 21st board of trustee meeting.

2.1.10

5.5 Assistant Superintendent(s)

5.5.1 Jay M. Stewart – No Formal Report

a. Budget Update:

b. Facilities Update: - Mrs. Eustice asked for an update on Foskett Ranch. Mr. Stewart gave a brief update as requested. PG & E has been working on the electrical and it should be completed by the end of June. They are also working on the access to Foskett Ranch, with asphalt, and paving. Playground equipment is going in; furniture is scheduled to be delivered on time. Things are going in a more orderly fashion. The Principal will start July 1st. Ken Gammelgard in working on the progress day to day. Mr. Sonnenburg requested the new principal, Mrs. Castillo, attend a board meeting, so the board of trustees can meet her.

5.5.2 Scott Leaman

a. Program Focus Area: *2004-05 Staff Development Buy-out-Program* – Mr. Leaman discussed staff development and how the process works. We offer many programs that end on June 30th of each school year. Compensation is paid to teachers and staff for attendance. Teachers are able to pick which ever workshops they would like to attend. These are after hour programs for them to earn extra hours and receive pay or units.

5.5.3 Bob Noyes, Personnel Director – Not present

6. ♦ACTION ♦DISCUSSION ♦INFORMATION
CODE: (A) = Action (D) = Discussion (I) = Information

6.1 (I/D/A) STATUS OF MIDDLE GRADES PROGRAM AT SHERIDAN – Leaman *(04/05 G & O Components I-IV)*

After discussion at the last Board meeting, district staff was asked to explore delivery options for the middle grade students at Sheridan School. The following actions were taken and will be shared:

- Results from a parent information/input night held at Sheridan School
- A Survey was distributed at the information night and results tabulated
- Parents comments were collected
- Impacts of program options were researched
- Staff input solicited

Mr. Leaman reported on the meeting that was held at Sheridan on May 24th in regards to the middle school program. He reviewed the surveys and comments gathered from the meeting. Mr. Sonnenburg opened the meeting for comments from the audience on this subject.

2.1.11

- **Rebecca Neilson** – currently has a son attending Sheridan, had other children who have attended Glen Edwards Middle School and felt they were lost, and doesn't want children on the bus for 2 extra hours. Currently there isn't enough room on the bus, and feels another will be needed. She feels the children will suffer at Glen Edwards Middle School.
- **Abby Castillo** – Graduated from 8th grade, and is currently attending Lincoln High School and feels she has done well coming from Sheridan. Has a brother attending Sheridan School, and has relatives attending Glen Edwards Middle School who are not doing so well.
- **Eddy Yepez** – Felt he got individual attention while attending Sheridan, and feels he as done well at Lincoln High School, he attended Sheridan through 8th grade.
- **Lee Bashion** – Represents the Advisory committee in Sheridan, and feels Students will have problems with the bus routes and traffic, it will cause the students to be late to school.
- **Jenny Flanngan** – Spoke on the difficulties and the structure of our 6th, 7th, 8th grade students and receiving kids from other areas including Glen Edwards Middle School that come to Sheridan needing extra help. Staff can see a problem with the bussing. Feels it is unfair, and the district needs to hire someone to do each of the jobs of principal and teacher. She read the falling statement "Greatness is born in spirit of the individual who in despite the circumstances chooses to strive for the goal, a mark of academic excellence and integrate of creator."
- **Julie Huff** – Feels if you make a spontaneous decision, because this decision came so quick, it will have a harmful effect on their future. Feels like the focus needs to be more on the children then academics and this will help 6-8th graders this will make it better. Also feels that sending them to a larger school, you will lose those students who need extra special attention.
- **Kim Knight** – She expressed it was nice to have met with some of the board members at the May 24th meeting. Shared the statement "If it's not broken don't try to fix it." She is concerned about the timing and when notice was received on this change. A lot of parents are concerned. She moved to Sheridan for the purpose of having her children attend Sheridan School. Students will be on the bus for too long and especially dangerous Hwy. 65. She felt by transferring students at this young age it could cause an effect to their emotional state. Three weeks in not enough time to make this decision and she would like to request to have other meetings. There are other alternatives to be considered with no rush decisions. She felt social activities are not a good enough reason to move the children.
- **Kim Smith** – Has a 10 year old son, and is happy having him at Sheridan. Social activities are the responsibility of the parents. It is not that important to have their child participate in school social activities. He discussed financial figures and felt it would be rather costly to make any decisions at this time.
- **Juan Fernandez** – His children attend Sheridan School and they really like it there. The children can walk to school and he does not want their children

2.1.12

spending time on the bus, where there will be a lot of trucks on the road. Felt we need to give it more time and there are other ways around this issue.

- **Maria Padilla** – All the students are so close, they all know each other. Some of the students would be nervous attending Glen Edwards Middle School. The students feel close to one another at Sheridan School.
- **Dena Bowen** – Has children attending Sheridan, also had a student who attended, a school in Sacramento, and is now attending Sheridan and feels comfortable with her son there considering his health issues.
- **Michelle Rowe** – Representing her family, also co-chair for the SBLT at Sheridan. She has been at Sheridan for many years, and has seen made major changes. Parents are very involved and separating students could cause that to change. The school is the center of Sheridan, moving the focus will take away the focus on the school. Mr. Knutson has made many positive changes and has done so much for the school.
- **Jenny Flannagen** – Her son attends Sheridan, feels Sheridan can provide a good education for her son.
- **Audience comment** – Does not feel the survey is accurate considering not all parents from Sheridan completed this survey.

Mr. Leaman talked about the issues that were discussed at the May 24th meeting. The afterschool program will continue next year, Jill Miles is now a fulltime teacher at Sheridan, and administrative issues were taken very seriously. The district will not be taking Mr. Knutson off the campus so much, looking at putting in a 2 hour health aide clerk out at Sheridan, and looking at a Charter school with a K-5 configuration. Looking at meeting with parents on an ongoing basis with charter as a possibility.

Board comments on this subject:
Paul Long – Thanked the parents for attending both meetings, just want parents to know the board does not want to shove this change down your throats, feels we need to increase the numbers and give parents an option to attend Lincoln if they choose to. Cost is a factor. Want to make discussion in the best interest of the students, good decisions will be made.

Earl Mentze – Apologized about his abruptness at the May meeting and thanked them for coming out and showing concern. He was very excited to see every one from Sheridan. We also had other Sheridan folks that were not at the meeting, polarized community, the school board must follow policy, Sheridan is a unique situation, as he agreed with Mr. Long, he agreed with the community, doing something overnight would not be in the best interest to the students, and felt there is beautiful education in Lincoln, felt the need to introduce the parents from Sheridan, and show them what is in Lincoln, and in Charter schools, this can be exciting it's possible to look at that alternative, maybe a charter school will work in Sheridan. He felt the administration can come together in a timely manner and work this out.

James McLeod – Thanked everyone who came out tonight. Our Policy reads our elementary schools are K-5 in our district, Sheridan is an exception. He felt Sheridan needs a full time administrator, but has not seen a cost yet. He cannot support moving students this year, would like to see a larger outreach, and would like to see work to achieve the goals.

Melanie Eustice – Thanked the parents for attending tonight, working on being able to provide options, a decision like this should not be made overnight. Feels the need for a task force to be formed, and report back in 1 year. She would like to see a report in January or sooner. Still felt there are issues of a fulltime administrator, being there was once a principal, and why has that changed? Feels Sheridan deserves a fulltime principal, and feels they will value having a fulltime principal.

Dennis Sonnenburg – A lot is happening in our district, we can not make any decisions right away, or to take any action which requires money. I think we need to sit tight. We are in the process of building a new Middle School. He shared his experience of being a teacher for 12 year, and a principal for 20 years. Education is about connections and making things work between everyone. Entertained a motion to draw this subject to a close and Mr. Leaman getting together with Mr. Knutson, Sheridan Principal about putting together a task force and work with the Sheridan community on the different options. Mr. Leaman felt a plan needs to be brought back to the board, with timelines, and movement on the 8th graders during the 2nd meeting in August.

Earl Mentze – Felt the need to leave tonight's meeting with which way we're facing, he is thrilled that the discussion is about the very thing we're doing for education, and that we have a since of direction.

The consensus of the board is to form a work forum with 2 board members, community members and staff.

Mrs. Eustice made a motion, seconded by Mr. McLeod, and passed by unanimous vote that Sheridan remain a K-8 school for next year.

Mr. Leaman - felt we need to bring back a plan at the August meeting, with an ad hock committee, 2 board members, staff and community members. Plan for the meeting in early September. Looking at charter, moving 6-8, or keeping it the way it is and other options, and also looking the issue of having a full time administrator. With a qualified budget Mr. McLeod did not see a full time principal at Sheridan at this time.

Elena Yepez – Reported on a meeting where parents came to voice their opinion on a fulltime principal. Asked, where was the money used from the full time principal position that was not filled after Mrs. Pezanoski left? Mr. Stewarts answer was, the monies that came from the Sheridan principal were used in other areas.

2.1.14

Karen Roberts – Questioned the cost of a lead teacher, as to a fulltime Principal.
Kris Knutson – Reported communicating with the Sheridan public has help them understand what changes are taking place. Sheridan will gain a K-5 in the future. Sheridan will never be without a school.

Julie Huff – With the cost to move students to Lincoln, it would be cheaper to put in a full time principal.

6.2 (D/A) APPROVE RESOLUTION 04/05.36 OF THE BOARD OF TRUSTEES OF WESTERN PLACER UNIFIED SCHOOL DISTRICT AUTHORIZING THE ISSUANCE OF 2005 TAX AND REVENUE ANTICIPATION NOTES FOR SAID DISTRICT AND REQUESTING AND BOARD OF SUPERVISORS OF PLACER COUNTY TO ISSUE SAID NOTES – Stewart *(04/05 G & O Components I-IV)*

Tax and Revenue Notes (TRANS) are a short-term borrowing strategy used to finance and eliminate cash flow deficits or potential deficits in the General Fund. It is not unusual for school districts to experience cash flow deficits in the months just prior to the receipt of property tax revenues.

A motion was made by Mr. McLeod, seconded by Mr. Eustice, and passed by a unanimous roll call vote to approve resolution 04/05.37 authorizing the issuance of 2005 tax and revenue anticipation notes for said district and requesting and board of supervisors of Placer County to issue said notes.

7.1 FUTURE AGENDA ITEMS

The following are a number of agenda items that the Board of Trustees has been monitoring. They are NOT action items for tonight's meeting, but are noted here for continuing purposes and to ensure that when there are changes or new information they will be called up as Action/Discussion/Information.

- Relationship with Sierra Community College
- Carlin C. Coppin Elementary School Land Plan/Gladding Parkway
- Budget Suspensions for the 2004/05 School Year

7.2 BOARD MEMBER REPORTS/COMMENTS

Paul Long – Reported that the Lincoln High School graduation was very nice, he was very proud, speakers were great. He to also sent out condolences for Sue Ueltzen, and Frank Farnsworth whom which was a past board member, and there was a great write up in the newspaper on the Farnsworth Family. Earl had a great write up on Nels Tahti.

James McLeod – Reported on his participation in the Phoenix High School graduation, it was a very emotional graduation;
Melanie Eustice – Reported on her participation of the Lincoln High School graduation and thanked all students, parents and volunteer staff.
Earl Mentze- Reported on his participation of the Glen Edwards Middle School graduation.
Dennis Sonnenburg – Reported on his participation of the Glen Edwards Middle School graduation, he felt that splitting up the class was great.

T.L.S.

This letter is inform you of my intent to ~~retire~~ resign. My husband and I have recently purchased a business and it will require us to travel from state to state to promote it. This will require me to have to take a lot of time away from my position at Carlin C. Coppin. So I find it necessary to retire my position. I put in approximately 15 great years in the District, but I feel it is time to venture out on my own now.

Thank you for the wonderful opportunity of not only working with wonderful people but also great children.

Thank you again,

Certifications

As a condition for applying for and receiving Class Size Reduction Program funds (Chapter 610, commencing with Section 52120 of Part 28 of the *Education Code*), the Governing Board of the above named school district (or charter school) certifies that the following statements are true and accurate, as evidenced by a Board Resolution or an entry in the Board meeting minutes (please do not submit Resolution or Minutes to CDE):

1. The number of classes listed on this form under either Option One or Option Two in each eligible grade level is identified. [*Education Code* Section 52123(a)]
2. The pupil counts listed in Column 3 ("Number of enrolled pupils") on this form do not include special education pupils enrolled in special day classes full time, pupils enrolled in independent study, or charter school pupils enrolled in a home-study program for the full regular school day. Pupil counts listed in Column 3 are not greater than enrollment as of October of the previous calendar year. [*Education Code* Section 52123(b)]
3. A certificated teacher has been hired by the school district (charter school) and is providing direct instructional services to each class participating in the Class Size Reduction Program. There will not be more than an average of 20.44 pupils per such class. It is the intent of the school district that each certificated teacher will provide direct instructional services to each pupil enrolled in the separate class to which the teacher is assigned. [*Education Code* Section 52123(c)]
4. As part of its Class Size Reduction Program, the school district (charter school) will provide a staff development program for any teacher who will participate for the first time in the Class Size Reduction Program and provide direct instructional services for reduced-size classes in this program as specified in Certification #3. Appropriate training to maximize the education advantages of class size reduction will be provided to such teachers. This training shall include, but not be limited to, methods for providing each of the following: (1) individualized instruction, (2) effective teaching, including classroom management in smaller classes, (3) identifying and responding to pupil needs, and (4) opportunities to build on the individual strengths of pupils. [*Education Code* sections 52123(d), 52127]
5. The school district (charter school) will collect and maintain data required by the Superintendent of Public Instruction for evaluation of the Class Size Reduction Program. The data shall include, but not be limited to, individual test scores or other records of pupil achievement. Any data collected will be protected in a manner that will not permit the personal identification of any pupil or parent. [*Education Code* sections 52123(d), 52127]
6. Priority for reducing class size is according to the following order at each school site:
   - If only one grade level is reduced, the grade level will be 1st grade.
   - If two grade levels are reduced, the grade levels will be 1st and 2nd grades.
   - If three or four grade levels are reduced, the grade levels will be 1st and 2nd and then any combination of kindergarten and/or 3rd grade.
7. The Class Size Reduction Program has been implemented for 2004-05.
8. **The school district (charter school) will submit final enrollment counts on the J-7CSR form to the School Facilities Planning Division by May 5, 2006.**

BRING YOUR TEAM INTO FOCUS

INDEPENDENT CONTRACTOR AGREEMENT

1. This Agreement is entered into as of the ____ day of _____, 2005, between Western Placer Unified School District ("the Company") and Focal Point Resources, Inc., ("the Contractor").

2. **Relationship of Parties**. The Company hereby engages the Contractor as an independent contractor to perform the services set forth herein, and the Contractor hereby accepts such engagement. The Contractor will determine the method, details, and means of performing the services. Nothing in this Agreement shall be construed as creating an employer-employee relationship or as a guarantee of future employment or engagement. Contractor agrees to be responsible for all of Contractor's federal and state taxes, withholding, social security, insurance, and other benefits. The Contractor is not authorized to enter into or commit the Company to any agreements, and the Contractor shall not represent itself as the agent or legal representative of the Company.

3. **Duties, Term, and Compensation.** The Contractor's duties, term of engagement, compensation and provisions for payment thereof are attached as Schedule A, which may be amended in writing from time to time, or supplemented with subsequent estimates for services to be rendered by the Contractor and agreed to by the Company, and which collectively are hereby incorporated by reference.

4. **Expenses.** During the term of this Agreement, the Contractor shall bill and the Company shall reimburse him for all reasonable and approved out-of-pocket expenses which are incurred in connection with the performance of the duties hereunder.

5. **Confidentiality.** The information provided to the Contractor in the course of this work will be treated as client proprietary, unless otherwise noted or unless the information is available from open publication. The results of Consultant's work including the procurement of third party materials included in the Contractor's expenses will not be made available to anyone other than client, unless client grants specific written consent.

6. **Proprietary Rights.** The Contractor acknowledges that the services and products provided for the Company (hereinafter referred to as the "Materials") have been specially commissioned or ordered by the Company as "works made-for-hire" as that term is used in the Copyright Law of the United States, and that the Company is therefore to be deemed the owner of all copyrights of such Materials. The Company shall have exclusive rights to any materials acquired by the Contractor including reference materials. Generic information communicated or delivered to the Company in the course of this project orally, in the form of presentations, or in documents that report general industry knowledge are not subject to these terms.

2.7.1

7. **Choice of Law**. The laws of the state of California shall govern the validity of this Agreement, the construction of its terms and the interpretation of the rights and duties of the parties hereto.

8. **Arbitration.** Any controversies arising out of the terms of this Agreement or its interpretation shall be settled using an independent arbitration service in accordance with the rules of the American Arbitration Association, and the judgment upon award may be entered in any court having jurisdiction thereof.

9. **Modification or Amendment**. No amendment, change or modification of this Agreement shall be valid unless in writing signed by the parties hereto.

10. **Termination.** The Company may terminate this Agreement at any time with 30 working days' written notice to the Contractor. In addition, if the Contractor fails or to comply with the written policies or reasonable directive of the Company or materially breaches provisions of this Agreement, the Company at any time may terminate the engagement of the Contractor immediately and without prior written notice to the Contractor.

11. **Warranties**. The Contractor warrants that:
    a. Contractor's agreement to perform the services pursuant to this Agreement does not violate any agreement or obligation between Contractor and a third party; and
    b. The services as delivered to the Company will not infringe any copyright, patent, trade secret, or other proprietary right held by any third party; and
    c. The services provided by Contractor shall be performed in a professional manner, and shall be of a high grade, nature, and quality. The services shall be performed in a timely manner and shall meet deadlines agreed between the Contractor and the Company.

2.7.2

SCHEDULE A
SPECIFIC DUTIES, TERMS, AND COMPENSATION

DUTIES:

- The Contractor will provide technical and planning assistance to WPUSD in regards to its youth-built housing program hereafter referred to as the "Zebra Project."
- The Contractor shall collaborate with WPUSD to identify success measures and make policy recommendations to maximize community benefit.
- The Contractor shall coordinate housing, finance, and offsite construction activities with the City of Lincoln and third parties as needed.
- The Contractor will evaluate proposed sites to address possible environmental hazards.
- The Contractor will design and implement annual project budgets to maximize the Company's return on investment.
- In case of regulatory or statutory changes, the Consultant shall reevaluate Zebra Project budgets and policies; and shall recommend adjustments annually, or as needed.

The Contractor will report directly to Roger Yohe and to any other party designated by Roger Yohe in connection with the performance of the duties under this Agreement and shall fulfill any other duties reasonably requested by the Company and agreed to by the Contractor.

TERM

This engagement shall commence upon execution of this Agreement and shall continue in full force and effect for a period of thirty-six (36) months subject to annual review and renewal or earlier upon completion of the Contractor's duties under this Agreement. The Agreement may only be extended thereafter by mutual agreement, unless terminated earlier by operation of and in accordance with this Agreement.

FEES

As full compensation for the services rendered pursuant to this Agreement, the Company shall pay the Contractor the sum of $50,000.00 per project year, to be paid in quarterly installments commencing upon execution of this Agreement. The Contractor will submit invoices quarterly. Compensation to be funded from proceeds of the Zebra Project.

EXPENSES

The Contractor will be reimbursed for reasonable out-of-pocket travel and administrative expenses. Reasonable travel expenses include mileage reimbursement at 40.5 cents/mile (the current US GSA rate) and meals if required. Reasonable administrative expenses include copying (10 cents per page) and shipping if required. The Contractor will not be reimbursed for fax, DSL, printing, or telephone charges - unless said expenses are realized while traveling on behalf of the Company.

Dear County and District Superintendents and Charter School Principals:

2005 ACCOUNTABILITY PROGRESS REPORT

The purpose of this letter is to inform you of the upcoming release of a very important report. **On August 31, 2005**, the California Department of Education (CDE) will make public the 2005 Accountability Progress Report. This report will include all the elements used to determine Adequate Yearly Progress (AYP) for a school or local educational agency (LEA) as well as a summary of progress on the state Academic Performance Index (API). The CDE intends to provide schools and LEAs with an opportunity to review the data presented in the 2005 Accountability Progress Report (APR) prior to the public release. Information on this review will be forwarded to you in mid-August.

For a summary of key dates in accountability reporting for 2005, please refer to the timetable in Attachment 1.

2005 Accountability Progress Report

The structure of the 2005 APR has been substantially modified to improve readability, access to information, and integration of information on various state and federal accountability measures. A navigation bar has been added to the top of the report that will allow users to easily move between results for the state API, federal AYP results, and information on the federal Program Improvement (PI) designation of schools and LEAs in receipt of Title I funds. In addition, graphic displays of both state API and federal AYP data are provided.

This report for schools and LEAs provides information on:

- State API results that focus on the reporting of year-to-year growth in achievement;
- Federal AYP results that feature a comparison of school and LEA results against statewide targets; and
- Federal PI information indicating whether a school or LEA is required to implement specific intervention activities as a result of missing AYP for multiple years.

State API Results

The 2005 APR will include the 2004 Base API, the 2005 Growth API, and the schoolwide or LEA-wide growth in the API from 2004 to 2005, along with a graphic presentation of these data. The report will **not** indicate whether or not the school met its 2005 growth API

4.5.2.1

targets (schoolwide and subgroup) or API scores for numerically significant student subgroups. These data elements will appear as usual on the 2004-2005 API Growth Report, which will be released in October 2005.

Federal AYP Results

Federal regulations require that all California schools and LEAs receive an annual AYP determination. This report will include all the elements used to determine AYP for a school or LEA. The elements used to establish AYP in 2005 include:

- 2005 participation rate of 95 percent or greater in the assessments used to establish the percentage of students proficient or above for AYP;
- 2005 percentage of students proficient or above in English-language arts (ELA) and mathematics as compared to the Annual Measurable Objectives (AMOs);
- Schoolwide or LEA-wide 2005 Growth API; and
- Schoolwide or LEA-wide graduation rate for schools or LEAs with high school students (class of 2003-04).

The 2005 APR will include a breakdown of the participation rates and the percentage of students scoring proficient or above for all numerically significant student subgroups. The report will also include the 2005 Growth API and graduation rate, if applicable. A school or LEA must meet or exceed the annual targets for all four elements described above to make AYP in 2005. Detailed information about the AYP requirements is included in the *2005 Accountability Progress Report Information Guide*, which will be posted on the CDE Web site in mid-August.

The 2005 APR will incorporate a number of operational changes from the 2004 reports. These revisions have resulted from amendments to California's Accountability Workbook. All are effective for the 2005 AYP results and are **not** retroactive to the 2004 AYP results. Attachment 2 summarizes these amendments.

Federal PI Information

Unlike the past, the CDE will not produce a separate Title I Program Improvement Status Report in 2005. This year, information on a school's or LEAs PI status will be integrated into the APR on September 15, 2005. The 2005 APR will include information on whether a school or LEA is in PI, the year of PI implementation, and the prior PI status.

Attachment 3 specifies the 2005-06 PI identification criteria for schools and LEAs. Please note that it is the LEAs responsibility to notify all Title I schools of their PI status based on the 2005 AYP results reported in the 2005 APR and the 2005-06 PI identification criteria contained in Attachment 3. LEAs must ensure immediate implementation of all relevant

requirements for Title I schools that enter or advance in PI. More information on the requirements for schools and LEAs may be found at: *http://www.cde.ca.gov/ta/ac/ti/programimprov.asp.*

2005 AYP Appeals

All schools and LEAs have the opportunity to appeal their 2005 AYP results. Specific information on the grounds for appeal as well as appeal procedures will be sent to you on August 16, 2005. This communication will include instructions on obtaining an appeal form on the CDE's Web site.

Schools and LEAs are reminded that the accuracy of demographic and other background data submitted as part of the assessment process is the final responsibility of the school or LEA, not the CDE. As in 2004, the CDE is **not** accepting 2005 AYP appeals from schools and LEAs on the grounds that erroneous demographic or background data were submitted to the test publisher, Educational Testing Service (ETS), as part of the testing process. Appeals made on these grounds will be returned to the appropriate school or LEA without processing.

Schools or LEAs that discover errors in correctable data fields should correct the data through the test publisher as part of the Data Review Process. In particular, schools or LEAs should follow the procedures specified as part of the Data Review Process for the Standardized Testing and Reporting (STAR) Program, the California High School Exit Examination (CAHSEE), and the California Alternate Performance Assessment (CAPA). Details on this process will be mailed to schools and LEAs in August 2005.

Schools and LEAs with data corrections will remain in the same AYP status as reported on August 31, 2005, until the CDE receives all data corrections from the test publisher and posts revised AYP results. This will likely occur in late January 2006.

Questions about the contents of this letter should be directed to the Evaluation, Research and Analysis Unit at (916) 319-0875 or by e-mailing *evaluation@cde.ca.gov.*

William L. Padia, Director

4.5.24

Amendments and Changes to 2005 Adequate Yearly Progress Calculations

The United States Department of Education (ED) has approved a set of amendments to California's Accountability Workbook. This will result in changes to how the California Department of Education (CDE) calculates Adequate Yearly Progress (AYP) in 2005. The amendments include:

- If a local educational agency (LEA), school, or student subgroup does not meet the 2005 Annual Measurable Objective (AMO) in English-language arts (ELA) or mathematics based on the 2005 test results, the results will be averaged over two or three years to determine whether or not the LEA, school, or subgroup met the AMO.

- For schools and LEAs with less than 100 valid test scores, the confidence interval for determining whether or not a school or LEA met the 2005 AMO will be moved from 95 percent to 99 percent.

- If a direct-funded charter school did not test students in grades two through eight or grade ten, the school will be assigned the percent proficient of its charter authorizer.

- If a direct-funded charter school with high school students does not have a graduation rate, it will be assigned the graduation rate of its charter authorizer.

- If a county office school or program with high school students does not have graduation as a primary mission, it will be assigned the graduation rate of the county as a whole.

- In determining whether or not to identify a Targeted Assistance School (TAS) for Program Improvement (PI), the CDE will disaggregate the results for the socioeconomically disadvantaged (SED) student subgroup by all remaining student subgroups (i.e., ethnic, English learner and students with disabilities). If the SED group overall or any numerically significant student subgroup within the SED student subgroup does not meet the AYP criteria in the same content area for two consecutive years, then the school will be identified for PI. The school will also be identified for PI if the school overall does not meet AYP on the same indicator (Academic Performance Index or API, high school graduation rate) for two consecutive years.

- A confidence interval of 75 percent will be applied to the safe harbor test.

- Test results for students with disabilities who are enrolled in county office of education special education schools or programs will be assigned back to the district of residence for LEA accountability.

- Standard rounding rules will be applied in calculating participation rates for LEAs, schools, and numerically significant student subgroups with 100 or more students, i.e., 94.5 percent will be rounded to 95 percent.

- Participation rates for student subgroups will be calculated only if a student subgroup is numerically significant in terms of the valid test scores generated.

Finally, the CDE has secured approval to exercise the flexibility granted by the ED regarding students with disabilities on May 10, 2005:

- The CDE will adjust the 2005 percentage of students at proficient or above Annual Measurable Objectives (AMO) for the students with disabilities subgroup for any school or LEA that did not make AYP solely because the students with disabilities subgroup did not meet the AMO in either ELA or mathematics. The adjustment will be done by adding a numerical constant of 20 to the percent proficient in 2005.

Each of these changes will be summarized in the *2005 Accountability Progress Report Information Guide* that is scheduled for release on the CDE Web site in mid-August 2005.

2005-06 Program Improvement Identification Criteria

Only schools and local educational agencies (LEAs)[1] that receive Title I, Part A funds are evaluated against the Program Improvement (PI) identification criteria.

Schools

The determination of a school's PI status depends in part on whether the school is a Targeted Assistance School (TAS) or is operating a School Wide Project (SWP). This information is obtained from Part I of the 2005-06 Consolidated Application that was due to the CDE on June 30, 2005.

A Title I school operating a SWP that misses AYP criteria in the same content area (English-language arts or mathematics) or on the same indicator (Academic Performance Index [API] or graduation rate) for two consecutive years will enter PI.

In determining whether or not to identify a TAS for PI, the CDE will disaggregate the results for the socioeconomically disadvantaged (SED) student subgroup by all remaining student subgroups (i.e., ethnic, English learner and students with disabilities). If the SED group overall or any numerically significant student subgroup within the SED student subgroup does not meet the AYP criteria in the same content area for two consecutive years, then the school will be identified for PI. The school will also be identified for PI if the school overall does not meet AYP on the same indicator (API, high school graduation rate) for two consecutive years.

LEAs

An LEA that receives Title I funds and does not meet AYP criteria for two consecutive years in the same content area or on the same indicator will be initially identified for PI. For those LEAs that missed the Annual Measurable Objectives (AMOs) in the same content area for two consecutive years, a second criterion will be applied by examining grade span data (grades two through five, six through eight, and grade ten) within the LEA. If none of the grade spans within the LEA meets the grade span AMO in either of the last two consecutive years, the LEA will be identified for PI.

Additional information about the 2005-06 PI identification criteria for schools and LEAs, including examples will be included in the *2005 Accountability Progress Report Information Guide* and in the new PI Glossary that will be available in mid-September.

Any LEA or school identified for PI is responsible for implementing all relevant No Child Left Behind (NCLB) activities, regardless of pending or future appeals or data corrections. More information on the requirements for LEAs and schools may be found at: *http://www.cde.ca.gov/ta/ac/ti/programimprov.asp.*

[1] For the purposes of PI, an LEA is defined as a school district or a county office of education. Single-school districts and direct-funded charter schools are treated as schools for AYP and PI purposes.

2005 Adequate Yearly Progress (AYP) Criteria Summary

The following two tables summarize the AYP criteria for 2005. The first table displays the "standard" criteria, which apply to a school, local educational agency (LEA), or numerically significant subgroup that has at least 100 students enrolled on the first day of testing and/or at least 100 valid test scores. The second table displays the criteria for a small school, LEA, or subgroup that has fewer than 100 students enrolled the first day of testing and/or fewer than 100 valid test scores.

2005 AYP Targets, Standard Criteria

Standard Criteria (School, LEA, or subgroup has at least 100 enrolled first day of testing and/or at least 100 valid scores)	Requirement 1: **Participation Rate** on Statewide Assessments	Requirement 2: **Percent Proficient (AMOs)** on Statewide Assessments		Requirement 3: **API** as Additional Indicator	Requirement 4: **Graduation Rate** Indicator
	For schools, LEAs, and subgroups	For schools, LEAs, and subgroups		For schools and LEAs	For schools and LEAs
	ELA and Math	ELA	Math		
Schools					
Elementary or Middle Schools	95% (rounded to nearest whole number)	24.4%	26.5%	590 API or 1 point growth	N/A
High Schools	95% (rounded to nearest whole number)	22.3%	20.9%	590 API or 1 point growth	Meet at least one: • 82.9% • +0.1% one-year change • +0.2% two-year average change
LEAs					
Elementary School Districts	95% (rounded to nearest whole number)	24.4%	26.5%	590 API or 1 point growth	N/A
High School Districts (with students in any of grades 9–11 only)	95% (rounded to nearest whole number)	22.3%	20.9%	590 API or 1 point growth	Meet at least one: • 82.9% • +0.1% one-year change • +0.2% two-year average change
Unified and High School Districts and COEs (with students in any of grades 2–8 and 9–11)	95% (rounded to nearest whole number)	23.0%	23.7%	590 API or 1 point growth	Meet at least one: • 82.9% • +0.1% one-year change • +0.2% two-year average change

NOTES:

- AMOs = Annual Measurable Objectives
- A Title I school will be identified for PI status when it does not make AYP for two consecutive years in specific areas.
- An LEA receiving Title I funds will be identified for PI status when, for two consecutive years, it does not make AYP in specific areas and does not meet AYP criteria in each grade span (two through five, six through eight, and ten) in English-language arts (ELA) and mathematics.

4.5.2.8

2005 AYP Targets, Small School/LEA/Subgroup Criteria

Small school/LEA/ subgroup criteria (School, LEA, or subgroup has fewer than 100 enrolled first day of testing and/or fewer than 100 valid scores)	Requirement 1: **Participation Rate** on Statewide Assessments	Requirement 2: **Percent Proficient (AMOs)** on Statewide Assessments	Requirement 3: **API** as Additional Indicator	Requirement 4: **Graduation Rate**
	For schools, LEAs, and subgroups	For schools, LEAs, and subgroups	For schools and LEA	For schools and LEAs
	ELA and Math	ELA and Math		
Small School, LEA, or Subgroup	**51–99 enrolled first day of testing** 95% (rounded UP to nearest whole number) OR **50 enrolled first day of testing** Must test at least 47 students OR **1–49 enrolled first day of testing** Participation rate criteria do not apply.	**Fewer than 100 valid scores** For a school or LEA: Confidence Interval Adjusted AMO Table (will be in the *2005 Accountability Progress Report Information Guide*) For a numerically significant subgroup: Standard Criteria (see previous table on page 1)	**11 or more valid scores** 590 API or 1 point growth OR **Fewer than 11 valid scores** Confidence Interval Adjusted API Table (will be in the *2005 Accountability Progress Report Information Guide*)	**Fewer than 100 enrolled on first day of testing and/or fewer than 100 valid scores** Meet at least one: • 82.9% • +0.1% one-year change • +0.2% two-year average change OR If no graduation rate is available or the primary mission of the school is to return students to the regular classroom in a comprehensive high school, an alternate method is used.
A subgroup is numerically significant if it has:	For schools or LEAs with 100 or more students enrolled first day of testing: • Met the numerically significant criteria for AMOs AND • 100 or more students enrolled first day of testing OR • 50 or more students enrolled first day of testing who make up at least 15 percent of the total population	For schools or LEAs with 100 or more valid test scores: • 100 or more students with valid scores OR • 50 or more students with valid scores who make up at least 15 percent of the total valid scores	N/A	N/A
	A school or LEA with fewer than 100 enrolled first day of testing or fewer than 100 valid scores has no numerically significant subgroups for that indicator.			

NOTES:

- AMOs = Annual Measurable Objectives
- Participation rates for schools, LEAs, or subgroups with 1-49 students enrolled first day of testing will be printed on the report, but "N/A" will be printed in the "Met 2005 AYP Criteria" column.
- Percent proficient numbers and rates and APIs for schools or LEAs with fewer than 11 valid scores will be shown as "N/A" on the report, but results will be printed in the "Met 2005 AYP Criteria" column.
- A Title I school will be identified for PI status when it does not make AYP for two consecutive years in specific areas.
- An LEA receiving Title I funds will be identified for PI status when, for two consecutive years, it does not make AYP in specific areas and does not meet AYP criteria in each grade span (two through five, six through eight, and ten) in English-language arts (ELA) and mathematics.

March 2005

Overview of the

Academic Performance Index School Base Reports for 2004

The Academic Performance Index (API) was established by California's Public Schools Accountability Act (PSAA) of 1999. The API is a numeric index (or scale) that reflects the growth of a school's academic performance based on annual results of statewide testing.

Every public school (kindergarten through grade twelve) receives two API reports during the year. The first report, the API Base, shows the school's current level of academic performance and sets goals (or targets) for growth. The second report, the API growth, shows how well those targets were met.

This overview provides a brief description of how the API is determined and targets are set, the API reporting cycle, what the API Base report includes, and the API ranks.

How API is Determined

The 2004 API Base report, released in March 2005, is calculated with results of the 2004 Standardized Testing and Reporting (STAR) Program and the 2004 *California High School Exit Examination* (*CAHSEE*). The STAR Program includes the *California Standards Tests* (*CSTs*), the *California Achievement Tests, Sixth Edition Survey* (*CAT/6 Survey*), and the *California Alternate Performance Assessment* (*CAPA*). The *CAPA* is a standards-based test for students with significant cognitive disabilities, who are unable to take the *CSTs* even with modifications. Results used to calculate the API are called, "indicators." The following table shows the test indicators for the 2004 API Base. Indicators new to the API are shown in bold.

Test Indicators Used in the 2004 API Base

2004 Standardized Testing and Reporting (STAR) Program

- *California Standards Tests (CSTs)*
  - *The California English-Language Arts Standards Test* (*CST in ELA*) was included for all grade levels assessed: grades two through eleven, including a writing assessment at grades four and seven.
  - The *California Mathematics Standards Test* (*CST* in mathematics) was included for all grade levels assessed: grades two through seven, and grades eight through eleven for the following course-specific tests:
    - General mathematics (grades eight and nine only)
    - Algebra I
    - Geometry
    - Algebra II
    - Integrated mathematics 1, 2, or 3
    - High School Summative Mathematics Test
  - The *California History-Social Science Standards Test* (*CST* in history-social science) was included for **grade eight (NEW)**, ten (world history), and eleven (U.S. history).
  - The *California Science Standards Test* (*CST* in science) was included for **grade five (NEW)** and for grades nine through eleven for the following course-specific tests:
    - Biology/life sciences
    - Earth science
    - Chemistry
    - Physics
    - Integrated/coordinated science 1, 2, 3, or 4
- *California Alternate Performance Assessment* (*CAPA*)
  - The *California Alternate Performance Assessment* (*CAPA*) in English-language arts and mathematics was included for grades two through eleven. This *CAPA* is based on a subset of state academic standards.
- Norm-referenced test (NRT)
  - The *California Achievement Test, Sixth Edition Survey* (*CAT/6 Survey*), was included for all content areas at **grades three and seven only (NEW)**. The content areas for grades three and seven included reading, language, spelling, and mathematics.

2004 California High School Exit Examination (CAHSEE)

- The *California High School Exit Examination (CAHSEE)*, administered in February and March 2004 (and May for make ups), was included for grade ten. The *CAHSEE* covers English-language arts and mathematics.

4.5.2.10

API Measures Growth and Compares Performance

Under state law, the API has two major purposes:

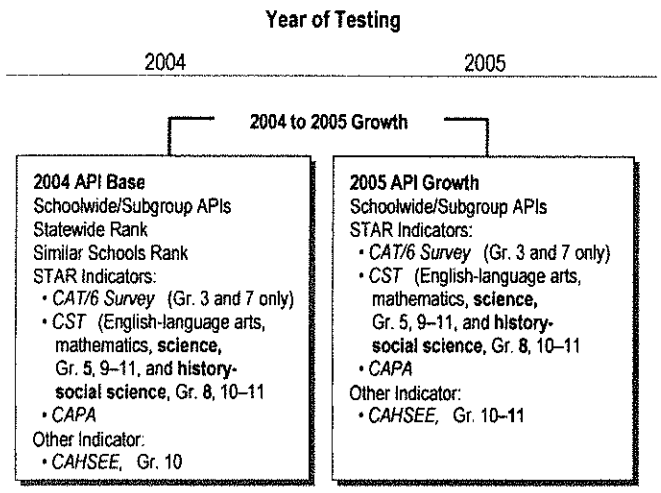

- To measure growth of a school's academic performance from one year to the next
- To rank schools annually based on their performance level

API rankings must be calculated with the same set of indicators. This means that results of the same tests must be used to set the base and determine the level of growth. As new test indicators become available, they are added to the API calculations. This API, including continuing and new indicators, becomes the baseline against which to compare the next year's API.

In order to meet state requirements and phase-in new indicators, the API is reported as an "API Base" and an "API Growth." The API Base, released after the beginning of each calendar year, includes continuing and new indicators based on spring statewide test results. It serves as the baseline for the API Growth that is released in the fall. The API Growth is calculated in exactly the same fashion and with the same indicators as the API Base but is based on test results from the following year. It reports whether schools met their API growth targets. "Growth in the API" refers to the increase or decrease in the API score from the API Base to the API Growth.

2004–05 API Reporting Cycle

APIs are reported according to their "API reporting cycle." This includes the API Base and API Growth from one testing year to the next. For example, the 2004–05 API reporting cycle, as shown below, includes the 2004 API Base and the 2005 API Growth. Indicators new to the API are shown in bold.

2004 API Base Report (released March 2005)

2004–05 API Growth Report (released October 2005)

The 2004 API Base report, released in March 2005, is calculated from results of spring 2004 statewide testing.

The 2004 API Base Report will include:

- Number of Students Included in the API Base
- 2004 API Base
- 2004 Statewide Rank
- 2004 Similar Schools Rank
- 2004–05 Growth Target
- 2005 API Target (2004 API Base + 2004–05 Growth Target)
- List of Similar Schools
- School Demographic Characteristics
- School Content Area Weights

In October 2005, the 2005 API Growth, based on the results of spring 2005 statewide testing, will be released in the 2004–05 API Growth report.

The 2004–05 API Growth Report will include:

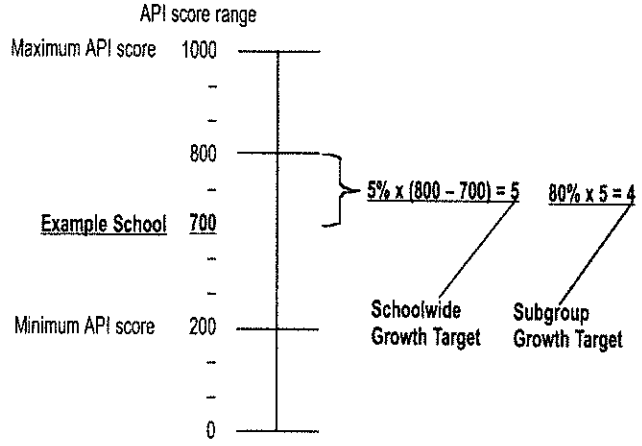

- STAR 2005 Percent Tested
- Number of Students Included in the 2005 API Growth
- 2005 API Growth
- 2004 API Base
- 2004–05 Growth Target
- 2004–05 Growth (2005 API Growth – 2004 API Base)
- Met Growth Target
  - Schoolwide
  - Comparable Improvement (Subgroups)
  - Both Schoolwide and Comparable Improvement
- Awards Eligible
- Similar Schools Median 2005 API Growth
- Similar Schools Median 2004 API Base
- School Demographic Characteristics
- School Content Area Weights

API Sets Academic Growth Targets

Academic growth targets are set for each school as a whole and for each numerically significant subgroup in the school. The API ranges from a low of 200 for a high of 1000, with an API score of 800 as the statewide performance target. The annual growth target for a school is five percent of the distance between a school's API Base and the statewide performance target of 800. For any school with an API below 800, the minimum growth target is at least one point. Any school with an API of 800 or more must maintain an API of at least 800 in order to meet its growth target. In most cases, the growth target for each numerically significant subgroup is 80 percent of the schoolwide growth target.

4.5.2.1

Example of API Growth Targets for a School and its Subgroups

Note: Growth targets are rounded to the nearest whole number.

Comparable Improvement in Subgroups

To meet all state API growth target requirements, each numerically significant subgroup in a school must meet "comparable improvement." For the 2004 API Base, the "comparable improvement" requirement only applies to numerically significant ethnic and socioeconomically disadvantaged student subgroups.

Subgroup Descriptions

Subgroups used in the 2004 API Base Calculations include:

- African American or Black (not of Hispanic origin)
- American Indian or Alaska Native
- Asian
- Filipino
- Hispanic or Latino
- Pacific Islander
- White (not of Hispanic origin)
- Socioeconomically Disadvantaged

"Socioeconomically disadvantaged" is defined as:

- A student whose parents both have not received a high school diploma
  OR
- A student who participates in the free or reduced-price lunch program, also known as the National School Lunch Program (NSLP)

For a subgroup to be "numerically significant," it must have:

- 100 or more students with valid STAR scores
  OR
- 50 or more students with valid STAR scores who make up at least 15 percent of the total valid STAR scores

API Ranks School Performance

API decile ranks are listed in the API Base reports but are not in the API Growth reports. For API ranks, schools are ranked in ten categories of equal size, called deciles, from one (lowest) to ten (highest). A school's API Base rank compares that school to schools statewide and to schools with similar demographic characteristics. (School districts, special education centers, and schools in the Alternative Schools Accountability Model [ASAM] receive APIs but do not receive API ranks.)

Schools' API scores are ranked separately within school type: elementary, middle, and high schools. For each of the three categories, schools' API scores (except small schools) are first sorted from lowest to highest statewide to produce the statewide ranks. A second decile ranking compares each school's API score to those of 100 other schools that have "similar characteristics." This second process produces the similar schools ranks.

Statewide API Ranks Compared with Similar Schools API Ranks

Statewide Ranks	Similar Schools Ranks
■ Calculated separately by school type (elementary, middle, high school)	■ Calculated separately by school type (elementary, middle, high school)
■ School's API compared to all other schools in the state	■ School's API compared to 100 other schools with similar demographic characteristics

How the API Is Used

API scores are used to meet state and federal requirements. Under state PSAA requirements, if a school meets certain participation and growth criteria, it may be eligible to receive monetary awards if funding is available. That school also may be eligible to become a California Distinguished School. Currently, no funding is appropriated in the budget for monetary awards. If a school does not meet or exceed its growth targets and is ranked in the bottom half of the statewide distribution of the API Base, it may be identified for participation in an interventions program. Under federal No Child Left Behind (NCLB) requirements, a school must meet Adequate Yearly Progress (AYP) requirements.

For More Information

Parents/guardians and students should direct their questions about the API or the PSAA or plans for improving the school's academic performance to the principal or other school administrators. Further information about the PSAA and API can be found on the CDE Web site at *http://www.cde.ca.gov/ta/ac/ap.*

2005-06 Schools At Risk for Program Improvement

Western Placer Unified

This report includes schools that may potentially enter Program Improvement (PI) in 2005-06. **This report assumes that schools perform the same in 2005 as they did in 2004.** Actual results will vary.

Data Items

School Code: The school's unique identification code.

School Name: The school's name.

TAS: Indicates that the school is a Targeted Assistance School (TAS) under the Title I Program.

SWP: Indicates that the school is a School-Wide Program (SWP) under the title I Program.

Met Graduation: Indicates that the graduation requirement was met.

Met API: Indicates that the Annual Performance Index criterion was met.

Met Math: Indicates that the math participation and percent proficient requirements were met.

Met ELA: Indicates that the English-Language Arts (ELA) participation and percent proficient requirements were met.

ABSENT:

WHEREAS, the Western Placer Unified School District (the "District") requests the County of Placer to collect on the County tax rolls certain charges which have been imposed pursuant to Resolution No. 91/92.23 (the "Resolution") duly adopted on December 9, 1991, by the District, and

WHEREAS, the County has required as a condition of the collection of said charges that the District warrant the legality of said charges and defend and indemnify the County from any challenge to the legality thereof.,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Board of the District that:

1. The Auditor-Controller of Placer County is requested to attach for collection on the County tax rolls those taxes, assessments, fees and/or charges, attached hereto.

2. The District warrants and represents that the taxes, assessments, fees and/or charges imposed by the District and being requested to be collected by Placer County comply with all requirements of state law, including but not limited to Articles XIIIC and XIIID of the California Constitution (Proposition 218).

3. The District releases and discharges County, and its officers, agents and employees from any and all claims, demands, liabilities, costs and expenses, damages, causes of action, and judgments, in any manner arising out of the collection by County of any taxes, assessments, fees and/or charges on behalf of District.

4. The District agrees to and shall defend, indemnify and hold harmless the County, its officers, agents and employees (the "Indemnified Parties") from any and all claims, demands, liabilities, cost and expenses, damages, causes of action, and judgments, in any manner arising out of the collection by County of any of District's of said taxes, assessments, fees and/or charges requested to be collect by County for District, or in any manner arising out of District's establishment and imposition of said taxes, assessments, fees and/or charges. District agrees that, in the event a judgment is entered in a court of law against any of the Indemnified Parties as a result of the collection of one of District's taxes, assessments, fees and/or charges, the County may offset the amount of the judgment from any other monies collected by County on behalf of District, including property taxes.

5. The District agrees that its officers, agents and employees will cooperate with the County in answering questions referred to District by County from any person concerning the District's taxes, assessments, fees and/or charges, and that District will not refer such persons to County officers and employees for response.

6. The District agrees to pay such reasonable and ordinary charges as the County may prescribe to recoup its costs in placing on the tax rolls and collecting the taxes, assessments, fees and charges, as provided by Government Code sections 29304 and 51800.

THE FOREGOING RESOLUTION was duly passed by the governing Board of the Western Placer Unified School District on the 2nd day of August 2005.

ABSENT:

WHEREAS, the Western Placer Unified School District (the "District") requests the County of Placer collect on the County tax rolls certain charges which have been imposed pursuant to Resolution No. 02/03.32 (the "Resolution") duly adopted on April 1, 2003, by the District, and

WHEREAS, the County has required as a condition of the collection of said charges that the District warrant the legality of said charges and defend and indemnify the County from any challenge to the legality thereof.,

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Board of the District that:

1. The Auditor-Controller of Placer County is requested to attach for collection on the County tax rolls those taxes, assessments, fees and/or charges, attached hereto.

2. The District warrants and represents that the taxes, assessments, fees and/or charges imposed by the District and being requested to be collected by Placer County comply with all requirements of state law, including but not limited to Articles XIIIC and XIIID of the California Constitution (Proposition 218).

3. The District releases and discharges County, and its officers, agents and employees from any and all claims, demands, liabilities, costs and expenses, damages, causes of action, and judgments, in any manner arising out of the collection by County of any taxes, assessments, fees and/or charges on behalf of District.

4. The District agrees to and shall defend, indemnify and hold harmless the County, its officers, agents and employees (the "Indemnified Parties") from any and all claims, demands, liabilities, cost and expenses, damages, causes of action, and judgments, in any manner arising out of the collection by County of any of District's of said taxes, assessments, fees and/or charges requested to be collect by County for District, or in any manner arising out of District's establishment and imposition of said taxes, assessments, fees and/or charges. District agrees that, in the event a judgment is entered in a court of law against any of the Indemnified Parties as a result of the collection of one of District's taxes, assessments, fees and/or charges, the County may offset the amount of the judgment from any other monies collected by County on behalf of District, including property taxes.

5. The District agrees that its officers, agents and employees will cooperate with the County in answering questions referred to District by County from any person concerning the District's taxes, assessments, fees and/or charges, and that District will not refer such persons to County officers and employees for response.

6. The District agrees to pay such reasonable and ordinary charges as the County may prescribe to recoup its costs in placing on the tax rolls and collecting the taxes, assessments, fees and charges, as provided by Government Code sections 29304 and 51800.

THE FOREGOING RESOLUTION was duly passed by the governing Board of the Western Placer Unified School District on the 2nd day of August 2005.

SUBJECT:
Lighthouse Status

AGENDA ITEM AREA:
Discussion

REQUESTED BY:
Scott Leaman,
Assistant Superintendent

ENCLOSURES:
Yes

MEETING DATE:
August 2, 2005

BACKGROUND:

The Lighthouse was started in 1994 with a small group of interns and has grown into a wide array of services. Options for these services will be discussed with the building relocation to the district office site and the formation of a new 501(c)3 foundation.

SUPERINTENDENT'S RECOMMENDATION:
Discussion of the item.

Western Placer Unified School District
LIGHTHOUSE PLAN DISCUSSION
August 2, 2005

1994

Lighthouse began with CSUS School Psychology interns to deliver counseling to WPUSD students with a budget of $15,000 from the general fund.

2004

See attached with a budget of $200,000 mostly from Medi-cal Administration Activities and grant funds. No general funds used for the program.

2005

Lighthouse Counseling and Family Resource Center

Newly formed 501(c)3 organized to support health in the greater Lincoln area. Key stakeholders on LCFRC to advocate for the global needs of the families of Lincoln with private, city, county, and district involvement. Funding options include grants and funding from the entities mentioned.

WPUSD Ferreria/Johnson Counseling Center

The center (with a new name) is being relocated to the district office site due to construction of the city hall. Activities will focus on counseling with other programs housed at the site on a space available basis. Other programs currently housed at the site will work with the LCRFC to advocate for additional services and a location off of school grounds. Funding for counseling will continue through the use of MAA funds.

EFFECTS

- Sunset of 21st Century Grant
- Leverage of additional services from more stakeholders
- Expansion of responsibility beyond the district for family health
- Clear mission for Counseling Center
- Additional funding opportunities for the LCFRC because of its foundation status

AGENDA ITEM:

Approve EDGE Development's Base Bid of $4,544,007.00 and Additive Alternate No. 1 Bid of $74,614.00 for Twelve Bridges High School Site Development Phase I Project.

SUBJECT AREA:

Discussion/Action

REQUESTED BY:

Jay M. Stewart
Assistant Superintendent, Business Services

ENCLOSURES:

Yes

BOARD MEETING DATE:

August 02, 2005

BACKGROUND:

Five proposals were received for the construction of the Twelve Bridges High School Site Development Phase I Project. EDGE Development's base bid of $4,544,007.00 was the low bid. EDGE Development's Additive Alternate No. 1 bid was third lowest at $74,614.00; however, combining the two bids still resulted in EDGE Development being the overall low bidder for the project. Please refer to the attached bid summary for the complete bid results.

SUPERINTENDENT'S RECOMMENDATION:

Administration recommends the Board of Trustees approve EDGE Development's base bid of $4,544,007.00 and additive alternate No. 1 bid of $74,614.00 for the Twelve Bridges High School Site Development Phase I Project.
