

Leader in Me®

Students created a class mission statement to begin the school year with the end in mind. A class mission statement emphasizes what the students believe and what they hope to achieve as a class. The effort of developing a class mission statement is rewarded with class purpose, direction, and unity.

We invite you to create a family mission statement! Your family's sense of unity and purpose strengthens when every member knows that everyone is truly committed to each other's success and growth. A family mission statement creates a bond between parents and children as you support each other and help each other grow. Forming a family mission statement is simple, fun, and a wonderful opportunity for your family to spend quality time together.

STEP 1: Reflect on the following questions:

- What is the purpose of our family?
- What kind of things do we want to do?
- What kind of feeling do we want to have in our home?
- What kind of relationships do we want to have with one another?
- What are our family's priorities?
- What are our responsibilities as family members?
- How can we contribute to society as a family and become more service-oriented?

STEP 2: Visit <https://msb.franklincovey.com/missions/family/>. This website will clearly walk you through the steps of creating your family mission statement.

STEP 3: Make your family mission statement visible! It is important for your family to see it during your everyday life as a reminder. Some families hang it in a frame in their dining room or living room!

STEP 4: Snap a picture of your family with your mission statement and email it to cchow@chestnuthillacademy.com. With your permission, we would love to share your family's mission statement on our Facebook page!

Good luck creating your family mission statement!
We are looking forward to seeing the success of Leader in Me in our students' homes.
