

2021-22 School Readiness Classes

Children participate on their own with the child educator and educational assistants. Parents/guardians have the opportunity to volunteer in the classroom or to join the group when special activities are offered. Research based High Scope curriculum, implemented in classes, teaches children to initiate, discover, experience, and learn about ideas, events, and people through creating, experimenting, problem-solving, and resolving conflicts as they learn. This approach enhances each young person's growth in the foundations of academics as well as in social-emotional, physical, and creative areas.

Child Observation Records (COR)

Ongoing anecdotes on each child's development are noted and opportunities are planned and provided to promote development. The development of each child is discussed with parents/guardians.

Classes run September through May. To apply, complete the application form found on page 16

and return to the Lincoln Education Center. If classes fill, we keep a wait list and notify families when openings come up.

For applications or information on classes, available space in classes, or fees, contact Fran Rethwisch at 218-847-4418, ext. 6116, or frethwisch@detlakes.k12.mn.us or visit dlschools.net, select Early Childhood.

Tuition/participation fees may be reduced or waived depending upon your financial situation. Apply for Pathway I scholarships at parentaware.org and childcare assistance (CCAP) at mahube.org or contact Fran Rethwisch for more information.
