

ST. GEORGE'S
SCHOOL

March 10, 2021

Congratulations and welcome to St. George's School!

The Student Life Office, faculty and students are looking forward to welcoming you to campus this fall. The shared experiences that exist on the Hilltop are numerous and we are excited to partner with you on this journey. The Student Life Office takes great pride in knowing every one of our students by name, and being a part of their experience, which is to say that you will be known!

Should you choose to become a Dragon next year, your electronic enrollment packet will include a Google Form regarding advising for all new students and housing for new boarding students. These online forms help us get to know you, and also how you envision various aspects of your future life here as a student. Please be thoughtful in your responses and complete the form by the appropriate deadline. We will use the information to support you and your transition to our community. Additionally, over the course of the summer, as we coordinate all enrolling students, you will hear from various members of our community. Communication will include your advisor, dorm head, coaches, and other community members as we prepare for your arrival.

Undoubtedly, many questions will arise about the transition to a new school and we are here to assist you in any way that we can. Please contact us at 401-842-6798 or student_life@stgeorges.edu.

We can't wait to meet you and we are excited for you to join us!

All my best,

Xander Jones
Dean of Students
