The District's role in the vaccination process has been to provide the opportunity for staff to receive their first dose of the COVID-19 vaccine based on priority groups. **ALL RPS STAFF AND FIRST STUDENT BUS DRIVERS HAVE RECEIVED THEIR FIRST DOSE VACCINE OPPORTUNITY.**

Saturday, March 6 was the final clinic prioritized for educators and school staff through OCPH. Staff who were unable to schedule their first dose appointment when provided the opportunity through RPS, should complete the MN Vaccine Connector tool.

The Vaccine Connector tool was developed to help Minnesotans find out when, where, and how to get their COVID-19 vaccine.

- When Minnesotans become eligible, the Vaccine Connector will:
- * alert them of their eligibility;
 - * connect them to resources to schedule a vaccine appointment; and
 - * notify them if there are vaccine opportunities in their area.

The District only tracks cases that are reported to us based on staff reporting and parents reporting their child(ren) cases.
