

# ICS School Bus Service

ICS offers a transportation option (at an additional cost) for morning pick-ups and afternoon drop-offs. The service is door-to-door, which means students are collected from their home addresses in the mornings and returned to their front doors at the end of the school day. This service operates during regular school hours but does not provide a late drop off for children enrolled in our after-school clubs programme.

For information about the areas of London covered, please refer to the map below. If you remain uncertain if the service can be provided to your address, please contact the Admissions Office ([admissions@ics.uk.net](mailto:admissions@ics.uk.net)). If your address falls outside of the bus zone, other pick-up and drop-off points are not an option.
