FAMILY DAY 5-13-67

Gilman Defense

1. McDonogh pass is dropped. Morrill, 22, starts alertly for ball. Good scoop by McDonogh. Ball played by Smith, 20, and then by Dick Proutt, 24. Jenkins, 14, plays Beckstrom, 38, pretty well, but then lets him go behind goal to get pass. Maybe the two defensemen should switch men on a play like this. Jenkins not squared up on his man. Proutt and Smith get into position as ball goes behind. Jackson, 15, not alert on crease and Thomsen, 42, is open. Good check. Morrill is alert. Smith gets caught on wrong side of goal. McDonogh recovers ball - - our midfield balances.
2. Long shot bounces too far out. Good position by Schmick, 5. Pass goes to Wallace, 43, played by Jackson, who is in poor position. Proutt, 32, is too far out - look at man open behind him. Harwood, 31, should have intercepted the pass. Harwood, go for that ball. Ball goes to Wallace. Good poke but keep position, Jackson. Pretty good moves in front of goal. Proutt could move to his man a little sooner. Harwood, get stick out in front of you. Good stop by Schmick and foul by 38. Schmick has ball. Green, 33, not helping. Pass to Green, moving to meet ball, would have cleared it. Long pass, with two men close together, was not good and we lost ball. Jenkins should stay back, away from Pollock. Harwood plays Woodward, 33, and Jenkins cuts off Thomsen. Ball finally gets to Wallace, played tightly by Jackson. Green picks him up (note Green's man who is out of play. Jackson pursues and checks stick. Pollock, 10, and Proutt should be more to center as ball comes in. Good scoop and pick-up of ball by Pollock.
3. Malcolm, 25, brings ball in on right, Good, hard poke check by Green (whose feet are not in good position) who gets ball and pass to Harwood is not good.
4. Gilman extra-man play. Looks pretty good - the ball moves. Duquette and Proutt may be a little too wide and Proutt could come to meet the ball. Ball goes around from Owens to Harwood to Proutt to Duquette to Owens - was Legg open briefly? We take our time - O.K. Direction is reversed and Harwood's shot hits something - good play. Harwood to Proutt - shot - screen by Legg - score...good!
5. Ball comes down center. Jenkins picks up about right and turns and moves about right - more to pipe maybe. Jackson rotates across front of goal as he should on a 4-3 break. Schmick picks off ball and moves down field but should not lose it as he does. Why not pass down field to our attackman? Jenkins gets ball, passes back to Schmick who tries that long pass again to far corner - and has it intercepted by Thomas, 29. Pollock, 10, commits himself and falls. Jenkins moves on the ball. Pass is to Wallace, who drops it as Morrill, 22, picks him up. Schmick in good position. Jackson picks up Wallace who passes to man, wide open in front of goal and score. Someone is asleep, Pollock should not be behind goal. Where is Proutt? Where is Jenkin's man?

6. McDonogh has extra. Good block of pass by Mountcastle, 21. Ball is thrown down field, with Cross, 34, in pursuit.
7. Wallace, 43, motions people away and gets step on Jackson. Proutt, 32, is backing up. No screen and long shot nicely taken by Schmick. Jackson was not squared up, stick not in good position and should not get faked. Schmick to Pollock and good clear. Note Schmick's eye on the ball into his stick.
8. Green, 33, played by Woodward, 33. Green pivots and has the shot but we have no screen by Duquette. Ball rebounds from Campbell, 1, and a good clear by McDonogh.
9. Ball from Smith, 20, to Owens, 46, and behind to Duquette, 45, who tries to feed Legg, 40. We have extra (?) and 2 men are all over Legg. We try to hurry the play. Two men take Campbell. Proutt puts ball behind to Duquette and it moves around to Duquette again. Morrill is the man, wide open on crease, but he moves away from the ball and Legg is covered as he cuts across. If we still have the extra, every one is not covered !
10. Smith to Morrill to Legg on quick break. Owens too close to Legg. Legg drops ball and Owens bats it in goal.
11. Green brings ball down and passes to Owens who does move to meet it but is checked. Green gets ball, passes, and gets it back. He hits Legg who gives it back. Green might have face dodged and shot instead of passing to Proutt who has no angle.
12. McDonogh has an extra. Ball played by Jenkins, Mountcastle, Pollock, Jackson, O.K. but, Mountcastle should move to cover 26 and Owens should come across crease. Wallace moves behind goal. Coverage is not by-the-book but does the job.
