

Clear, cool day. Gilman's third league game. Boys' latin in white crowned helmets.

Good Gilman extra-man offense.

1. GILMAN DEFENSE. Koppelman, 12, throws long across field to Magladery, 11. Boys' Latin has 3 attackmen in deep zone and we are not making use of the extra man. Ball should go back to Peabody, 7, the goalie. Sloppy play and B.L. gets ball, 40, Mollett.

2. BLUE DEFENSE \* GOOD SEQUENCE.

16, Cooper brings ball in at back line and is played by Smith, 13, pretty well. Note stick high, to block feed, then low and check as he passes - feet do not cross. Magladery overplays 24, Shriver, gets too close and behind him. We are in our zone. Tompkins, 22, get stick up. Proutt, 24, is back-up man and comes out to meet Shriver. Baker, 23, has his stick up as he should. but should be more aware of 22, Goetze - he should be back towards him. Koppelman covers crease man, but get your stick where you can check his - 37, Barker, who pivots toward goal. Tompkins moves correctly - in toward center as ball comes to front and side of goal. Peabody - tight on post and stand up as ball comes around. Smith, when ball goes to front of goal, so should you. Smith - take the man and Peabody take the ball. Magladery - don't flip the ball back toward goal like that! Peabody should have controlled it. Proutt misses ground ball and cooper flips it in the goal. Peabody - come to the pipe.

3. FACE OFF. Proutt does not use right foot and 15, Curran, gets the ball. Ball passed around to Mollett, played by Baker. Shriver has beaten Magladery. Koppelman is alert and goes for the ball. Mollett gets it and feeds to goal. Peabody goes for the interception and misses - goal is scored.

4. Barker flips ball out to Mollett and comes to crease. Magladery forces Shriver way out to eventually get the ball. Magladery plays aggressively and ball goes out of bounds. Magladery's right hand too ~~xxxxxxx~~ much at throat of stick. Zone sets up. Then, face off. Proutt, get right foot up. Good play by Tompkins who hangs outside of scramble. He loses ball and is tripped. GILMAN EXTRA MAN works perfectly. Duquette, 45, to Tompkins to Proutt to Baker to Farber, 44, behind goal. Note Eppler, 43, break right and Tompkins, 22, is wide open to left but misses goal. Ball moves all the way around and back to Baker where throw is blocked. Eppler gets ground ball, drives to goal, passes to Duquette who passes to Proutt who moves and shoots by 31, Case. Tompkins is not alert to screen.

5. FACE OFF. Proutt does not get right foot in position - loses sight of the ball. Baker gets it - good check by Mollett and B.L. gets ball.

6. GILMAN EXTRA MAN. Duquette finally shoots but right-handed with bad angle. Eppler in pursuit falls. Duquette gets ball and passes to Proutt. Extra man play is set up and Baker flubs pass again. Boys' Latin does not play ball aggressively behind the goal. Mad scramble - Duquette finally gets ball. B.L. man comes in from penalty box.

7. 4 on 3 BREAK. Curran, pursued by Tompkins, passes to Parker as Koppelman moves to him. Parker does not step to meet ball. Magladery moving in as he should. Where is Smith on right - he is late - should be way in much sooner. Magladery, knock Cooper down when you come across. Koppelman, get stick down to scoop ball. Smith-take 37. Proutt, come in toward goal. Good stop by Peabody,

but control the ball. Shriver's flip misses. We are lucky - get ball - Smith to Koppelman and pass down field as quarter ends 2 - 2.

### SECOND QUARTER

1. GILMAN GOAL. Tompkins, to Baker to Eppler. Boys' Latin defense does not shift. 20, Canedy, has back to ball and does not move. 39, Thomas, moves on Baker and no one covers Eppler. Baker moves to ball. Case, 31, goalie, is all out of position as Eppler puts ball over his right shoulder.
2. Proutt, played by Goetze, moves ball to Farber, 44, played by Ebeling, 34. Farber gets ball too far out - move in toward crease first - you are way out of feeding position. Farber moves - good - and feeds well to Eppler, 43, as he breaks. Note - Baker has cut off of Eppler first, Baker is then out of play - he should move back to front of goal for the rebound. Tompkins is backing up on the feed. Proutt moves in after passing to Farber. Ball hits pipe. Pursuit of ball is good - Stalfort, 42, should have checked Mollett. We are off side as Stalfort follows the mid-fielder - no!
3. Tompkins brings ball down. 20 plays it better but Eppler is open again as third defenseman is not in the play. Pass is to Duquette who tries backhand shot which misses as Case comes out on him. Case gets ball behind and flings it. Magladeroy plays the ball.
4. Proutt played by 124, Sproull, passes to Eppler. Proutt should drive against this 2nd string middle. Pass is to Eppler who is fouled. EXTRA MAN - GILMAN. Proutt to Baker to Farber and feed to Eppler. Ball moves too slowly and should have gone around midfield. Tompkins is open again. Ball goes behind and Baker has plenty of time - foolish blind flip. Good check by Proutt. Ball?
5. Duquette has ball and plenty of room to dodge. Passes to Proutt who drives left on 14 and tries screen shot. Eppler not in good position. Ball bounces in for a score.
6. Stalfort, 42, drives right as other two middies move to left. 19, Eisenhut overplays and Stalfort comes back for left handed shot. Screen by Eppler is there. Stick is checked as he shoots (?) All 3 B.L. middies are on him so our third man must be open. 39 gets ball.
7. Case heaves ball again! Baker intercepts. Proutt gets ball and feeds to Eppler, who does not move to ball. He is hit from behind, Good back up by Duquette. He reverses, beats man, and Eppler is in the way. He feeds Tompkins who makes a good shot.
8. Proutt loses FACE OFF. Slow reaction. Right foot does not move. Tompkins should play 19 - he is supposed to move defensively. We do not play 4 - 3 BREAK well, as Koppelman and Smith both take 19. Fortunately pass is bad.
9. Face-off. Yellott, 34, rakes ball and controls it and then gets checked off his feet. 15 gets the ball - pass blocked by Duquette. Foul? GILMAN EXTRA. Proutt to Baker to Farber and back out to Proutt, as cutters are covered. Shot just misses goal - Farber catches ball and tries to feed Tompkins - pass is blocked. Eppler from rear. Case heaves ball.
10. Tompkins shoots. Time is running out. Good stop by Case and poor pass. Quarter ends. Score Gilman 5 - B. L. - 3.

## THIRD QUARTER

1. Mollett, 40, has Tompkins beaten and turned away from him but loses ball. Koppelman in hot pursuit overplays Mollett, who runs by Tompkins. No one backing up. Magladery has back to ball and Smith reacts late. Peabody moves out and tries to cover stick but misses and goal is scored. Peabody not on pipe.

2. Face-off. Proutt is beaten but checks hard. Good play by Tompkins who gets ball and flips to Baker who loses it, gets it again and flips to Proutt - who throws ball to B.L. defenseman. 39, Thomas, runs ball downfield and throws over head of Shriver. Magladery recovers and throws to Farber who is not paying much attention (was he offsides?)

3. Here comes Mollett again pursued by Dyer, 37, and Yellott, 34. He drops ball. Good play by Barker, 37, who is played by Koppelman. He passes off to Mollett, who rests. Stalfort waits for him. Peabody not on his toes.

4. Mollett, played by Meeder, 25, who makes lunging check and falls. Koppelman comes off crease to back up. Pass goes to Eisenhut, played by Magladery. Pass to Cooper, Smith should have been tighter on him with ball behind goal. Offside middle, Meeder, too far out of V. McCormick, 31, slows to come over in back-up spot. Dyer picks up 15. McCormick, 31, slows to come over in back-up spot. Syer picks up 15. McCormick should go to his middle - not towards Dyer. Dyer plays 15 all right. McCormick, 31, finally finds 22, Mollett takes longshot. No screen - which is deflected by Meeder. Peabody not on his toes and not on pipe. He should have had ball. Cooper brings ball in. Smith in pretty good position; then gets behind the man. He should go inside the post. Magladery should have called a switch. V is OK in front. Smith falls. BLUE DEFENSE. Proutt a little late coming over to back up so Baker has to cover 15 instead of 22. Pass is to 22 and Baker switches back to him. Koppelman comes out on 22. Tompkins should cover 37 and Proutt should get back in front of goal and to a mid-fielder, 15. Shot is taken. Peabody gets stick on ball but does not control it. Smith should get to front of goal when ball goes out to midfield.

5. Peabody throws to Proutt, who is covered, and we lose ball. Shriver flips back to Curran who misses ball. Peabody hesitates, then almost gets ball and loses it. Look at block by Koppelman! 15, Middy, played by Baker, brings ball behind goal. Poor pass. Proutt not on ball but he keeps good position.

## FOURTH QUARTER

1. Eppler moves with ball - feeds Proutt. Save by Case. Was Tompkins ready to back up? Hard play - Baker lays back in midfield - good. Ball finally gets to Case. Duquette drops stick - Case drops ball - and neither knew where ball is 15 finally runs it out. Good pursuit.

2. Ebeling playing Farber. We are jammed up in front. Farber should dodge and has the stick several times. No. B.L. man is looking. Feed is in Duquette's stick - shot misses goal. Eppler and Baker after ball. Is Eppler pushed? 15 gets it.

3. Baker has ball and spins? Look at Tompkins! Baker starts right, loses ball, recovers it, but does not go toward goal. Passes to Farber. When he reverses, should get left foot behind Ebeling. Duquette was open. Farber, go to goal, draw 39 and pass to Eppler. Farber tries to feed Eppler. Good check by 39. Eppler gets ball; takes not very good long shot - move (39 catches ball. Eppler gets him but loses sight of ball.
