Centerville Families,

Can you believe that the end of third term is merely 2 ½ weeks away? March 25th is the last day of third term and we can see the end of the tunnel.

COVID restrictions are being partially lightened, though mask mandates remain in place. Your patience and concern for others has been admirable, and much appreciated. As a result of your efforts and the falling cases, we have considered some “normal” activities for fourth term. Some of these activities include: Images of Greatness, Mountain Man Rendezvous, and even 6th grade graduation, just to name a few. These activities may not look like they did in days past. Modified versions of these activities, however, may be just what we need to transition into a new normal. Watch for more information on these and other activities in the days/weeks to come

Leon Brown: “Be brave, you will not see the light at the end of the tunnel until you walk through the darkness...!!”

2021-2022 Classroom Placement

During the month of May, classroom teachers and special education teachers will be instrumental in providing feedback on the placement of our students into next year’s classrooms. If you would like to provide additional information about your student that the current classroom teacher may be unaware of, please fill out the attached Classroom Placement Form OR stop by the office and grab a paper copy of the form. Forms are due April

9, 2021. We appreciate your patience and support as we professionally place each child. Our goal is to ensure that each student's needs are addressed so that they can have a successful school year here at Centerville Elementary School.
