

Dear Returning Hotchkiss Parents,

The Health Center staff requests your assistance in completing the required health forms for the 2021-2022 school year.

**All forms are due by July 15th.**

**Copy of Front and Back of Health Insurance Card, including name and date of birth of policy subscriber.** This is required if you are not electing United Healthcare coverage through the business office.

**Returning Student Health Form:** This form is required. Please include any injuries, illnesses, vaccinations, or changes in your student's medications or health status. **An annual physical is recommended, but not required.** If your student is examined by his or her health care provider, please have the provider complete the bottom portion of the form.

**Permission to Administer Medication:** This form is REQUIRED ANNUALLY for all students who will be taking prescription medications while on campus. Please note both a prescriber and parent signature are required on the form for the Health Center to dispense medication.

All prescription medications must be in original pharmacy packaging and clearly labeled with your child's name, medication, and dosage. *For compliance with safety standards, **all medication that is required to be stored in the Health Center, including, but not limited to controlled narcotics, stimulant medications, and psychotropic medications, must be in pre-packaged individual dose packets** as Health Center staff are not permitted to repackage medication.* We are in the process of forming a new pharmacy partnership for the delivery of medication to campus in the required packaging. We will share more details as they are available.

**Influenza (Flu) Vaccine Consent:** We strongly encourage all students to receive the flu vaccine annually. If you need additional information, please visit <http://www.cdc.gov/flu/>.

*These forms are accessed through Mediat, the electronic medical record system used by the Health Center.*
