Home Learning Guidance

Introduction

At Colnbrook Church of England Primary School we recognise and value the contribution that learning in the home environment can make to children's education. This guidance sets out the purpose of and benefits of home learning, and the guidelines we follow when setting home learning activities for our children.

Aims:

Our School believes that home learning should:

- Involve parents and carers in their child's education
- Have a clear learning focus
- Consolidate and reinforce a wide variety of skills and understanding in a supportive environment
- Extend in school learning
- Encourage children to talk about what they are learning
- Encourage children to develop the self-confidence and discipline needed to study independently
- Prepare children for the transition to secondary school
- Be manageable for teachers

Guidance for Home Learning

- Home learning activities will be given out on a Thursday with a cover sheet indicating the day on which tasks could be completed.
- Home learning must be completed and where appropriate handed in on the following Wednesday.
- Some home learning will be online (Mathletics) if your child loses their logon details please contact your child's class teacher.
- If there is a valid reason for home learning not having been completed parents should write a note or speak to the class teacher.
- From Year 1, all children have the opportunity to attend an after school online learning club when they can complete their home learning.
- Children who attend Learning Booster sessions may receive additional homework to support their learning.
