

EtonX Online Summer School

Courses starting every Monday from 21st June

MAKE THIS SUMMER THE START OF SOMETHING GREAT

EtonX courses are designed for students just like you, with ambitions of getting into the world's top universities. Whether you're only just starting to think about your future, or you're ready to apply for university, there's a course for you this summer.

Our range of online courses last either 1 or 2 weeks, and give you the chance to benefit from Eton College's experience in getting students into top universities, no matter where you are in the world.

Accredited certificate
from Eton College

Personalised feedback
and action plan

Interact with students
from around the world

Improve your academic
language skills in English

The EtonX Experience

The EtonX Summer School is not your typical online learning experience. The courses and our platform have been designed specifically for interactive online classes, giving you the opportunity to debate, collaborate and socialise with other ambitious students from around the world, supported by our specially trained tutors.

We will develop your confidence, independence and ability to work with others in an international environment, giving you the skills to succeed on your next steps.

What courses are available?

If you're not quite at the stage where you're starting your application, our **future skills** courses are perfect for starting to develop the key skills you need to succeed as an undergraduate in a top university.

If you'll be starting your application in the near future, our **university preparation** courses can help you get ahead of the game. They take you through key elements of the admissions process including choosing a university, writing a personal statement and, if you're thinking of applying for Oxford, Cambridge or a Medicine course, how to do your best in entrance tests and interviews.

Future Skills

- Critical Thinking
- Making an Impact
- Writing Skills
- Entrepreneurship
- Resilience
