PROCEDURES FOR IMPLEMENTATION

I. General Provisions

- A. School related usage of district facilities takes priority over any other usage.
 1. The district does not discriminate or deny access to facilities on the basis of age, color, disability, gender, gender identity, genetic information, national origin, pregnancy, race, religion, sexual orientation, and/or veteran status.
 2. The district provides equal access to its facilities for all youth groups listed in Title 36 of the United States Code, including scouting groups.
 3. The district's facilities shall be available for use by a community group or organization (hereafter collectively referred to as "group") provided that:
 - a. The use of district facilities does not interfere with any school function or purpose.
 - b. The district shall incur no additional costs when renting its facilities. Where applicable, the rental coordinator will charge for the use of the facility as outlined in the Rental Fee Schedule.
 - c. Users must comply with all applicable federal, state and local laws, board policies, and district administrative procedures.
 4. The district reserves the right to preclude access to its facilities to any user that fails to adhere to federal, state or local law, board policy, district administrative procedures, or for any other rational and lawful reason.
- B. Authorization for use of district facilities by a non-district group does not constitute an endorsement or approval of the activity, group, its philosophies, or its policies. Similarly, a denial of use does not constitute a rejection of a group's purposes.

II. Requests and Conditions for Use of Facilities

- A. All requests to use a district facility, except high school facilities, must be directed to the rental coordinator, either by phone at 801.974.8367 or email at rentals@slcschools.org. All requests to rent a high school facility should be directed to the high school's athletic director.
- B. All district facilities are rented "as is" and no additional furnishings will be provided.
 1. Facility Use Agreements include the use of normal furniture and large equipment which is usually assigned to that particular area of the building, e.g., a piano in the auditorium or multipurpose room.
 2. Users will be expected to provide and furnish their own expendable supplies and other ancillary equipment, e.g., trays, napkins, basketballs, volleyballs, etc.
- C. The rental coordinator is responsible for scheduling and overseeing all facility use that is non-school related. At the superintendent's discretion, the rental coordinator may also be directed to oversee some school related uses if facility and/or personnel costs are anticipated or actually incurred.
- D. Upon receipt of a request to use a district facility, the rental coordinator must determine whether the requesting group is a for-profit or non-profit entity.

- E. All requests for facility use are processed in the order they are received.
 - 1. In order to accommodate school-related priorities, the district cannot process requests for facility use received more than six months in advance of the requested use date.
 - 2. In order to ensure that adequate time is allowed for scheduling, all requests for facility use should be received by the rental coordinator twenty (20) business days prior to the requested use date.
- F. A request will be denied if, in the judgment of the school principal, the school custodian or the rental coordinator, no appropriate district employees are available to be on the premises during the usage period, or insufficient time is available between the request and the expected use.
- G. If the group desires to preview the facility, it must schedule an appointment with the rental coordinator in advance. Requesters may not go to any facility without an appointment.
- H. District facilities are not available for use or rental:
 - 1. after 11 P.M. on weekdays;
 - 2. after midnight on Saturday and Sunday; or
 - 3. for overnight stays.
- I. Upon the rental coordinator's approval and confirmation that the requested use can be accommodated by the district, the requester will be given:
 - 1. a Facility Use Agreement;
 - 2. an itemized billing statement;
 - 3. a copy of the district's rental rules and policies; and
 - 4. a description of any applicable security requirements.
- J. Insurance certificates, deposit, and rental charges are due ten (10) days prior to rental.
 - 1. The Facility Use Agreement will be revoked if prepayment of all fees and evidence of security and insurance are not received by the specified date.
- K. School principals or school personnel are not authorized to make any changes to the Facility Use Agreement. All changes must be made through the rental coordinator.
- L. The following specialized venues will not be available for use/rent:
 - 1. computer labs;
 - 2. science labs;
 - 3. home economic labs;
 - 4. auto shops and paint booths;
 - 5. wood shops;
 - 6. television studios; and
 - 7. any specialty rooms.
- M. No storage facilities will be provided, or responsibility accepted, for any equipment or materials belonging to the group or organization using a facility.
- N. Refreshments can be sold or consumed only in lobbies or cafeterias, and require the prior approval of the rental coordinator.
- O. All facilities must be left clean of all litter.
- P. Advertising associated with a rental agreement shall be permitted, but only during the time the outside party is using the facility, and then only in accordance with all applicable board policies and district administrative procedures.

III. Field and Gymnasium Rentals

- A. School related uses have priority over non-school related use.
 - 1. Because school calendars are not typically finalized until the first week in August, all requests for field use during the months of August, September, and October will be scheduled on a tentative basis only.
 - 2. Groups may be asked to accept alternate dates and/or field locations if a conflict with the school's calendar arises.
- B. High School Rentals
 - 1. The athletic directors at each high school are responsible for renting their facilities in accordance with these procedures.
 - a. The athletic director should determine an appropriate process for accepting rental requests, including the method to be used, any deadlines that will be imposed, the procedure for requesting a fee waiver, etc.
 - 2. A student youth recreation group whose participants are predominantly district students, i.e. more than seventy-five percent (75%) of the participants are currently enrolled in a district school, will be given preference over groups not meeting this threshold.

3. Before allowing any group access to a high school facility, the school's athletic director must:
 - a. obtain a copy of the group's certificate of insurance if the group is a for-profit entity;
 - b. obtain and verify the group's participant roster, if applicable;
 - c. complete, and have the group sign the district's Facility Use Agreement; and
 - d. ensure that the appropriate deposit and payment for the particular rental, as outlined in the district's Rental Fee Schedule, is paid to the high school treasurer.
 - i. The high school athletic director may not accept any rental monies; all groups must be directed to make payments to the high school treasurer to ensure proper accounting procedures are followed.

All these steps must be completed prior to the group using the facility.

4. Any ancillary requests such as lighting, modifications, striping, and/or sound booth access will be assessed a fee in accordance with the district's Rental Fee Schedule.
 - a. If a group wishes to have a field striped or in any way modified, all such changes must be approved by both the executive director of auxiliary services and the affected school's athletic director.
 - b. Once approved, all striping or modifications must be performed or supervised by the athletic director and high school staff, not the requesting group.
5. Both the district's rental coordinator and the athletic director must ensure that field usage and availability is documented in a site specific shared calendar.
 - a. This calendar must be continuously updated so that information on field availability is always current.
 - b. Athletic directors must enter information into the calendar regarding when the fields are going to be used:
 - i. for school sponsored activities (USHAA team practices, games, etc.);
 - ii. for the youth recreation groups identified in section III.B.; and/or
 - iii. for any other purpose.
 - c. Every entry on the calendar must identify the user of the field as a school user, a renter, or a youth recreation group identified in section III.B.2.
6. Once a field has been calendared for use by a particular non-school group, including renters, athletic directors may only alter that group's scheduled use in the event of a conflicting school activity or emergency conditions, see section V below.
7. At a minimum, once a year auxiliary services staff will meet with school staff to examine and assess the condition of the fields.
 - a. When scheduling field usage, principals and athletic directors must accept responsibility for assessing the impact of increased usage on the condition of their fields.
8. The athletic director must submit a monthly report to the business administrator which includes a list of the renters for that month, copies of the Facility Use Agreements, and an accounting of the fees collected.

C. Elementary and Middle School Gymnasium and Other Field Rentals

A group may, at the discretion of the rental coordinator, be required to employ off duty Salt Lake City police officers to help ensure the safety of attendees as well as to help prevent damage to district property. The number of officers will be determined by the rental coordinator in consultation with the executive director of auxiliary services. Employment of law enforcement officers does not release the renting group from liability for damages.

V. Cancellations and/or No-shows

- B. The executive director of auxiliary services, acting through the rental coordinator, will reserve the right to cancel use of school facilities without liability to the board.

The rental coordinator may also require the payment of an appropriate fee and/or deposit for the use of such equipment.

- C. The use of non-district power-operated equipment will require approval by the rental coordinator prior to the date of actual use. The user will be responsible for making the request to and obtaining any necessary approvals from the rental coordinator.

 - 12. Refunds will be issued to the user equal to the fees assessed for any district-canceled portion of the rental.

IX. Insurance

- A. State law authorizes the district to allow non-profit organizations to use district facilities under Utah's civic center statutes. See, Utah Code Ann. §§53G-7-209, 210. If the district grants approval for such an organization to use district facilities pursuant to these administrative procedures, that approval constitutes a permit under the civic center statutes, and grants the district full legal immunity under the Governmental Immunity Act of Utah. See, Utah Code Ann. §63G-7-301. However, the district property and comprehensive general liability insurance does not provide coverage to non-profit organizations utilizing district facilities. Non-profit organizations are advised to obtain their own insurance to cover any potential liability.
 - 1. The organizer of an event may not rent a district facility under the civic center statutes unless the organizer resides within the geographic boundaries of the school district in which the district facility is located.

- B. The board requires for-profit organizations using district facilities to:

- C. No sub-leasing of facilities shall be permitted.
- D. No unlawful activities of any kind will be permitted in a district facility.
- E. While the district allows groups, including religious groups, to conduct activities within district facilities, including religious services, no religious materials may be used during school activities, and such materials may not be displayed on district property while school activities are in progress. There can be no religious teaching in a district school during the time when school is in session. Religious groups will not identify themselves with the district, i.e., no announcement or advertisement of the religious activities will carry the name of a district facility unless it indicates the facility is merely rented from the district.
- F. Training and exhibition of animals is prohibited. This does not apply to the training of guide dogs, the use of guide dogs by the blind, or when the course of curriculum requires the presence of an animal.
