OBJECTIVES:

STANDARD: 1.3 Students present information, concepts, and ideas to an audience of listeners or readers on a variety of topics.

This standard focuses on the formal presentation of information, concepts, and ideas in spoken and written form and is concerned, in most cases, with one-way speaking and writing. Students with little or no previous language experience are likely to produce written and spoken language that will contain a variety of learned patterns or will look like English with words in the other language. This is a natural process and, over time, they begin to acquire authentic patterns and to use appropriate styles. By contrast, home-background students will write in ways that closely resemble the spoken language. Moreover, they will control informal oral styles. Over time these learners will develop the ability to write and speak using more formal styles.

- **CULTURA: Caribbean Rhythms - Ritmos del Caribe**
