THE POLICY

The Salt Lake City School District Board of Education supports adult education programs in the district as a means of providing adults with educational opportunities to learn English, improve their literacy levels, and complete coursework to obtain a high school completion diploma. The board recognizes that such programs allow individuals to acquire the academic skills necessary to become more self-sufficient and effective workers, family members, and citizens. Therefore, the district offers continuing educational opportunities for Utah residents in accordance with state law.

The purpose of this policy is to promote, develop, and support programs and courses that provide educational opportunities for adults and eligible minors.
