Article 2
School Board Authority

Subject to the terms and conditions of this Agreement and to the provisions of the Public School Laws of Maryland, it shall be the exclusive function of the Board of Education and the Superintendent of Schools to determine the mission of the county public education system and to operate the affairs and direct the personnel of the system in all aspects, including but not limited to the standard of service to be offered; the efficiency of administration; the methods, means and personnel by which such operations are to be conducted, the right to discipline, and to take whatever action and issue rules, policies, procedures and regulations necessary to carry out the mission of the county public education system for which they are responsible and which is entrusted to them.

Article 3 Grievance and Arbitration Procedures

Section 1. Definitions

A "grievant" shall mean a teacher or group of teachers or the Association filing a grievance.

A "grievance" shall mean a written statement submitted under the cover of a jointly approved form by a grievant that a controversy, dispute or disagreement of any kind or character exists arising out of or in any way involving interpretation or application of the terms of this Agreement.

"Days" shall mean working days in accordance with the CCPS calendar for 12-month employees.

Section 2. Procedure and Steps

Within twenty (20) days following occurrence or first knowledge of the act or condition which is the basis of the complaint, the grievant may file a grievance with the school principal or his/her immediate supervisor, or such grievance shall be deemed to be waived. Grievances shall not be amended during the grievance process without mutual consent of both parties.

Step 1.

The school principal and/or his/her designated representatives, or the immediate supervisor and/or his/her designated representatives shall have twenty (20) days to give a written decision after receipt of the grievance.

Step 2.

If the grievance is not settled in Step 1, the grievant may appeal it to Step 2 by written notice to the Superintendent of Schools within ten (10) days after the employer's Step 1 answer. The Superintendent of Schools and/or his/her designated representatives shall have ten (10) days to give a written decision after receipt of the grievance. Failure of the appropriate administrator to respond within the time limitations established in this Section shall enable the grievant to proceed to the next step.

Arbitration Procedure

Any grievance concerning the alleged violation, misinterpretation or misapplication of any provision of this Agreement that has been properly processed through Steps 1 and 2 of the grievance procedure as set forth above and has not been settled or waived, may be appealed to arbitration by the Association by serving written notice on Calvert County Public Schools (CCPS) within twenty (20) days after the Superintendent's answer at Step 2 of the said grievance procedure. If the Association fails to serve such notice of its intention to arbitrate within this time limitation, it shall be deemed to have waived the arbitration and the grievance shall be considered settled.

Other Provisions

1. Selection of Arbitrator

If the Association and CCPS are unable to agree upon the selection of an arbitrator within seven (7) days after the Association's notice of appeal to arbitration, either party (upon written notice to the other party) shall request the American Arbitration Association to furnish a list of not less than nine (9) arbitrators, one of whom shall be designated by the parties as the arbitrator of the grievance. If either party fails to request the list from the American Arbitration Association within a forty (40) day time period from the date the Association informs CCPS of its intent to appeal to arbitration, their right to arbitration shall be deemed waived. Selection shall be made by the parties alternately striking any name from the list until only one name remains. The final name remaining who is available to serve shall be the arbitrator of the grievance.

2. Jurisdiction of Arbitration

The jurisdiction and authority of the arbitrator of the grievance and his/her opinion and award shall be confined to the provision or provisions of this Agreement as issued between the Association and CCPS. He/she shall have no authority to add to, alter, amend or modify any provision of this Agreement. The arbitrator's authority shall include the authority initially to determine any issue raised regarding this jurisdiction, subject only to judicial stay or intervention. The arbitrator shall not hear or decide more than one grievance

without the mutual consent of CCPS and the Association. The award in writing of the arbitrator, except if set aside by a court of competent jurisdiction, shall be final and binding on the aggrieved employee or employees, the Association and CCPS.

3. Arbitration Expenses

The Association and CCPS shall each bear its own expenses in these arbitration proceedings, except that they shall share equally the fee and other expenses of the arbitrator in connection with the grievance submitted to him/her.

4. Released Time

Released time shall be provided for all participants in arbitration hearings, including the grievant, association representatives, and a reasonable number of witnesses. The intent of this item is to insure that released time is kept to the minimum amount necessary.

In the event that the grievance is filed by the Association, the Association will provide CCPS with the information sufficient to investigate the alleged violation including where necessary and appropriate, names and places.

Section 3. Association Representation

All employees shall have the right to Association representation at each step of the grievance procedure.

Formal grievances utilizing this procedure may only be submitted with the consent of the Association. No grievance may be submitted to arbitration without the consent of, and representation by the Association.

Section 4. No Reprisals

No reprisals shall be invoked against any employee for processing a grievance or participating in any way in the grievance procedure.

Article 18
Academic Freedom

The Board of Education and the Association agree that academic freedom is essential to the fulfillment of the purpose of the Calvert County School System, and they acknowledge the fundamental need to protect teachers from censorship or restraint which might interfere with their obligation to present fairly all sides of issues in their teaching functions. Teachers shall be responsible to provide students opportunity to investigate all facets, sides, and/or opinions of and about any and all topics introduced and shall strive to promote tolerance for the views of others and for the right of individuals to form and hold differing views and opinions. Both parties understand that classroom presentations and discussions shall be relevant to course content as prescribed in the appropriate curriculum guides adopted by the Board of Education and appropriate to the maturity level and intellectual ability of the students.

Article 19
Maintenance of Classroom Control and Discipline

The CCPS is committed to providing a safe learning environment for students and staff consistent with federal and state laws.

When a student is, by behavior, seriously disrupting the instructional program to the detriment of other students, the classroom teacher may temporarily remove the student from the class and refer the student to the principal. In such cases, the teacher will furnish the principal, in writing using the student discipline referral form, as promptly as the teaching obligation will allow, full particulars of the incident. If a student's disruptive behavior results in action less than suspension, the principal shall confer with the teacher who referred the student to the principal before returning the student to that teacher's classroom. The principal may satisfy this requirement by conferring with the teacher before returning the student to the classroom except when prevented from doing so by statute/regulation or in an emergency situation. A response regarding disposition of referrals initiated above shall be forwarded to the teacher in writing using the student discipline referral form within a reasonable time following the original submittal.

“Confer” means a discussion or dialogue by any means, for example, telephone, electronic mail, or face-to-face meeting, where the views of the teacher are communicated and considered.
