

Middle and High School Families:

We are developing plans for the return of our middle and high school students to in-person learning. While we do not have the details finalized, to be better prepared, we need to know family intent to return to in-person instruction or remain with in-home learning.

Please log into your [Skyward Family Access](#), using your family login and password (not your student's information), to complete the survey for your student(s).

Steps to complete the survey:

- Open your Skyward Family Access to respond to survey (you must login to your family page, not your student's page)
- Click Online Forms on the left of page; then click next  
*(New page opens)*
- Make your choice; then, **below the survey**, click "Complete Step 1 move to Step 2" (**DO NOT** click buttons at right of survey)  
*(New page opens)*
- Click "Submit 2020-2021 Reopening Plan" **at bottom of the page**

Please complete the survey for your student(s) by **Monday, March 22.**
