Autism and Behavior Resources

- We provide community support for individuals ages 2-18 in central Pennsylvania: Columbia, Montour, Northumberland, Snyder and Union counties.
- We offer workshops, parent training, self-help skill training, and community events.
- Our mission is to create a community that understands and accepts individuals with special needs and their families. By training organizations, coordinating events and working with schools and parents, families can successfully interact in the community and enjoy activities together.
- We are known in the central PA region for hosting haircut events for individuals that may struggle in a barbershop or hair salon.
