# COMMUNITY Profile

## Featuring NEPA Inclusive

- NEPA Inclusive was founded by Frank Bartoli in December of 2013, with his daughter, who has Down Syndrome, in mind. Frank and a small group of 'Founding Contributors' who shared the vision of inclusion for everyone.
- We are focused on three primary beliefs;

**Live Inclusive** - We believe people with disabilities should live where and with whom they want. We provide support services including habilitation and companionship services to help them live in their most natural environment and connect them to other services when necessary. We believe people with disabilities should be empowered with making their own decisions and choices and we respect those choices and values. Our role is always to support the person in the life they choose.

**Work Inclusive** - We believe people with disabilities should make the same wage as everyone else and that a job is an important part of an inclusive life. We strive to find unique and sustainable jobs, customizable employment, and entrepreneurial opportunities for people with disabilities so they can be contributing members of their community.

**Transition Inclusive** - Transition Planning is a vital process where a student plans for their life after high school. We want to be there along the way to help set the plan in place and assist the student in both the employment process as well as their plan after high school. We can be engaged by the student or the school district in this process.

- We currently serve Luzerne, Lackawanna, Wyoming, Monroe, Carbon, Berks, and Columbia Counties.
- We are a provider of support services for those with an ID Waiver in areas such as in Home and Community Habilitation Companion Services, Respite, and Supported Living Services

Local resources,  
opportunities,  
and support for  
the Autism community.
