- Step By Step, Inc., a community based, human service agency, is committed to enhancing the quality of life & personal growth of those we serve through support for individual choice & independence. We strongly & passionately believe in each individual's ability to succeed in life, through personal empowerment with dignity & respect.
- We provide employment, vocational, residential, autism, & counseling services to individuals with intellectual disabilities, behavioral health difficulties, autism spectrum disorders, & physical disabilities through multiple Pennsylvania counties in the Northeast, Lehigh Valley, Southeast & Greater Pittsburgh areas.
- Step By Step, Inc.'s Children's services (Specialized Autism Support Program (SASP) & Behavioral Health Rehabilitation Services) available in Northeast Pennsylvania, reach into classrooms, homes & the community, offering support where children & families need it most.
- Currently, families with children who are newly diagnosed with autism face long waiting lists to receive service. Step By Step's IDEA Program (Immediate Diagnosis & Early Assistance) was formed in response to combat these long waits, allowing children to receive services immediately following the assessment and diagnosis of autism. This program also enables both the child & family to transition into the next level of service, while also serving as an extensive training opportunity for parents & caregivers.
