

Individual Research Project
Covenant Day School

Complete and submit this form to the HS Guidance Office as a part of your course selection process. It's understandable that this form may come in after you turn in your course selection form which is due in February. However, you need to turn this Individual Research Project Proposal Form prior to the month of May for consideration. See Miss Mills if you have any questions. hmills@covenantday.org

Individual Research Project Proposal Form

This form is intended to describe your proposed project. It does not have to be detail specific, but should adequately portray the area you want to investigate and the manner in which you hope to do this. Keep in mind that you will have to present this proposal before the Individual Research Project Board. Along with this form you will need to turn in a copy of your proposed schedule for your junior or senior year.

1. Name: _____
2. Discipline or area to investigate: _____
3. Who will be your faculty advisor? _____
4. What do you want to learn about? Why are you interested in this?
What inspired you to inquire into this?

5. How would you go about investigating this particular area? (ie. through experiments, reading, research)

6. How will the results of this project be shown or demonstrated? (ie. a movie, model, paper):

7. What background knowledge do you have that may help you in this task?

8. What do you propose to do as summer work on this project?

9. Will there be any monetary expenses with this project? If so, what is the estimate?

I understand that completing a proposal and presenting it to the Advanced Research Project Board does not guarantee that I will be allowed to participate. If this proposal is chosen, I also understand each component of the project and the timetable for completing the project.
