## Lakeshore Players Theatre: Professional Workshops

In collaboration with Lakeshore Players Theatre, we are thrilled to announce these incredible monthly workshop opportunities! Register early as limited spots are available! With thanks to the Greater White Bear Lake Community Foundation who generously awarded us a grant to help us bring these opportunities to the community at a significantly reduced cost.

### Creating Acting Moments in Movement

Join the electrifying Twin Cities and Chicago theatre veteran, Emily Madigan, as she takes you through choreography from her time performing in the touring show of Lin Manuel Miranda's *In The Heights*, and regional performances of *Footloose*, and *West Side Story*. This class is excellent for movers at all levels, and offers useful tools to add to your foundational experience in theatre. Throw on those movement clothes, grab your water bottle, and get ready for a class you don't want to miss!

1 session / \$39 / Sat, May 15 / North Campus

2882 (AM) 9 am - 12 pm

2882 (PM) 1 - 4 pm

### Mouthbeats Workshop

This summer we are thrilled to welcome Terrell Woods, aka Carnage the Executioner, to lead a high-energy and explosive workshop on the art of rap and beatbox. Join this famous Minnesota rapper for a workshop like nothing you've ever done before! Terrell is a force in the music industry, and will introduce you to creating beats and sounds using only your mouth. You will also learn how to create intricate and creative raps about anything and everything!

1 session / \$39 / Sat, June 12 / North Campus

2882 (AM) 9 am - 12 pm

2882 (PM) 1 - 4 pm

### Creating Authentic Emotion through Story & Song

Molly Weibel and Ian Zahren are two teaching artists who firmly believe that what makes a "good performer" is not just the ability to execute a song or monologue perfectly, but rather the ability for a performer to reach inside themselves and bring out the emotional storytelling behind a piece. Join this duo for a one-of-a-kind workshop that will allow you to dive into your audition repertoire book to help you take your audition pieces to a whole level by discovering how to connect in healthy, emotionally charged ways to the pieces you're performing, guaranteed to leave your audience and directors wanting more!

1 session / \$39 / Sat, July 17 / North Campus

2882 (AM) 9 am - 12 pm

2882 (PM) 1 - 4 pm

### Theatre for Social Justice

So often we hear that students want to be part of the conversation on social justice. Join PhD Candidate, Kiera Stegall, as she seamlessly marries theatre practices with the topic of social justice. You will dive into theatre games, engage in meaningful discussions, and be given a safe space to process what you learn. This class is great for students who have a little and a lot of experience surrounding the conversation of social justice. It's time to engage in the world around you.

Camp Invention®

# RECHARGE

FOUR OPEN-ENDED MODULES.  
ENDLESS WAYS TO GET HANDS-ON  
WITH INVENTION EDUCATION.

- Children adopt a solar-powered cricket and design habitats and protective gear.
- They explore circuitry, energy, sustainability and the physics of playground equipment.
- Jumping into cricket anatomy, children build their own musical wings for a grand finale chirp-off.

- Children construct a dynamic vehicle using pulleys, propellers and hydraulics.
- They modify their vehicles to slither, sprint, submerge or soar, with inspiration from fascinating creatures.
- In a Super Road Rally, they engineer and navigate through ramps, tunnels and obstacles.

- Children take apart and explore the inner workings of a microphone to learn about sound waves.
- With the Camp Invention Design Thinking Process™ and real-world inspiration, they prototype a breakthrough invention.
- Discovering the power of patents, they deliver an impressive pitch to promote their invention.

- Children build and test a device to launch rubber ducks around the world.
- Experimenting with catapults, they play with physics concepts including trajectory and velocity.
- To promote their final duck chucking device, children create an exciting marketing campaign.

## Robotics Evolution

GRADES 4-8 / INSTRUCTOR: YOUTH ENRICHMENT LEAGUE

Using LEGO® Mindstorms software and LEGO® EV3 bricks and technology, students build a robot to deliver animals to safety, put cows out to pasture, reunite separated panda bears and more. In this year's Youth Enrichment League {YEL!} summer camp, our focus is on the FIRST® LEGO® League's challenges. Students will design, build, program, test and modify multiple robots using the LEGO® Mindstorms EV3 robotics system. Then use their team's robot (usually teams of three) to complete various challenges related to our animal friends. Our summer camp is designed to prepare students for participation in the FIRST® LEGO® League annual robotics competition. This course is a fantastic primer if you are interested in gaining experience for the FIRST® LEGO League annual robotics competition.

AGES 8+

We offer a variety of tennis options for children ages 7-18 as well as adults. Our tennis lessons are designed to get beginning youth and adults playing tennis as quickly as possible. Lessons plans follow a logical progression of skill-building drills and games.

**Beginner:** For players who have little to no experience playing tennis. Students will learn each stroke from the very beginning and work on technique in a success-orientated environment. This class uses age-appropriate tennis balls.

**Intermediate:** For players who completed the Beginner class or has some playing experience. Concentration is on improving technique and learning how to control the ball. In class players focus on stroke production, learning to hit to specific targets and point playing experiences.

**Advanced:** Prerequisite: Beg/Inter Class or equivalent experience. Students will concentrate on court positioning, strategy and reviewing and improving their techniques. There will be “player sustained” drills which simulate match play.
