A Message from the Principal

I am privileged to have the opportunity to serve as your principal and it is an honor to work with our highly dedicated staff, our wonderful students, and our supportive parents. Elmhurst Elementary is committed to building a positive school culture for all. Each student at Elmhurst has an individual learning path and our staff works collaboratively to ensure that all students needs are met. As a staff, we are committed to building relationships with our students to help shape them into creative and critical thinker. The goal is for our students to be motivated, collaborative and inspired 21st Century Learners with the confidence, compassion, and independence to make a difference in the world outside of school.

School Facility Information

Elmhurst Elementary School is a community school. It originally consisted of two buildings constructed in 1964 and later was expanded with two additional buildings constructed in 1965. In 1992, a 4-classroom addition and renovation was completed. This addition was part of the bond which passed in 1989. Also, as a part of the bond, the playfield was renovated in 1992. A modernization project was completed in 2002 as part of a 1998 bond. Currently, our school is a group of four main buildings connected by covered breezeways. Recently a perimeter

fence was added to Elmhurst to increase our campus security, as well as our access control system. We currently have approximately 395 students with three classrooms at each grade level, except for first grade which has four classes. Our school is used extensively by community groups on our fields, in our gym, and in our community room. If you would like to use our facilities, please contact our office at 253-298-3500.

Parent and Community Feedback Summary
