

Clay - Unit 2 - Wheel Throwing

Unit Focus

In this unit, students will be introduced to the fundamentals of wheel throwing to create symmetrical forms on the wheel. Students will be instructed on a variety of artists that use wheel throwing in their work both functional and nonfunctional. Students will apply their knowledge through self awareness on the wheel. Students will learn through a series of demonstrations on how to handbuilding and wheel\throwing.

Stage 1: Desired Results

Established Goals	Transfer	
StandardsNational Core Arts StandardsVisual Arts: HS ProficientInvestigate, Plan, Make: Generate and conceptualize artistic ideas and work.(VA:Cr1.1.HSI)Use multiple approaches to begin creative endeavors. (VA:Cr1.1.HSI.a)Investigate: Organize and develop artistic ideas and work. (VA:Cr2.1.HSI)Engage in making a work of art or design without having a preconceived plan.(VA:Cr2.1.HSI.a)Other GoalsMadison Public Schools Profile of a Graduate Product Creation: Effectively use a medium to	Students will be able to independently use their learning to T1 Develop and refine techniques and skills through purposeful practice and application to become more fluent T2 Make appropriate choices as a responsible, respectful participant within a communal artistic experience T3 Engage in critique to inform next steps or deepen examination of an artistic work Meaning	
	Understanding(s)	Essential Question(s)
	Students will understand thatU1Artists improve the quality of a performance/piece of art through a cycle of deliberate practice and examination of results.U2Artists make thoughtful choices about their use of skills, technique, and style to in hopes of creating a specific response for an audience.U3Evaluation of an artistic work is based on analysis and interpretation of established criteria that is helpful to the artist or deepens understanding of the work.	 Students will keep considering Q1 How did it go / how did it turn out so far? How does it measure up to the established criteria? What is important to focus on next? Q2 What am I learning by engaging in critique? Q3 What (skill/technique) am I focusing on? How do I get better at this? How do I know I'm making progress?
	Acquisition	
communicate important information. (<i>POG.3.2</i>) Self-Awareness: Examining current	Knowledge	Skill(s)
performance critically to identify steps/strategies to persist. (<i>POG.4.1</i>)	Students will knowK1How to get acclimated to the process of wheelthrown potteryK2How artists use the potters wheel to makesymmetrical formsK3Working collectively to reprocess clay for thefollowing day.	Students will be skilled atS1Wedging clay to create a uniform body and eliminate airpocketsS2S2Applying constant pressure to cone, compress, andcenter a ball of clay on the wheel.S3S3Demonstrating proper upperbody, arm, and handpositions to stabilize the clay while using the wheel.

Stage 1: Desired Results	
	 S4 Using a centered ball of clay to open, establish, and compress a base. S5 Pulling a cylinder with uniform wall thickness. S6 Shaping the vessel while maintaining the symmetrical
	form. S7 Removing excess clay and transferring vessel for proper storage.
	S8Maintaining the moisture in the clay workS9Trimming the clay vessel to create a foot (flushed, raised, undercut).
	S10 Selecting appropriate glazing techniques or surface ornamentation to compliment the vessel.
