Dear Parent / Carer

### **Year 10 currently isolated**

I appreciate your patience whilst we are awaiting official confirmation as to whether your son/daughter will need to continue self-isolating depending on the PCR test outcome from our suspected positive COVID case within Year 10.

Having taken further advice from Public Health England I can confirm that regardless as to whether individual students have a negative LFD test, or PCR test themselves they will not be able to be admitted back to school until we have the results of our suspected case.

For tomorrow's lessons students should log onto Teams. They will have invites for on-line lessons in the way that they will have done prior to 8<sup>th</sup> March and the same safeguarding protocols will apply. If there are lessons where Teams is not appropriate then students will be able to find work and instruction on Class Charts.

Many thanks for your understanding, and I will inform you as soon as possible once we have any further updates.

Regards  
Tim Chambers  
Headteacher
