

Educators Resource & Lending Library

At The Autism Center at Misericordia University

'Check out' therapeutic tools to try with your client with Autism to know if these tools would be worth the family purchasing on their own. Similar to a typical library, these items can be borrowed & returned after a small period of time from therapists. Great for therapists, students, and the families they are working with.

Use this link to start using the library Today!

[Lending Library for Professionals Form](#)

-Several Items Are Disposable Only-

Try what we have or let us know what you need!

We have several books that encompass topics for; Professionals, Parents, Adults with Autism, Children with Autism, and Siblings of a child with Autism.

These can all be borrowed through the library at the
Autism Center at Misericordia University
