Tirana International School

2020 Arrival Procedures

here will be 3 different entrance points for students in the attempt to keep them distanced, spread out and congregating with only their age level. Again, parents will not be allowed in the school at this time. Please drop your child at their entrance point or point them in that direction. Thank you for helping to make this process as smooth as possible.

Students are expected to arrive on campus between 7:45 and 7:55. Classes begin at 8:00am. Any student arriving after 7:55 will need to go through the main entrance.
