## INDEPENDENT AUDITOR'S REPORT

To the School Board  
Lamoille North Modified Unified Union School District

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, business-type activities, and each major fund, and the aggregate remaining fund information of Lamoille North Modified Unified Union School District as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the district's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, and each major fund, and the aggregate remaining fund information of the Lamoille North Modified Unified Union School District, as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Other Matters

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison information on pages 49-52, the schedule of the proportionate share of the net pension liability-VSTRS on page 53, the schedule of the proportionate share of the net pension liability-VMERS on page 54, the schedule of contributions-VMERS on page 55, and the schedule of the proportionate share of the net OPEB liability-VSTRS on page 56 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Lamoille North Modified Unified Union School District's basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 3, 2020, on our consideration of the Lamoille North Modified Unified Union School District internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Lamoille North Modified Unified Union School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2020

Our discussion and analysis of Lamoille North Modified Unified Union School District (LNMUUSD) financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2020. Please read it in conjunction with the District's financial statements.

**Brief Discussion of the Basic Financial Statements:**

**Using This Annual Report**

This annual Report consists of a series of financial statements. The Statement of Net Position and the Balance Sheet—Governmental Funds provide information about the activities of the District as a whole, and present a longer-term view of the District's finances. Fund financial statements such as the Statement of Activities follow under the Notes section of the Report. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds.

The Statement of Net Position - Proprietary Funds provides financial information about activities for which the District operates as an "Enterprise Fund". The activity that this Fund reports stems from the construction of a house by the Technical Center for sale to a private owner.

The Statement of Net Position - Fiduciary Funds provides financial information about activities for which the District acts solely as a trustee or agent for the benefit of those outside of the government.

The District Administration is responsible for establishing an accounting and internal control structure designed to ensure that the physical, data, informational, intellectual and human resource assets of the District are protected from loss, theft and misuse, and to ensure that adequate accounting information is maintained and reported in conformity with generally accepted accounting principles (GAAP). Additionally, management strives to ensure that these assets are put to good and effective use. The internal control structure is designed to provide reasonable, but not absolute, assurances that these objectives are attained. The concept of reasonable assurance recognizes that: (1) the cost of any control should not exceed the benefit likely to be derived; (2) the valuation of cost and benefits requires judgments by management.

**Reporting the District as a Whole**

One of the most important questions asked about the District's finances is, "Is the District as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about the District as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Position reports the District's net assets and changes in them. You can think of the District's net position - the difference between assets and liabilities - as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the District's student enrollment and the condition of the District's infrastructure, to assess the overall health of the District.

Lamoille North Modified Unified Union School District  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2020

In the Statement of Net Position and the Statement of Activities, the District's activities are classified solely as governmental activities:

- Governmental activities - The District's basic services are reported here, including: instruction-regular education and special education; supporting education services; operation and maintenance; transportation; administration; and debt service. These activities are further broken down between General Fund and Special Revenue.
  - General Fund Activities – These are the basic core activities of the District – student education. These activities are also supported primarily by property taxes.
  - Special Revenue Activities – These are special purpose activities that are supported by grant funds. These activities may support the core mission of the District, but the activities are being provided because other funds are not available to pay for them. In most cases, special revenue activities would not be provided if grant funding were not available.

**Analysis of Overall Financial Information:** The chart below provides a snapshot of the financial picture of the district for FY 20:

MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2020

**FY 20 REVENUES:**

LNMUUSD elementary revenue in FY20 totals \$13,643,304. This amount is \$851,017 higher than FY 19, due to increases in all revenues with the exception of our Enterprise fund of Beyond the Bell.

LNMUUSD Grade 7-12 revenue totals \$14,639,208 in FY20, an increase of \$679,202 over the prior year due to increases in all revenues from State Support to Miscellaneous which includes items such as interest and miscellaneous local grants.

Lamoille North Modified Unified Union School District  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2020

The tech center revenues in FY20 total \$3,231,746. This is \$300,807 lower than FY 19 revenues. Adult Education revenues were lower by \$95,604. Miscellaneous is lower in FY 20 as there was not a voted capital reserve transfer this fiscal year.

**EXPENDITURES:**

LNMUUSD elementary expenses in FY20 total \$13,458,741. This is \$726,983 higher than expenses in FY 19. Beginning in March 2020, the statewide response to COVID-19 included the school nutrition program of providing free meals to all children ages one to eighteen remotely. This initiative and an increase in Instructional Support that includes devices and software for *all* students and faculty to use for remote instruction were the major drivers of these increases.

Lamoille North Modified Unified Union School District  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2020

LNMUUSD grades 7-12 expenses in FY20 total \$14,050,876. This is \$255,674 higher than in FY 19. Again COVID-19 caused many of these increases from food service to operations and maintenance. There were savings in debt service and transportation that offset these increases. Student support at the secondary level is lower than last year due to the cancelation of some winter and all spring sports and activities.

LNMUUSD vocational expenses in FY20 total \$3,200,696. This is \$176,083 lower than FY 19. The main factor in the decreased expenses was due to a decrease in Adult Education classes and student support services which includes the spring activities many technology students would typically be attending if not for the movement to remote learning in March.

**CHANGE IN GENERAL FUND BALANCE:**

While FY2020 expenses and revenues were higher than FY2019, the FY2020 actual expenses came in lower than budgeted, and revenues came in higher than budgeted. This surplus budget, combined with unused prior year surpluses, gives the Modified Unified District Schools generous reserves to carry forward.

**ASSETS:**

As required under Governmental Accounting Standards Board #34, the District is reporting its capital assets as part of the financial statements. The District has researched and documented the historical costs of the various assets owned by the District and applied appropriate charges against the cost to record depreciation. Note 5 of the Report further details the status of the District's net capital assets.

**LONG-TERM DEBT:**

The District has four categories of long-term debt, defined as Bond Payables, Notes Payable, Capital Leases and Termination Benefits Payable.

1. As of June 30, 2020, the district had \$17,779,692 in seven outstanding bond principals. Further detail can be found in Note 6.
2. As of June 30, 2020, operating lease expense totaled \$100,363. Further detail can be found in Note 9.
3. As of June 30, 2020, notes payable totaled \$6,417 and was for one Eden Campus note for a water project in 2013. Further detail can be found in Note 7.
4. At June 30, 2020, the district had \$356,338 in termination benefits payable. This payable is from accrued employee vacation and sick leave. Further detail can be found in Note 10

**CURRENT ISSUES:**

- Collective Bargaining Agreements: All Collective Bargaining Agreements expired on 06/30/2020. New 1 year agreements have been ratified, set to expire June of 2021.
- Like many of Vermont's school districts, the Lamoille North School District has experienced a trend of decreasing student enrollment. This decrease is of concern as the state evaluates costs and numbers of students in their school systems. LNMUUSD's equalized pupil count (EPC) has decreased. This downward trend was expected to reverse, and showed some leveling out in fall 2019. However, as a result of COVID-19 enrollment numbers will be difficult to project going forward. Lower equalized pupil counts scaled by poverty and other factors have the effect of increased tax rates.

- The Green Mountain Technology & Career Center has seen recent decline in student enrollment. Six semester averaged pupil FTE counts hover between 139 - 174.

| FY2013 | FY2014 | FY2015 | FY2016 | FY2017 | FY2018 | FY2019 | FY2020 | FY2021 |

- Students eligible for special education services have an Individual Education Plan (IEP) developed based on the student's specific needs. Only expenses associated with IEPs are eligible to be classified as special education expenses and eligible for reimbursement at the various State rates.

The Schools are seeing students with increasingly complex profiles – homelessness, mental health and emotional disturbance issues, but not always qualifying under special education definitions for IEP services. These profiles are requiring the Schools to make greater use of non-special education consultants, professionals, and other specialized student support services.

Lamoille North Modified Unified Union School District  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
June 30, 2020

- Students qualifying for Free & Reduced lunches in the Elementary Schools and Secondary Schools reached 50.36% and 41.39% respectively in Fall 2019, reflecting a much challenged economic region with a current average at 45.69%.

|---|---------------------|
| <b>Total fund balances - governmental funds</b> | <b>\$ 6,282,600</b> |
|---|---------------------|

Amounts reported for governmental activities in the statement of net position  
are different because:

Capital assets used in governmental activities are not financial resources  
and therefore are not reported as assets in governmental funds.

|                          |              |

Deferred outflows of resources represent the consumption of net position  
that is applicable to future reporting period and therefore not reported as  
assets in the funds

75,644

Deferred inflows of resources represents the acquisition of net assets  
applicable to a future reporting period and therefore are not reported as  
liabilities in the funds.

FUND FINANCIAL STATEMENTS  
STATEMENT OF REVENUES, EXPENDITURES AND  
CHANGES IN FUND BALANCE - GOVERNMENTAL FUNDS  
June 30, 2020

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT  
OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE  
TO THE STATEMENT OF ACTIVITIES

|   |                     |
|---|---------------------|
| <b>Total net change in fund balances - governmental funds</b> | <b>\$ 1,483,500</b> |
|---|---------------------|

Amounts reported for governmental activities in the statement of activities  
are different because:

Capital outlays are reported in governmental funds as expenditures.  
However, in the statement of activities, the cost of those assets is  
allocated over their estimated useful lives as depreciation expense:

|                            |             |
|----------------------------|-------------|
| Depreciation Expense       | (1,599,612) |
| Capital Outlays            | 1,684,557   |
| Gain on Disposal of Assets | (23,646)    |

Some expenses reported in the Statement of Activities do not require  
the use of current financial resources and therefore are not reported  
as expenditures in governmental funds:

|                              |          |
|------------------------------|----------|
| Termination Benefits Paid    | 80,864   |
| Termination Benefits Accrued | (84,615) |
| Pension Expense              | (22,436) |

Repayment of long-term debt is an expenditure in the governmental funds,  
but the repayment reduces long-term liabilities in the statement of net position:

|                     |                    |
|---------------------|--------------------|
| Bond Payments       | 971,519            |
| Note Payments       | 439                |
| Acquisition of Bond | <u>(2,233,000)</u> |

NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

All operations of the School District are controlled by an eighteen-member Board of School Directors, elected in Town-wide elections, and responsible for all of the School District's activities. The financial statements include all of the School District's operations controlled by the Board of School Directors. Based on criteria for determining the reporting entity (separate legal entity and fiscal or financial dependency on other governments), the School District is considered to be an independent reporting entity and has no component units.

The District provides elementary and secondary education for the Towns of Belvidere, Eden, Hyde Park, Johnson and Waterville, Vermont. The District provides secondary education for the towns previously noted and Town of Cambridge, Vermont. The District also operates a Vocational Center, which serves towns located in the Lamoille North Supervisory Union, the Lamoille South Supervisory Union and the Orleans Southwest Supervisory Union. The District is a member of the Lamoille North Supervisory Union (LNSU) from which is received superintendent and business services.

District-wide and Fund Financial Statements

The district-wide financial statements (i.e., the statement of net position and the statement of changes in net position) report information on all of the non-fiduciary activities of the School District. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expense of a given program is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to students or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, early retirement, arbitrage rebates, and post-employment healthcare benefits, are recorded only when payment is due.

Assessments, tuition and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when the School District receives cash.

The School District reports the following major governmental funds:

- \* The general fund is the School District's primary operating fund. It accounts for all financial resources of the School District, except those required to be accounted for in another fund.
- \* The capital projects fund accounts for resources accumulated and payments made for the acquisition and improvement of sites, construction and remodel of facilities, and procurement of equipment necessary for providing educational programs for all students within the School District.

The School District reports the following trust funds:

Private-Purpose Trust Funds

- \* Assets Held in Trust for Grammar School Sales – these two trust funds are used to hold the proceeds from two old school house buildings that were sold.

Agency Funds

- \* Agency Funds- Assets held for student activities for the benefit of students. Agency funds are custodial in nature and therefore their assets equal their liabilities.

Private-sector standards of accounting, and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Amounts reported as program revenues include 1) charges to students for tuition, fees, rental, material, supplies, or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Budgetary Data

Budgets are presented on the modified accrual basis of accounting for all governmental funds. Budgets are not adopted on a School District level for the financial funds or the student activities agency fund. All annual appropriations lapse at fiscal year-end with the exception of those indicated as a fund balance reserve. The following procedures are used in establishing the budgetary data reflected in the financial statements.

- \* During January of each year, the Principal and Vocational Director submit to the School Board a proposed operating budget for the next fiscal year commencing July 1<sup>st</sup>. This budget includes proposed expenditures and the means of financing them. Included also is a final budget for the current year ending June 30<sup>th</sup>.
- \* Two public hearings are conducted to inform taxpayers of the budget. The first hearing is held at the Annual District Meeting which is held on the third Tuesday in February. The second hearing is held within 10 days prior to the ballot vote.
- \* The District budget is voted on Town Meeting Day by Australian ballot. The proposed budget is distributed to the legal voters of the District 10 days before the Annual Meeting.
- \* Once adopted, the budget can be amended by subsequent Board action. The Board upon recommendation of the Superintendent can approve reductions in appropriations, but increases in appropriations by fund require a public hearing prior to amending the budget. In accordance with Vermont State law, interim adjustments may be made by administrative transfer of money from one appropriation to another within any given fund.
- \* Expenditures may not legally exceed budgeted appropriations at the fund level.

Encumbrance accounting is employed in the governmental funds. Encumbrances (e.g., purchase orders and contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent year.

Negative variances in total revenues and the positive variances in total expenditures are largely a result of federal and state program revenues and related expenditures that do not have a direct impact on the undesignated fund balance. Budgets generally assume the expenditure of all available resources. Therefore, when the budget is prepared, it is assumed these funds will not have a carryover of revenue to a subsequent year. Program revenue received but not spent is restricted and deferred to the subsequent fiscal year. As a result, overall fund revenues variances will be negative and overall fund expenditures variances will be positive.

Cash and Cash Equivalents

The School District's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments

Investments are reported at fair value. Changes in the fair value of investments are recorded as investment income. The reported value is basically the same as the fair value of the Fund's shares.

Interfund Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., current portion of inter-fund loans) or "advances from/to other funds" (i.e., the non-current portion of inter-fund loans). Lamoille North Modified Unified Union School District generally maintains one cash account in the General Fund to pay expenditures and receive payments for efficiency. All interfund balances resulted from the time lag between the dates that (1) reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) repayments between funds are made.

Advances between funds, as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Inventories

Inventories are valued at cost, using the first-in, first-out method.

Capital Assets

Capital assets are property owned by the School District and include computers, computer equipment and peripherals: equipment such as vehicles, machinery, copiers, and office equipment; buildings and land: and infrastructure such as roads, bridges, tunnels, rights of way, and culverts.

General capital assets should be capitalized and recorded when all of the following criteria are met:

- (1) The asset is tangible and complete.
- (2) The asset is used in the operation of the School District's activities.
- (3) The asset has a value equal to or greater than \$5,000 and a useful life of more than one year, at the date of acquisition

All general capital assets must be recorded at either historical cost or estimated historical cost. Assets acquired through donation will be recorded at their estimated fair market value on the date of donation. In addition to purchase price or construction cost, costs of capitalization may include incidental costs, such as bond interest and issuance cost, insurance during transit, freight, duties, title search, title registration, installation, and breaking-in costs.

The straight line depreciation method will be used with lives as recommended by the Association of School Business Officials (ASBO).

Long-term Obligations

In the district-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable statement of net assets.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government-Wide and Proprietary Fund Net Position

Government-wide and Proprietary Fund Net Position is divided into the following components:

Net investment in capital assets – consist of the historical cost of capital assets less accumulated depreciation and less any debt that remains outstanding that was used to finance those assets.

Restricted net position – consist of net position that are restricted by the District's creditors, by enabling legislation, by grantors (both federal and state), and/or by contributors.

Unrestricted – all other net position reported in this category.

Government Fund Balances

Effective July 1, 2010, the District adopted the provisions of GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions."

In the governmental fund statements, fund balances are classified as follows:

Restricted – Amounts that can be spent only for specific purposes because of laws, regulations, or externally imposed conditions by grantors or creditors.

Committed – Amounts that can be used only for specific purposes determined by a formal action by the School Board.

Assigned – Amounts that are designated by management for a particular purpose.

Nonspendable – Amounts that cannot be spent because they are not spendable in form or are legally or contractually required to be maintained intact.

Unassigned – All amounts not included in other classifications.

When both restricted and unrestricted resources are available for use, it is the School District's policy to use restricted resources first, then unrestricted resources as they are needed. For unrestricted amounts of fund balance, it is the district's policy to use the fund balance in the following order, (1) Committed, (2) Assigned, (3) Unassigned.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2 CASH

The cash deposits in the School District accounts as of June 30, 2020 consisted of the following:

|                          | <u>Bank<br/>Balance</u> | <u>Book<br/>Balance</u> |
|--------------------------|-------------------------|-------------------------|
| Insured (FDIC)           | \$ 1,012,273            | \$ 794,706              |
| Collateralized *         | 7,827,483               | 1,252,391               |
| Right to off-set by Debt | 1,150,260               | 1,150,260               |
| Uninsured                | <u>3,975,154</u>        | <u>2,782,861</u>        |
| <br>TOTAL                | <br><u>\$13,965,170</u> | <br><u>\$ 5,980,218</u> |

The difference between the book balance and the bank balance is due to reconciling items such as deposits in transit and outstanding checks.

\* Cash deposits held by the School District at June 30, 2020 are secured through a repurchase agreement with Community Bank, Community National Bank and Peoples United Bank.

NOTE 3 RESTRICTED INVESTMENTS

During the year ended June 30, 2006, Lamoille North Modified Unified Union School District obtained a qualified zone academy bond in the amount of \$1,217,000. Under the terms of this bond, the School District is required to transfer monies annually into an investment account. These annual deposits, as well as any investment earnings, will be used towards the payment of principal at bond maturity in October 2021.

Investments at June 30, 2020 consisted of the following:

|                     | <u>Cost</u>       | <u>Market<br/>Value</u> |
|---------------------|-------------------|-------------------------|
| FHLMC Discount Note | \$ 962,366        | \$ 973,942              |
|                     | <u>\$ 962,366</u> | <u>\$ 973,942</u>       |

All investments are categorized as Level 1 and recorded at fair value as of June 30, 2020. As required by professional accounting standards, investment assets are classified entirely based upon the lowest level of input that is significant to the fair value measurement.

NOTE 11      DEFINED CONTRIBUTION PLAN

The Lamoille North Modified Unified Union School District participates in the Lamoille North Supervisory Retirement Plan, which is a defined contribution plan. Employees not participating in the Vermont State Teachers' Retirement System Plan, who are at least 21 years of age and have completed one year of service (defined as 1,000 hours of service in a plan year) are eligible to participate in the plan. Employer contributions to the plan are discretionary and allocated among participants as a uniform percent of pay.

Lamoille North Supervisory Union began a new retirement plan on July 1, 2008. Under this, new plan employees hired prior to July 1, 2008 will receive an employer match of up to 4% of eligible wages. Employees hired after July 1 will receive an employer match of up to 3% of eligible employee wages. Covered wages under the plan were \$2,157,394 in fiscal year 2020. Contributions accrued at year end by the District to be paid in fiscal year 2020 were \$68,923.

NOTE 12      TEACHERS RETIREMENT- VSTRS

**Information Required Under GASB Statement No. 68**

Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions requires employers participating in a cost-sharing, multiple-employer defined benefit pension plan to recognize their proportional share of total pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense. The schedules below have been prepared to the Lamoille North Modified Unified Union School District's proportional share of the overall amounts of the Vermont State Teachers' Retirement System (VSTRS) plan. Lamoille North Modified Unified Union School District's portion has been allocated based on Lamoille North Modified Unified Union School District's proportional share of employer contributions to the total contributions to VSTRS during the fiscal year.

**Reporting Date, Measurement Date, and Valuation Date**

Net pension liabilities, deferred pension outflows of resources, deferred pension inflows of resources, and pension expense are all presented as of the Lamoille North Modified Unified Union School District's reporting date (June 30, 2020) and for the Lamoille North Modified Unified Union School District's reporting period (the year ended June 30, 2020). These amounts are measured as of the measurement date and for the measurement period (the period between the prior and current measurement dates). GASB Statement No. 68 requires that the current measurement date be no earlier than the end of the employer's prior fiscal year. For the reporting date of June 30, 2020, the State has chosen to use the end of the prior fiscal year (June 30, 2019) as the measurement date, and the year ended June 30, 2019 as the measurement period.

The total pension liability is determined by an actuarial valuation performed as of the measurement date, or by the use of update procedures to roll forward to the measurement date amounts from an actuarial valuation as of a date no more than 30 months and 1 day earlier than the employer's most recent fiscal year-end. The State has elected to apply update procedures to roll forward amounts from an actuarial valuation performed as of June 30, 2018, to the measurement date of June 30, 2018.

The schedule of employer allocations and schedule of pension amounts by employer are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. The schedules present amounts that are elements of the financial statements of the VSTRS or its participating employers. VSTRS does not issue stand-alone financial reports, but instead are included as part of the State of Vermont's Comprehensive Annual Financial Report (CAFR). The CAFR can be viewed on the State's Department of Finance & Management website at

**Plan Description**

The Vermont State Teachers' Retirement System is a cost-sharing, multiple-employer defined benefit pension plan with a special funding situation. It covers nearly all public day school and nonsectarian private high school teachers and administrators as well as teachers in schools and teacher training institutions within and supported by the State that are controlled by the State Board of Education. Membership in the system for those covered classes is a condition of employment. During the year ended June 30, 2019, the retirement system consisted of 379 participating employers.

NOTE 12      TEACHERS RETIREMENT- VSTRS (continued)

The plan was created in 1947, and is governed by Title 16, V.S.A. Chapter 55.

Management of the plan is vested in the VSTRS Board of Trustees, which consists of the Secretary of Education (ex-officio); the State Treasurer (ex-officio); the Commissioner of Financial Regulation (ex-officio); two trustees and one alternate who are members of the system (each elected by the system under rules adopted by the Board) and one trustee and one alternate who are retired members of the system receiving retirement benefits (who are elected by the Association of Retired Teachers of Vermont).

The Pension Plan is divided into the following membership groups:

- Group A - for public school teachers employed within the State of Vermont prior to July 1, 1981 and who elected to remain in Group A
- Group C - for public school teachers employed within the State of Vermont on or after July 1, 1990, or hired before July 1, 1990 and were a member of Group B at that time

All assets are held in a single trust and are available to pay retirement benefits to all members. Benefits available to each group are based on average final compensation (AFC) and years of creditable service, and are summarized below:

| VSTRS  | GROUP A  | GROUP C - GROUP #1*  | Group C - Group #2++   |
|--|--|--|--|

NOTE 12      TEACHERS RETIREMENT- VSTRS (continued)

\* Group #1 are members who were within 5 years of normal retirement (age 62 or 30 years of service) on June 30, 2010

++ Group #2 are members who were less than 57 years of age or had less than 25 years of service on June 30, 2010

Members of all groups may qualify for vested deferred allowance, disability allowances and death benefit allowances subject to meeting various eligibility requirements. Benefits are based on AFC and service.

**Significant Actuarial Assumptions and Methods**

The total pension liability as of June 30, 2019 was determined by an actuarial valuation as of June 30, 2018, using the following assumptions:

**Investment rate of return:** 7.50%

**Salary Increases:** Ranging from 3.75% to 9.09%. Representative values of the assumed annual rates of future salary increases are as follows:

| Age | Annual Rate of Salary Increase |
|-----|--------------------------------|
| 20  | 9.09%                          |
| 25  | 7.78%                          |
| 30  | 6.47%                          |
| 35  | 5.60%                          |
| 40  | 4.92%                          |
| 45  | 4.43%                          |
| 50  | 4.09%                          |
| 55  | 3.85%                          |
| 60  | 3.75%                          |

**Mortality:**

*Pre-retirement:* 98% of RP-2006 White Collar Employee with generational projection using Scale SSA-2017

*Healthy Post-retirement:* 98% of RP-2006 White Collar Annuitant with generational projection using Scale SSA-2017

*Disabled Post-retirement:* RP-2006 Disabled Mortality Table with generational projection using Scale SSA-2017

**Inflation:** 2.5%

**Spouse's Age:** Females three years younger than males

Lamoille North Modified Unified Union School District  
NOTES TO BASIC FINANCIAL STATEMENTS  
June 30, 2020

NOTE 12 TEACHERS RETIREMENT- VSTRS (continued)

**Cost-of-Living Adjustments:** Assumed to occur on January 1 following one year of retirement at the rate of 2.55% per annum for Group A members and 1.3% for 2019 Group C members.

**Inactive Members:** Valuation liability equals 250% of accumulated contributions.

**Actuarial Cost Method:** Entry age Actuarial Cost Method. Entry Age is the age at date of employment or, if date is unknown, current age minus years of service. Normal Cost and Actuarial Accrued Liability are calculated on an individual basis and are allocated by salary, with Normal Cost determined using the plan of benefits applicable to each participant.

**Asset:** The valuation is based on the market value of assets as of the valuation date, as provided by the System. The System uses an “actuarial value of assets” that differs from market value to gradually reflect year-to-year changes in the market value of assets in determining the contribution requirements.

**Long-term expected rate of return**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic rates of return for each major asset class included in the pension plan’s target asset allocation as of June 30, 2019, is summarized in the following table:

| <b>Asset Class</b>      | <b>Target Asset Allocation</b> | <b>Long-Term Expected Real Rate of Return</b> |
|-------------------------|--------------------------------|---|

**Discount rate**

The discount rate used to measure the total pension liability was 7.50%. In accordance with paragraph 29 of GASB 68, professional judgement was applied to determine that the System's projected fiduciary net position exceeds projected benefit payments for current active and inactive members for all years. The analysis was based on the expectation that employers will contribute to contribute at the rates set by the Board, which exceed the actuarially determined contribution, which is compromised on an employer normal cost payment and a payment to reduce the unfunded liability to zero by June 30, 2038. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the net pension liability, calculated using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower (6.50%) or one percent higher (8.50%) than the current rate.

| 1% Decrease (6.50%) | Discount Rate (7.50%) | 1% Increase (8.5%) |

**Information Required Under GASB Statement No. 68**

Governmental Accounting Standards Board (GASB) Statement No. 68, Accounting and Financial Reporting for Pensions requires employers participating in a cost-sharing, multiple-employer defined benefit pension plan to recognize their proportional share of total pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense. The schedules below have been prepared to provide Lamoille North Modified Unified Union School District's proportional share of the overall amounts of the VMERS plan. Lamoille North Modified Unified Union School District's portion has been allocated based on Lamoille North Modified Unified Union School District's proportional share of employer contributions to the total contributions to VMERS during the fiscal year.

**Reporting Date, Measurement Date, and Valuation Date**

Net pension liabilities, deferred pension outflows of resources, deferred pension inflows of resources, and pension expense are all presented as of the Lamoille North Modified Unified Union School District's reporting date June 30, 2020 and for the Lamoille North Modified Unified Union School District's reporting period (the year ended June 30, 2020). These amounts are measured as of the measurement date and for the measurement period (the period between the prior and current measurement dates). GASB Statement No. 68 requires that the current measurement date be no earlier than the end of the employer's prior fiscal year. For the reporting date of Lamoille North Modified Unified Union School District, the State has chosen to use the end of the prior fiscal year (June 30, 2019) as the measurement date, and the year ended June 30, 2019 as the measurement period.

The total pension liability is determined by an actuarial valuation performed as of the measurement date, or by the use of update procedures to roll forward to the measurement date amounts from an actuarial valuation as of a date no more than 30 months and 1 day earlier than the employer's most recent fiscal year-end. The State has elected to apply update procedures to roll forward amounts from an actuarial valuation performed as of June 30, 2018, to the measurement date of June 30, 2019.

NOTE 13      TEACHERS RETIREMENT- VMERS (continued)

The schedule of employer allocations and schedule of pension amounts by employer are prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. The schedules present amounts that are elements of the financial statements of the Vermont Municipal Employees' Retirement System (VMERS) or its participating employers. VMERS does not issue stand-alone financial reports, but instead are included as part of the State of Vermont's Comprehensive Annual Financial Report (CAFR). The CAFR can be viewed on the State's Department of Finance & Management website at:

[http://finance.vermont.gov/reports and publications/cafr](http://finance.vermont.gov/reports_and_publications/cafr)

**Plan Description**

The Vermont Municipal Employees' Retirement System is a cost-sharing, multiple-employer defined benefit pension plan that is administered by the State Treasurer and its Board of Trustees. It is designed for school districts and other municipal employees that work on a regular basis and also includes employees of museums and libraries if at least half of that institution's operating expenses are met by municipal funds. An employee of any employer that becomes affiliated with the system may join at that time or at any time thereafter. Any employee hired subsequent to the effective participation date of their employer who meets the minimum hourly requirements is required to join the system. During the year ended June 30, 2019, the retirement system consisted of 379 participating employers.

The plan was established effective July 1, 1975, and is governed by Title 24, V.S.A. Chapter 125.

The general administration and responsibility for formulating administrative policy and procedures of the retirement System for its members and their beneficiaries is vested in the Board of Trustees consisting of five members. They are the State Treasurer, two employee representatives elected by the membership of the system, and two employer representatives – one elected by the governing bodies of participating employers of the system, and one selected by the Governor from a list of four nominees. The list of four nominees is jointly submitted by the Vermont League of Cities and Towns and the Vermont School Boards Association.

All assets are held in a single trust and are available to pay retirement benefits to all members. Benefits available to each group are based on average final compensation (AFC) and years of creditable service.

**Actuarial Cost Method:** Entry Age Actuarial Cost Method. Entry Age is the age at date of employment or, if date is unknown, current age minus years of service. Normal Cost and Actuarial Accrued Liability are calculated on an individual basis and are allocated by salary, with Normal Cost determined using the plan of benefits applicable to each participant.

**Assets:** The Valuation is based on the market value of assets as of the valuation date, as provided by the System. The System uses an "actuarial value of assets" that differs from market value to gradually reflect year-to-year changes in the market value of assets in determining the contribution requirements.

**Inflation:** 2.50%

**Long-term expected rate of return:** The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2019 are summarized in the following table:

**Discount rate**

The discount rate used to measure the total pension liability was 7.5%. In accordance with paragraph 29 of GASB 68, professional judgement was applied to determine that the System's projected fiduciary net position exceeds projected benefit payments for current active and inactive members for all years. The analysis was based on the expectation that employers will continue to contribute at the rates set by the Board, which exceed the actuarially determined contribution, which is comprised on an employer normal cost payment and a payment to reduce the unfunded liability to zero by June 30, 2038, Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the net pension liability, calculated using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percent lower (6.50%) or one percent higher (8.50%) than the current rate:

**Plan Description**

The Vermont State Teachers' Retirement System provides postemployment benefits to eligible VSTRS employees who retire from the System through a cost-sharing, multiple-employer postemployment benefit (OPEB) plan (the Plan).

The plan covers nearly all public day school and nonsectarian private high school teachers and administrators as well as teachers in schools and teacher training institutions within and supported by the State that are controlled by the State Board of Education. Membership in the system for those covered classes is a condition of employment. During the year ended June 30, 2017, the plan consisted of 266 participating employers.

Vermont Statute Title 16 Chapter 55 assigns the authority to VSTRS to establish and amend the benefits provisions of the Plan and to establish maximum obligations of the Plan members to contribute to the Plan. Management of the Plan is vested in the Vermont State Teachers' Retirement System Board of Trustees, which consists of the Secretary of Education (ex-officio); the State Treasurer (ex-officio); the Commissioner of Financial Regulation (ex-officio); two trustees and one alternate who are members of the system (each elected by the system under rules adopted by the Board) and one trustee and one alternate who are retired members of the system receiving retirement benefits (who are elected by the Association of Retired Teachers of Vermont).

NOTE 14      OTHER POST EMPLOYMENT BENEFITS (OPEB) – VSTRS (continued)

All assets of the Plan are held in a single trust and are available to pay OPEB benefits to all members.

**Summary of Plan**

**Eligibility:**

VSTRS retirees and their spouses are eligible for health coverage if the retiree is eligible for pension benefits. Pension eligibility requirements are below:

Group A – Public school teachers employed within the State of Vermont prior to July 1, 1981 and elected to remain in Group A

- Retirement: Attainment of 30 years of creditable service, or age 55

Group C – Public school teachers employed within the State of Vermont on or after July 1, 1990. Teachers hired before July 1, 1990 and were Group B members in service on July 1, 1990 are now Group C members. Grandfathered participants are Group C members who were within five years of normal retirement eligibility as defined prior to July 1, 2010.

- Retirement Group C Grandfathered: Attainment of age 62, or 30 year's creditable service, or age 55 with 5 years of creditable service.
- Retirement Group C Non-grandfathered: Attainment of age 65, or age plus creditable service equal to 90, or age 55 with 5 years of creditable service.

Vesting and Disability: 5 years of creditable service. Participants who terminate with 5 years of service under the age of 55 may elect coverage upon receiving pension benefits.

**Benefit Types:** Medical and prescription drug. Retirees pay the full cost for dental benefits.

**Duration of Coverage:** Lifetime.

**Spousal Benefits:** Same benefits as for retirees.

**Spousal Coverage:** Lifetime.

**Retiree Contributions:**

**Retired before June 30, 2010:**

Retirees with at least 10 years of service pay premium costs in excess of an 80% VSTRS subsidy. Retirees with less than 10 years of service do not receive any premium subsidy. Spouses do not receive any premium subsidy, regardless of the retiree's service.

**Retired after June 30, 2010:**

Retirees pay premium costs in excess of the following VSTRS subsidy, based on service:

Spouses of retirees who do not meet the above requirements for an 80% subsidy can receive unsubsidized coverage.

**Premium Reduction Option:**

Participants retiring on or after January 1, 2007 with a VSTRS premium subsidy have a one-time option to reduce the VSTRS subsidy percentage during the retiree's life so that a surviving spouse may continue to receive the same VSTRS subsidy for the spouse's lifetime. If the retiree elects the joint and survivor pension option but not the Premium Reduction Option, spouses are covered for the spouse's lifetime but pay 100% of the plan premium after the retiree's death.

**Actuarial assumptions**

The Total OPEB Liability used the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

**Discount Rate:** 3.50% based on the index rate for 20-year tax-exempt general obligation municipal bonds with an average of AA/Aa or higher as of June 30, 2019 and a 7.50% long-term rate of return on invested plan assets blended as prescribed in GASB 75.

*Medical and Prescription Drug*

Per capita claims costs were based on claims for the period July 1, 2016 through June 30, 2019. Claims were separated by non-Medicare and Medicare retirees, and by claim type (medical vs. prescription drug). Claims were separated by plan year, then adjusted as follows:

Lamoille North Modified Unified Union School District  
NOTES TO BASIC FINANCIAL STATEMENTS  
June 30, 2020

NOTE 14 OTHER POST EMPLOYMENT BENEFITS (OPEB) – VSTRS (continued)

- Total claims were divided by the number of adult members to yield a per capita claim,
- The per capita claim was trended to the midpoint of the valuation year at assumed trend rates, and
- The per capita claim was adjusted for the effect of any plan changes.

Per capita claims for each plan year were then combined by taking a weighted average. The weights used in this average account for a number of factors including each plan year's volatility of claims experience and distance to the valuation year. Actuarial factors were then applied to the weighted average cost to estimate individual retiree and spouse costs by age and by gender.

*Administrative Expenses*

Per capita claims costs were based on claims for the period July 1, 2016 through June 30, 2019. Claims were separated by plan year, then adjusted as described above to yield a combined weighted average per capita claims cost.

**Per Capita Health Costs:**

Medical and prescription drug claims for the year beginning July 1, 2019 are shown in the table below for retirees and for spouses at selected ages. These costs are net of deductibles and other benefit plan cost sharing provisions.

**Administrative Expenses:**

An annual administrative expense of \$568 per participant with health and welfare coverage increasing at 3.0% per year was added to projected incurred claim costs in developing the benefit obligations.

**Health Care Cost Trend Rates:**

Health care trend measures the anticipated overall rate at which health plan costs are expected to increase in future years. The rates shown below are "net" and are applied to the net per capita costs shown above. The trend shown for a particular plan year is the rate that is applied to that year's cost to yield the next year's projected cost.

The trend rate assumptions were developed using Segal's internal guidelines, which are established each year using data sources such as the 2019 Segal Health Trend Survey, internal client results, trends from other published surveys prepared by the S&P Dow Jones Indices, consulting firms and brokers, and CPI statistics published by the Bureau of Labor Statistics.

**Retiree Contribution Increase Rate:**

Retiree contributions were assumed to increase with health trend. Retiree contribution rates were based on 2018 premiums. Plan premiums were weighted by actual retiree and dependent enrolment, separately for non-Medicare and Medicare.

**Health Care Reform Assumption:**

The Plan is assumed to be in compliance with the Patient Protection and Affordable Care Act (PPACA) and the Health Care and Education Reconciliation Act (HCERA) of 2010 as of the valuation date. The valuation includes the projected effect of the Act's provision which imposes an excise tax on high cost employer-sponsored health coverage beginning in 2022. The excise tax limit is assumed to increase by 2.0% each year after 2019.

During the year ended June 30, 2019 the state of Vermont contributed \$8,154,337 on behalf of Lamoille North Modified Unified Union School District.

NOTE 15 NON-CASH TRANSACTIONS

The Lamoille North Modified Unified Union School District received Federal Commodities for use in food service in the amount of \$47,899 for the cost of shipping. The value of the commodities received is not included in the food service budget and is not part of food service revenue or expenditures.

NOTES TO BASIC FINANCIAL STATEMENTS  
June 30, 2020

NOTE 16      ASSESSMENTS

Supervisory Union Assessment - The District pays for its proportionate share of expense relating to the Lamoille North Supervisory Union. The District paid \$3,170,755 of such expenses during the year ended June 30, 2020.

NOTE 17      COLLECTIVE BARGAINING AGREEMENT

The District has entered into three collective bargaining agreements with the Lamoille North Modified Unified Union School District Association. The support staff, the para-educator and the teacher collective bargaining agreements all expire on June 30, 2019. Both of the agreements were extended until June 30, 2020.

NOTE 18      CONTINGENCY

The School District receives significant financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the School District's Independent Auditors and other governmental auditors. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable fund. Based on prior experience, the School District Administration believes such disallowance, if any, would be immaterial.

NOTE 19      RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and injuries to employees. The District maintains commercial insurance coverage covering each of those risks of loss. Management believes such coverage is sufficient to preclude any significant uninsured losses to the District. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

In addition, Lamoille North Modified Unified Union School District is a member of the Vermont School Boards' Association Insurance Trust, Inc. (VSBIT) Medical Benefits Program and Unemployment Compensation Program. VSBIT is a nonprofit corporation formed in 1978 to provide insurance and risk management programs for Vermont school districts and is owned by the participating districts.

To provide health insurance coverage, VSBIT has established a self-funded fully insured program in conjunction with Blue Cross and Blue Shield (BCBS). A portion of member contributions is used to purchase reinsurance and to fund a reserve required by the reinsurance. Contributions in excess of claims requirements, reserve fund requirements, reinsurance and administrative costs are returned to participants.

NOTES TO BASIC FINANCIAL STATEMENTS  
June 30, 2020

NOTE 19      RISK MANAGEMENT (continued)

To provide unemployment coverage, VSBIT has established a separate trust of funds from member contributions to pay administrative costs, unemployment claims, and to provide excess reinsurance protection. Contributions are based on payroll expense and the previous two-year unemployment compensation experience. In the event that total contributions assessed to and made by all members results in an actual or projected financial deficit and VSBIT is unable to meet its required obligations, the program will be terminated with each member assessed their proportioned share of the deficit.

NOTE 20      NET POSITION HELD IN TRUST

The district sold two old school house buildings after they closed. The proceeds from the sale of the assets are held in trusts in the fiduciary fund as they are non-expendable. The District is allowed to spend interest earned on this original investment. The total assets held in trust at year end June 30, 2020 is \$22,658.

The School District generally maintains one cash account in the General Fund to pay expenditures and receive payments for efficiency. All interfund balances resulted from time lag between the dates that (1) reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) repayments between funds are made.

NOTE 25 SUBSEQUENT EVENTS

On July 1, 2020, the District obtained a tax anticipation note with Union Bank in the amount of \$5,524,600. The note is due June 30, 2021 with 1.75% interest.

In accordance with professional accounting standards, the School District has evaluated subsequent events through December 3, 2020 which is the date the financial statement was available to be issued. As a result of the spread of the COVID-19 Coronavirus, economic uncertainties have arisen which are likely to negatively impact net income. Other financial impact could occur though such potential impact and the duration cannot be reasonably estimated at this time. In March 2020, the Governor of Vermont declared a state of emergency and issued an order to close all nonessential businesses. The closure lasted for months and has still not completely resumed. Some businesses continue to be impacted due to restrictions in operations and the requirement for at least partial student remote learning.

Due to the uncertainty of the effect of the virus and whether there could be a resurgence, possible effects may include, but are not limited to, disruption to the Lamoille North Modified Unified Union School District's cash flow and receivable collections, absenteeism in the Lamoille North Modified Unified Union School District's labor workforce, unavailability of products and supplies used in operations, and decline in value of assets held by the Lamoille North Modified Unified Union School District's including property and equipment.

Lamoille North Modified Unified Union School District  
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS  
For the Year Ended June 30, 2019

NOTE A BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards includes the federal award activity of Lamoille North Modified Unified Union School District under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Lamoille North Supervisory Union.

NOTE B SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

The District has not elected to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

INDEPENDENT AUDITOR'S REPORT ON  
INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN  
AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the School Board  
Hyde Park, Vermont

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of Lamoille North Modified Unified Union School District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Lamoille North Modified Unified Union School District's basic financial statements, and have issued our report thereon dated December 3, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Lamoille North Modified Unified Union School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Lamoille North Modified Unified Union School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Lamoille North Modified Unified Union School District's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Lamoille North Modified Unified Union School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE  
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the School Board  
Hyde Park, Vermont

**Report on Compliance for Each Major Federal Program**

We have audited the Lamoille North Modified Unified Union School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Lamoille North Modified Unified Union School District's major federal programs for the year ended June 30, 2020. Lamoille North Modified Unified Union School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

**Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

**Auditor's Responsibility**

Our responsibility is to express an opinion on compliance for each of the Lamoille North Modified Unified Union School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Lamoille North Modified Unified Union School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Lamoille North Modified Unified Union School District's compliance.

### Opinion on Each Major Federal Program

In our opinion, the Lamoille North Modified Unified Union School District, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

### Report on Internal Control over Compliance

Management of the Lamoille North Modified Unified Union School District, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Lamoille North Modified Unified Union School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Lamoille North Modified Unified Union School District's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
