

MES Library Birthday Book Program

Would you like to donate a book in your child's honor with a special book donation for the Moore Elementary Media Center? Participate in the library's Birthday Book Program! With a \$10.00, \$15.00 or \$20.00 donation your child may choose a book from a preselected group of new books during his/her birthday week. Their name will be put on a special name plate in the front of the book and will be announced during our morning news broadcast. They will also be the first student to check out the book. Their special book will remain in the MES library collection for years to come. Please complete the information below and on the attached bookplate information sheet. Information about the book will be sent home after a selection has been made. Thank you for your contribution to the library collection.
