Re: Pre-Enrollment

Parents/Guardians,

As we begin preparing for the 2021-2022 school year, it is that time to complete pre-enrollment and make any updates for your student's enrollment. On March 29th, Putnam City School District will begin sending out an email and letters in the mail to all parents regarding pre-enrollment. This email/notification will provide you with instructions and a code, called a Snap-Code, to log into our PowerSchool system so that you have the ability to confirm or modify your student's records with Putnam City Schools. If you do not receive either an email or a letter in the mail containing your student's code for pre-enrollment, please contact your student's school for additional information needed.

We appreciate your assists with updating your student's records and pre-enrollment.

Thank you
Joe Ellis
